PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered
spontaneously and continuously
as witnessed by all those present
at the time.**

JULY 31, 1992 AT 1:07 P.M.

SAINT VINCENT DE PAUL

“I am Saint Vincent de Paul. Many areas of education are being delved into by many people. Mankind is aware that education for the mind is imperative in the time in which you live. Many areas of education have some practical use for them. On the other end of this spectrum, much education is totally wrong because it is emphasizing immorality.

As I look at so many in the world who are practicing, in so many ways, to get degrees they will never use, I would like to get them to understand a degree in any subject is not necessary to become a Saint. This is the Most Important Factor in life that man should look at, look to, and learn more about.

The Father has allowed Many Saints to pass through This Beloved Miracle, instructing, directing, encouraging men of all races, all colors, all creeds, to understand the Importance of learning about the Soul, the Importance of The Father’s

Rules that were given a long time ago. Many people who can brag about having several degrees in learning could not talk logically on the benefits of the Most Important Part, Portion of mankind, the Soul. They say: 'There's a right and a wrong. There are some things more important than other things,' but in reality, they are more inclined to be concerned about how much knowledge they have gathered, and the importance of a degree, or degrees, attached to this knowledge.

Little ones are taught the ABC's. Little ones are taught in how to read. But all the subjects they are shown to be read are not really best for them. Many of them are bad because, in man's thinking, he chooses material that he feels is instructive and does not see the importance of the content.

In many areas, there is much competition from older people regarding the mentality that their children express. Education is very important, but the emphasis must be redirected because it is now, not on the true values of life, but on any subject that will make an individual look exceptional.

I look into many lives as I stand Here in the Heavens, and some people have so much zeal to conquer a subject, to become superior in the knowledge of the subject, but they forget to look at the content of the subject, they are sidetracked by just the appeal. Many Souls are lost because of the indifference man has to what he spends much time learning. The world, in so many areas of learning, is detrimental to the Salvation of Souls.

I have come on this day in the hopes that someone will read My Words that The Father allows Me to give, and someone, or hopefully several, will see the Value to These Words, and the importance in how they should change their ability, and be aware of all there is available to be read, and all that is available that should not be read. So be it.”

JULY 31, 1992 AT 2:45 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. I have spoken many times, but I have not announced Myself as many times as I have spoken. The times I spoke through This Miracle were called ‘Teachings’.

Much Instruction was passed through This Miracle to people of all walks of life, all manners of living, all degrees of intelligence, and definitely, all degrees of Faith in The Father’s Will.

In the Volumes of Instruction, of Direction, teaching mankind the Purpose of life and the Love The Father has for human life, will undoubtedly one day be seen for the Greatness It is, rather than man’s wondering about this Precious Gift, the Soul.

Man starts the day. There is a routine for most. Many times, when the routine is broken or there is a distraction, some men, women and children become irritable, and they show their irritability in their personality, in their actions, and in

their different approach to other things that occur during the day.

The Grandeur of this Beautiful Miracle is one alone, for even though there are so many Words speaking of the same Subject, it is the Subject that is the purpose for mankind to better understand why man was created in the first place.

Mankind is attracted to beauty of all kinds: material beauty, the beauty in another human being that radiates because of the clean Spirit, the sound values, the sound standards. Some people only connect grandeur with a degree of expensive surroundings, expensive articles, items. The word is not used much, it is used almost in isolated cases.

But let us, you and I, look at the Beauty of a Soul. It is a Light beyond what man knows light to be, because it is a Portion of The Father. Its Purpose is to be returned to The Father at the end of the physical life, glowing with all the Beauty that a human being could allow to be. The Grandeur of this moment is one alone.

So many times, when I think of the sadness of the Crucifixion, I

also think that the Purpose for this Crucifixion had Special Meaning, a Special Teaching for all who were to come after. True, there was great sadness, but sometimes you can associate this sadness with the condition of your Soul, because if your Soul is a victim of impurities, a victim of some disgraceful happening, when it is over and the Soul is seen, the radiation of Light and Love from the Soul, after the sadness passes, is a brilliant Light, blinding to human beings.

The Father's Will is Special, The Father's Love, beyond what man can understand love to be. But if all of mankind would begin to understand the responsibility of returning the Soul to The Father, bearing that personal name of the individual, the Grandeur that awaits is beyond any man's dream.

So much emphasis has been placed upon the Soul at this time in your life. It is the Most Important Part of every human being. As you enjoy the beautiful things in human living, always remember within you, you carry, you are never without It, a Portion of The Father. You must take care of This

in a special way: awareness first, and then self-control and self-discipline, purity of mind and body; and do not forget to pray for help in every area of life, for every prayer is heard, every prayer is answered, and every prayer is strengthening to your conscience, to your will, to your example and to your Soul. So be it.”

JULY 31, 1992 AT 3:35 P.M.

SAINT LAWRENCE

“I am Saint Lawrence. I begin My Message to you in *The Sign of The Cross*. I begin My Words with the Importance of Christianity, Its Purpose in the lives of mankind. At one time, Christianity was addressed by people throughout the world as having special meaning to It, special instruction in It, expressing what The Father wanted man to see and to understand, as man faced each day with the Goal of life in mind, through the duties of the day, the actions of the day, the example of the day.

Christianity has a Specific Gift of Divine Love within It, because Christianity was meant to be taught to follow a pattern of living that mankind would value for the protection of the Soul.

Throughout the world there are many denominations of religious beliefs, not all according to The Father’s Will. Some, though not intended to be, are demonic in structure, practice, involvement and demonstration.

Some forms of religious activities are strictly humanistic in their point of view, restricting their beliefs to totally humanistic practices, avoiding any other entity such as the True Existence of God.

There are some degrees of religious worship that can be termed 'paganistic', for in this practice of demonstrations and mental determinations, there is no value put on The True God. Volumes of books could be written on the misinterpretation available regarding a broad terminology for mankind's belief in what a Higher Being is all about.

You truly live in a time of great heresy, many heresies; in fact, you are surrounded by heretical beliefs by many who openly practice, just for show, a religion that is acceptable by others. There is a dominating force throughout the world based on what man calls a 'structured belief'. It is called, 'Freedom of Religion'. So much of this is false in its practice.

It would be much more enjoyable to speak glowing words, expressing the beauty of sound Faith in God,

being able to say that throughout the world mankind holds God in the Place of Honor that he should, that mankind is so devoted to the Salvation of Souls that mankind resists all outside distractions. What a beautiful world man could live in if he would but understand the value to a sound code of ethics, sound code of Spiritual values, a sound code of Spiritual standards, and a sincere love in a form of thanksgiving for being created as man.

There are so many false idols, false ideals, false interpretations, false practices, and these are not hidden from the intellect of mankind, but man resists the value of truths and falls into the trap of the demons who travel throughout the world. Some say, 'Man is weak.' I do not accept that reasoning. Man has intelligence. Man has conscience. Man has duty. Why does man try to escape what he instinctively knows is logical? So be it."

AUGUST 2, 1992 AT 12:25 P.M.

SAINT ATHANASIUS

“As We have kept you together for a long time, We intend to continue this family affair, for do not forget, it is We Here that hold together many children in the world, especially those We know will do The Father’s Will. I am Saint Athanasius.”

SAINT ALPHONSUS LIGUORI

“We live in a timeless area called ‘Heaven’. We All wait for The Father to give Us permission to speak through this Special Miracle in the world. There is so much being revealed through this *small woman*, and in a short time, thousands, even millions will be influenced in a greater degree, in how to achieve Sainthood.

Though the number present during Our Messages is many times small in number, We want you to know that you are the catalyst to inform the whole world.

The Lessons yet to be revealed will be monumental in meaning to mankind, for the benefit of all Souls.

The Soul is not forgotten, just ignored. It is The Father's Will that the Soul become the topic of discussion, of interest and of Goal, for all races, creeds and types of human beings throughout the world. I am Saint Alphonsus Liguori."

AUGUST 2, 1992 AT 12:57 P.M.

SAINT MARY MAGDALENE

“I am Saint Mary Magdalene. So much negativism has been written about Me. So many people immediately think of adultery where I was concerned, yet today in your world, man ignores the word because the act in many forms is so commonplace.

When I was Blessed with forgiveness from that Special One, I immediately accepted the way of life that was right, that I knew was purity.

So much in your time must change, because of the Importance of the Soul.”

AUGUST 2, 1992 AT 1:14 P.M.

**SAINT JOSEPH, THE THIRD PERSON
OF THE HOLY TRINITY**

“I extend much Love to the world through one who is called *‘an instrument of The Father’*. This Miracle that bears My Name teaches the importance of purity in man’s sound moral values and sound moral standards.

Mankind does not hear much about the Important Soul that is in each human being. That is why This Miracle bearing My Name is to spread throughout the world.

As I Am The Third Person of The Holy Trinity, it is My Desire and Will that all of mankind understand the Importance of their Soul. It is the Most Important Part of human life. As man lives with the ability to speak, walk, learn, and do many things, the Soul is a continuous Part of all that each human being is involved in. It is important that mankind fully understand that though life goes on, there should be no moment of human life that is not alert, conscious, and of

concern in all decisions regarding the purity of the Soul.

I bless you with The Father's Love and with My Love, because I Am The Spirit of The Father's Love, Light and Hope for all Souls to return to Him. So be it."

AUGUST 2, 1992 AT 1:55 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine. We are All with you today as We always are. It is more noticeable to you because of your preoccupation with a game you enjoy.¹

My Words are to be given to all who will read Them and hopefully see and practice the importance that is contained in Them.

Living in the human form in the world of mankind has many facets and assets to it. The most important, of course, is to use the human way to the fullest degree of helping your Soul perform in so many Acts of Love, Acts of Charity, Acts of Hope, helping your Soul and the Souls of others gain a High Place in Heaven.

It is true, there are Several Degrees of Heavenly Places, All having a Specific Degree of being with The Father.

¹ Game refers to a baseball game.

Use all you are, and all the spirituality you understand regarding that Precious Part of you, your Soul. Compare your Soul's Growth, your Soul's Future, being returned to God, expressing all purity in a State of Love and Being that will place It as close to The Father as is possible for any Soul to reach.

You are the custodian of this Soul, and all you do, all you are, will one day reflect in the Brightness of the Light of your Soul, a Goal all of mankind should strive for. History speaks of the Castles of Heaven; do not ignore These Words and pass Them off as mere theory."

AUGUST 2, 1992 AT 2:48 P.M.

SAINT JUDE

“I am Saint Jude. I have spoken many, many times through this Beautiful Gift of The Father, helping mankind understand the Importance of human life, its Purpose and its Goal.

Man strives for success, even when he feels it is an impossible thing to happen. I hear calls of help, calls pleading for quick assistance, and I do not ignore any such request. Sometimes a child will say, ‘I got it; Saint Jude answered my prayer.’ Yes, but in reality, the prayer was answered by The Father, allowing the request to be answered in My Name.

All Here in the Heavens have tasks to perform and Each of Us are aware of the needs of human life.

This *Miracle Of The Beloved Saint Joseph* is One of such Greatness that it would be difficult for the most learned theologians to fully understand why It would be handed through such a *delicate instrument*,

and the emphasis so solidly repeated regarding the Soul.

There are at this moment, millions of Souls being tortured by the impurities of the human being that is responsible for Their return to God.

Man says, ‘I do not want to eat that food, it is spoiled.’ This same man does not even think that his or her way of life is destroying the most Valuable Asset man has, the Soul. It is time for all of mankind to wake up to truths, and definitely their conscience, for through their conscience, the decisions of moral issues are indelibly marked on, and within the Soul. So be it.”

AUGUST 2, 1992 AT 3:18 P.M.

SAINT BARTHOLOMEW

“I am Saint Bartholomew. In Our day, we walked in hardship because of the manner of our lives. In listening to the Man with whom we walked, we learned so much about what our lives were all about.

It is sad that All we learned has not been handed down through time in the same amount or manner in which we received the Direction that was for the benefits and reason we were born.

At that time, we understood what was spoken and attributed it to our time, never realizing that the History of our lives would be remembered into your time. We want you to know and understand that your time, through the Written Words, will pass on to millions of people throughout the world, helping them better understand the responsibility of moral conscience, moral decisions and moral example.

Morality is being replaced in so many places, walks of life, and in all ages. Morality is the basis for Sainthood. I leave you at this time

with a Suggestion that is for the benefit of your Soul: ‘Remember God’s Commandments and remember the Importance of the Time of Our Lord upon the earth.’ So be it.”

AUGUST 3, 1992 AT 1:56 P.M.

GOD THE FATHER

“It is rare I give *this woman* notes regarding the Words I will speak at a given time.

Mankind is a complex Creation of Mine, capable only of understanding to a degree, the Magnitude of the Full Purpose, Reason and Goal for which I created man to be.

When I gave to the world a man thousands of years ago, at his birth I had chosen him for a particular task, for greatness to come from this work I had designed for him to lead. His Name was ‘Moses’; he looked like other men.

There were many very jealous of him because they felt within him there was something special, something they did not have. The jealousy that surrounded him was great, and one day as he was cast apart from those with whom he lived, though he wandered for a long time in what man would call ‘disgrace’, but in reality, it was further preparation for My Will to be done for

the sake of all mankind, for that time and all time to come.

History does not relate the whole story, but at this time in which you live, I am, in many ways, continuing what I had begun thousands of years ago. Time, to Me, is not like time is to man. I use time, but I use it in a manner when I feel and what I feel is needed at a particular time.

As I talked in what man terms a 'burning bush', I talk now through a 'burning zeal' for My Will to be done. I speak through one who has accepted obedience, responsibility, and the ability to respond when I speak, or One I choose to speak at a given time.

Much is being taught for the Salvation of Souls, much more to be given, for unless This is taught, a great disaster will happen because there is so much desecration directed at My Will, breaking The Rules I gave a long time ago.

The emphasis of a Soul, a Portion of Me, has been expressed in many ways lately, but I want the world of mankind to know there is another portion of man connected to This, 'the will'. Man uses the word loosely. The

actions of the will are based on the moral judgments of the conscience, which many times is eliminated as part of the important decision that the will must commit to.

You have been told about the immorality in your day. It has grown to the point where I can tolerate it no longer. It is total desecration to the Bond between Myself and man.

I show this *small woman* through whom I speak, a place wherein men are gathered, saying one thing, acting out another thing, and making excuses for everything that is sinful.

Excuses justify nothing. They only weaken a situation or a human being, because an excuse replaces what conscience is all about: moral judgment that is closely associated with the purpose for which I gave mankind a will, that 'line of decision' that is the final state of commitment, acceptance.

I hold her deeply, for there is so much work to be accomplished through her obedience to My Will. Remember this Important Statement: In obedience there is humility, many

times sacrifice, and most times an abundance of responsibility.

As I dictated the Laws for mankind, man has designed laws to keep order amongst mankind. It is too bad that all the laws man has decided should be, are not all based on the Laws I Decreed.

As I leave, I will leave slowly for the safety of *the child* through whom I speak. Do not forget, as I once used a physically powerful man to dictate to others My Will, My Rules, there was much traveling upon the land, many physical obstacles that had to be conquered and controlled.

I knew, when I chose this *little one*, My Delivery had to be in a different manner and a different way, but the Magnitude of This Great Miracle is as Great as that other time in History, and This, too, will long be remembered, for It has Great Purpose and My Will Steering It In The Direction I Declare It To Be. This *small woman* totally depends upon Me. So be it.”

AUGUST 3, 1992 AT 3:50 P.M.

OUR HEAVENLY MOTHER

“Children, at a young age, must begin to be taught the importance of what truth is, what a lie is, and the effect that each of these has on that Portion within their body, called ‘a Soul’.

They must be taught that God was so happy at their birth that He Himself placed His Love within them, hoping that one day, when the time came and they would see Him Face to face, they could return to Him What He gave them, and It would shine so bright that at that time they would see His Face.

Children of all ages must be taught the importance of what their conscience is all about. They must be taught that the conscience they use, in following what is right or following what is wrong, has an immediate effect on their Soul.

All of mankind must understand that to make a decision, they must weigh the soundness of the decision. They must weigh it in the way they will

fully understand the moral judgment that they will be accountable for when this decision is made.

Because The Commandments of God have been omitted in so many ways, in so many areas of life, the Importance of Them has been shut out, cast aside, and this has opened the door to the enemy of God and the enemy of man, encouraging immorality, making it more attractive, and encouraging mankind to see humanistic value over sound moral values and sound moral standards.

A child is taught right from wrong. Much depends upon the manner of teaching, and who is teaching the child.

There are many things that come into motion at this time: Is the one who is teaching, ethical, moral? What is the character of this person? What is the integrity of this person or persons? Is this teacher basing things on what is easier for him or her to live with? What soundness is in the conscience of the teaching? Has the child been corrected in the right way when something was displeasing to the teacher, or did the teacher respond

to correction being done because of a trivial annoyance, allowing no real instruction regarding the child's behavior.

Now let us look at those who are older and who are in need of good example rather than just instruction, those who are in great need of the right atmosphere of living, at home or in the workplace or in a social gathering. How much example would be pleasing to God in these places? Would those who are partaking in many of the social events in your time, be happy to see The Father walk in and see them in the place where they were?

These questions may seem quite different than you would think questions from Here should be, but as We look in all areas of the world, We see so much that is totally obscene and yet acceptable. We see abuse and there seems to be no one there to correct it. We see moral judgments that sound so justified, but are actually only the opinions of individuals who want their own way, and the results are totally immoral in the Eyes of God.

I am your Heavenly Mother. My Heart aches. There are times I feel

My Heart, if it were a heart in the physical form as yours, would break into many pieces, because there is so much devastation where men and women have the wrong idea or they omit it totally, regarding the purpose of the conscience that is so closely associated with the will.

I bless you, not with a broken heart but with a Sacred Heart, and I say, 'We would speak twenty-four hours in your day, because We are present twenty-four hours in your day.' I plead with you, 'Pass These Messages to all throughout the world that you can possibly reach.' The world is in great need of understanding all the characteristics that mankind has, all the things that mankind can use to choose through conscience and the will, morality, purity. So be it."

AUGUST 4, 1992 AT 1:08 P.M.

SAINT VIATOR

“My Name is not common but I have requested to speak, because it is a privilege to become Part of This Great Miracle that has given to the world the Importance of the Soul in every living human being born to the world; plus, It has spoken in such a beautiful manner, telling mankind the Truth about The Beloved Saint Joseph.

So many Messages have passed through this Gift of The Father, This Miracle, teaching mankind so many things that mankind was not aware of, that mankind in many ways did not relate to, discuss, or even anticipate.

Right now, if a vision were handed to you and others who believe in this Beautiful Miracle, a vision describing all the atrocities, all the obscenities, all the desecrations, you could not bear the sight.

So Many Here, that The Father has allowed to speak, come from different parts of the world that you are in. The language in the human way was different, the cultures were

different, but All had one thing in common, One God, One Heaven. Each had an individual Soul, and each had a will, each had a conscience, each had a nature, and the ability to choose whether something was moral or immoral.

There are millions throughout the world that must benefit from All that has been taught. The Lessons must circulate in large degrees and many hidden places.

Let Me take you now to the least place you would suspect the Words would touch a human being, a place where a horrible atrocity is taking place, an atrocity that could only be performed by an animalistic attitude, a totally insensitive mind, conscience, by a human being, by several human beings, that act out of demonic pleasure.

You could not stand the vision and yet We Here in the Heavens see it clearly, see it in such fullness, that if We stood in a human form our physical could not stand the viewing.

The Words that pass through this Miracle of Great Hope are not to be just written, but to saturate the whole

world, whether the people want Them or not. If They are not accepted, do not allow this to disturb you in any way. Continue to circulate These Messages, for Many will fall into areas, places that you would have no way of knowing they even exist.

Service to The Father's Will has a happiness in it that is not always explainable, but one day you will remember What I have spoken, and hopefully, you will see the results of your time spent, to pass on to others this Precious Gift of Divine Love, so much Instruction on the Soul. So be it."

AUGUST 4, 1992 AT 3:10 P.M.

SAINT SEBASTIAN

“I am Saint Sebastian. I speak today at the request of The Father. My Words must be handed to as many as possible, for My Words are to speak of an important situation that mankind is in many ways passing off as acceptable because of modern day thinking.

Men who have accepted a particular vow, this vow giving them the privilege of being the dispensers of the Precious Gifts of the Sacraments, the number of these men who are acting improperly, is without a doubt a grave occurrence in the world.

Many have taken their responsibility and cast it to the winds, allowing their responsibility to fall in feeble areas, wherein there is no strength connected to these Sacraments, there is no observance of these Sacraments, there is no dignity in the distribution or in the acceptance of these Sacraments; the diminishing of these Strengths, these Special Gifts that for so long gave hope in their very existence, gave purpose

to understanding the dignity to what these Sacraments gave to the human life of individuals.

Many of these men, the dispensers of these Sacraments, are allowing so little emphasis to be honored, because they themselves doubt, they themselves are weakened by the modernization that in many ways has destroyed the Faith of many who once believed in the Importance, in the Hope, in the Strength that these Sacraments entitled the individual to hold, to be a part of.

The men who have accepted the Priesthood are reluctant many times to defend the Priesthood, because they feel intimidated by the few who have the strength to perform indignantly, insincerely.

Man says, 'Why has God allowed it to go this far?' God has allowed man a free will. God has allowed man to have the Gift of Faith in Him. God has allowed mankind to see the value connected to the Sacraments, for in the participation of these Sacraments, there was a closeness with the Soul and The Father that was felt. It gave much happiness to the whole being;

it was a celebration, it was strength, confirming that the Sacraments were so beneficial.

How could so many allow so few to diminish this Precious Gift that not just drew men together, but stabilized Faith in God, gave stability to living?

I have so much more to say. I could speak hours regarding the Importance on the dignity that must be replaced in all the Sacraments. I have spoken before, not for a long time, but there is so much The Father Wills through This Great Miracle upon the earth, to be taught; not just taught, but to be understood. So be it.”

AUGUST 5, 1992

OUR HEAVENLY MOTHER

“There are so many Words that We have given to the world through this *small instrument* in the world. For man to think, ‘Why such a small instrument?’ We smile at this, for obedience was one of the most important factors. Responsibility of carrying through the obedience, following through, was a very important factor.

There are so Many of Us Here Who guide this small human being. We All enter to speak when We get permission from The Father. Many stand, almost in line, waiting for Him to give the Direction for Words to pass through her, and many times He will say, ‘We must be easy for the body is ready to collapse.’

I speak much through *this child*, through *this woman* in the world, for I am called ‘your Heavenly Mother’. I stand by constantly, I watch over all situations surrounding her, for there are many outside This Great Miracle who feel that they should be a part of what’s going on, but in reality, they

do not have the understanding of obedience that they would be handed, and they would pass through This Miracle and go out and say the wrong things, pass things on to others that would be their interpretation of What was spoken.

I hold her deeply, in a manner you cannot understand, but for many reasons We are aware of. The human body could not endure the Power that surges through her every moment of the day, unless the human body was not just taught, but made to be able to stand such Power every day.

Man says, 'There is so much power upon the earth.' I say to you now, 'Take all the oceans in the world, and ask yourself if you could stand in the midst of them and stand up to the power that they would force upon your body, in your mind.' The Power that We pass through *this child, this woman*, is a Different Type of Power, but It has Greater Strength than what I have just spoken to you.

It is important for all of mankind to understand the atrocities, the obscenities, the demoralization of the

human mind must end. Satan smiles each time a Soul is scarred by man.

As I stand Here, passing My Words through her Soul, through her intellect, through her voice, I use her will, for there are so many, many, who came to This Miracle a long time ago, and are standing on the outside of this circle, wondering if It is still going on; wondering: 'If It is, is It really True? The Father would not spend so much time handing to mankind the Path to Heaven.'

The Father uses a human being, like He did Moses, and like at one time He gave Three to the world, A Family; and now again, with the Same Message for mankind.

Beware of all that is evil. Be cautious when you walk into slime, for you cannot leave the slime in purity or cleanliness, for the slime will cling and your Soul will pay dearly.

Man does not see the demonic pleasures as slime. I promise you, My sons, that though you have been told there is fire in Hell, there is so much evil, so much to be afraid of, so much to want to never become a part of.

Mankind is made up of many things. The Purpose for mankind was special when The Father began it. The Beauty of being man is that each man has a Soul.

When there is a baby killed, a baby inside the womb, it is not the baby's conscience that does it; it is the will of the individual, or individuals, that take this life. The Father is saddened for there was a Purpose for this life, a Purpose for this will, and that was to become a Great Saint. But The Father, in His Love for this child, The Father's Soul, The Portion of Him that is within this child, He removes gently, and then He keeps this child not just in His Memory, but in a Special Place, for do not forget, every human being born to the world has a Special Place in The Father's Love, in The Father's Will.

Mankind does not understand the greatness of human life. Mankind complains about little things, but mankind should become more aware of that Important Portion inside, the Portion of God, for without This Portion man would not have Faith in God, man would be an animal.

Do not forget, that as you say your prayers, remember your Soul. And as you walk through each day, remember that everyone you meet has a Soul, and everything you do reflects in this person's mind, and they remember whether you were ugly or kind, whether you were good example or bad example, because whatever influence you had on their life will remain with them for all time.

Your Soul responds to all that is good. Your Soul responds to those who love God. Your Soul responds in a way you cannot understand, but all that your Soul feels is because The Father allows it, because The Father is a Portion in all human life. So be it."

"I release the body slowly for I have used a Great Degree of Power on this night, because the physical, in many ways, is close to physical collapse. When The Father uses a human life, the responsibilities take a great toll on all parts of the body.

And if you will but understand, that when you use your will, be aware that the Soul is the recipient of everything you say and do, your Soul is the recipient of all your thoughts.

Your Soul, that Precious Gift from God, is What holds you close to Him.

One day you will understand the Beauty of the Soul, and then you will stand in a Special Place, and you, too, will want all of mankind to not make mistakes, to not sin, so they, too, will enjoy the Beauty, the Light, the Glory that awaits with Him. So be it.”

AUGUST 6, 1992 AT 11:28 A.M.

OUR HEAVENLY MOTHER

“When man speaks of happiness, man refers to a happy time, something that was pleasing occurred. When We hear a child speak, asking for help or expressing love Our Way, Our Happiness is beyond what man could even understand happiness to be.

We speak so many times on all the wrong, the sinfulness that is occurring amongst mankind. This causes great unhappiness to Us, because of the Soul that is within each human being, that is affected by the sinfulness, the wrong, the desecration. The Soul pays dearly for all that a human being does that is offensive to The Father’s Will. If you will but compare how the little things in your life that give you happiness, give joy to a moment or a time, and then think of what one small action of yours, expressing pure love, sound judgment, does to your Soul that is a Portion of The Divine.

Many men, women and children throughout the world will find it difficult to believe that God, in His

Love for mankind, placed a Portion of Himself in each human being. It will be difficult to believe, because they do not understand the Importance of why and how God created man. It is true, the Creation of man is a complex group of many different things. First of all, the body was designed in a form and a manner that demanded personal cleanliness. The intellect was designed to be able to absorb, not just what the eyes see, but the ability to expand in knowledge to many degrees, on many subjects, and definitely to comprehend difficult terminology.

The mind of mankind, the brain, is such an efficient machine, and it is this portion of man that begins to absorb what it hears at the moment of conception. Man's mental powers are delicately designed, and yet a strong part of man's whole life. Man is able to understand what he calls 'all the natural things': the need for food, the need for liquid, the need to communicate, the need for the necessity of personal things. Man has not yet touched on the full magnitude of this portion of life as man.

As I speak, I reach you through Another Portion connected to the

intellect, to the brain, a Living Part of The Father. This Portion has more meaning to It than man understands or has tried to understand. Because man cannot see It, man many times ignores It, or speaks of It in a light manner, not truly wanting to fully understand. It is the Portion of man that will remain after the physical, after the brain no longer exists.

When I say man is a complex being, there is much to this Statement of Fact. Man understands the ability to talk and there is a sadness when one cannot speak in sounds that are understandable. There is sadness to blindness of the eye, but many times the Soul, Who sees all things, Who understands all things, is not felt with any regard or attention. Let Me put it this way: The Soul that has been given to mankind can be put in a Form that through the Soul, man has sight; through the Soul, man has the ability to speak; through the Soul, man has emotion and motion; through the Soul, man is connected to The Father physically; through the Soul, man is closely connected to all other human beings. What one human being does, the Soul, or the Souls of other human

beings react to, respond to, and are affected by, or joy is felt.

I am your Heavenly Mother. There is so much man does not understand, and many men will refuse to believe, because of the responsibility. You live in a time that so much is being taught, like it was in the time of Moses. These thousands of years later, man was never alone. There was much Direction, much Help through the Faith mankind had in a Higher Being, but This Miracle has been handed to the world because of the acceptance of so much desecration that is being done openly and much behind hidden doors, to The Father's Place in the world, and in the lives of every human being.

No man in the world, no matter what position he or she has, can be counted out of the realm of What has just been spoken, for being human puts all of mankind in This Message that was just revealed.

You say to others, 'I love you.' You say it because you feel it. Sometimes you say it because it gives strength to the other one. Love can be a possessive thing, a feeling of obsession

deeply ingrained in a character of an individual, sometimes just because of their own insecurity and/or weakness. The Father's Love is a Love of Giving. It is a Pure Love. It is a Love so Deep that through the will of mankind, He gave the freedom of decision. So many times, when man hears that someone or some people are being restricted by others, are being robbed of their free will, there is a feeling of being indignant about it, there is a feeling of anger.

As I leave you at this particular time, you can be assured that the freedom of your will, what you do with it, will determine what Degree of God's Place you will enjoy for All Eternity. So be it."

AUGUST 6, 1992 AT 1:35 P.M.

SAINT ALPHONSUS LIGUORI

“Many men in the Roman Catholic Church will find it difficult to understand or accept This Miracle that has been given to the world through one who walks a different path than they walk, and one who is a woman.

It is difficult for them to understand because they have learned about the procedures, the methods, the systems that they are part of and involved in.

Some, not many, will be happy to see so much Information put in so many ways, describing Roman Catholicity. Those who came before This Great Miracle, who had Special Intercession from The Father, were criticized, some even put to death, because very often those in charge do not want any interference, any change to what they classified as ‘standard’, as already having been accepted, received.

Man does not like change. Man does not like this type of challenge, because in this challenge, in this change, there is too much that is

looked into, understood, accepted, and then put in a form to teach.

Granted, many of the Messages that have passed through This Miracle have sounded repetitive, but this is how mankind can better understand what is being taught, what is being given as Fact.

When man deals in mathematics, he deals in figures. He says the figures cannot lie because the figures add up, or the calculations are understandable to their mind, to their eye.

We oftentimes are present when someone who feels superior, intellectual, glances through the Words passed on through *this woman* in the world. The remarks are sometimes like this: 'It's so simple; It is in many ways a pious Thought, a pious Statement'; so they pass It off.

Many have passed before *this woman* and have felt the delicate nature, so they have smiled and did not give confrontation.

We smile and We say, 'Is it her delicate nature, or is it that they inwardly feel confrontation could reveal that there is Great Truth and

**a True Existence of Our Presence
through her, and in the Words that
have been Spoken and Written?’**

I am Saint Alphonsus.”

AUGUST 6, 1992 AT 3:02 P.M.

SAINT BERNADETTE

“There are many stories written for children, the subject being that of a character, representing a doll or some imaginative figure that children are supposed to find interesting. Sometimes there have been stories written about prayer, and a few about The Saints in Heaven. It is time the children begin to be taught about the right and the wrong of their action, the importance of truth and untruth, and the responsibilities they have in making correct decisions.

A very small child, one you would term in the baby stage, enjoys stories, especially when there are pictures attached. There are millions of dollars being made by people who have imagination, that in the displays of the imagination, it is attractive to a child in many ways. Also, a child remembers what the story is all about, and many times the child, or children, ask for this story to be repeated.

In the time in which you live, there is much emphasis on advanced

education for the young, hoping to develop, not just interest, but knowledge in languages, in science, in mathematics, in drama, in reading. The emphasis is sometimes so harsh, because the adult wants the individual child to be so advanced, many times beyond their years.

I am Saint Bernadette. Children are confused because they see so much fantasy and so much in technical language, so they do not fully understand that there is so much about God to be learned. They hear some, but many parents and many in the family do not want to pressure a child, or children, in the field, in the learning of the Importance of their Spiritual knowledge, growth. They are told some, but not enough to give them the strength to lean upon when they are with others like themselves, when a decision of right or wrong must be made on the spot.

Mankind oftentimes teaches a small amount because of the age of the child, and yet they will see this very same child, man refers to 'acting like a sponge' when different subjects are brought up, discussed, delved into. I sincerely hope that more will be given

to the little ones, for they are going to be faced with a world full of sin, and if they do not learn to understand the benefits of the right decision, they will agree with what the majority feels in given situations. There are so many excuses regarding what a small child can handle, what a child is limited in.

The educational system in all the countries throughout the world differ, but this is in subjects that are not connected to moral judgment, and the realistic understanding that God Truly Exists and that they are responsible for their behavior, that they must understand that The Father, in His Love for mankind, gave Rules for all of mankind to live by and to understand.

Many times the games they play are not structured to instill in them right or wrong. They are structured for them to win.

I come on this day. It is The Father's request. Children must be taught that prayer is not just to be said while in bed. Teach them to say: *'Good morning, God. I love You. Help me through the day.'* Teach them to silently ask His Help. They do not

need to say what they feel inside, out loud.

If they are taught about the Soul, they will understand that what they think is immediately heard by the Soul, and the Soul, being a Part of God, they are speaking to God in a special way. A simple Lesson, true, but one that, if it is followed through, will give strength when a child is in a place or with people who are leading them only to moral disgrace. A child is vulnerable, so are adults. But what a treasure it can be to give a child a Lesson of this Personal Closeness to The Holy Trinity. So be it.”

AUGUST 6, 1992 AT 3:55 P.M.

THE SACRED HEART

“This version of Me is special to Me. It alerts mankind to My Sacred Heart. Man’s heart beats every day, every night. It is the channel of life, of living in the human way. My Heart too beats, but in a different way. My Heart beats because of My Love for mankind, for you see, I created mankind to the Image and Likeness of Me.

The world man lives in is a place wherein man works for what man calls ‘a living’. This is necessity, but it is I Who keeps the heart of mankind beating. Man depends upon other men for many things. Man depends upon Faith in Me; not all men, but many men.

When man looks at a picture of Me and this picture has a Title, ‘The Sacred Heart’, this is special to Me, for man then relates a love, a connection, something in common with Me. Many times when there is sorrow in the world, mankind says, ‘My heart aches.’ What is truly meant by this is that there is a close association with the

life that beats through the heart, so it is a saying that is understandable to Me.

I want you to try and imagine, when I look at all the heresies throughout the world, the pornography, the obscenities, and how many children of all ages are being drawn into such degrading immorality, My Heart aches, because I cannot bear to see children who, within their being, carry a Portion of Me, taking part in so much demonic, not just pleasure, but arrogant actions against Me. Mankind does not understand, and that is why This Great Miracle has been given to the world, because of the Importance of every human being that must return to The Father, return to Me, the Soul that is closely connected to My Sacred Heart.

Man says, 'I am frightened,' and his heart beats quickly. As I see what is occurring in the world, I want you to know that as My Heart sheds tears, they are tears of blood, tears of sadness. Any man who says This Miracle is merely a pious idea, that the Words are based on sheer pious theory, I command him to stand before Me, because you see, there is so much

evidence of My Personal Intercession in All that is spoken, All that is given, for mankind to understand the Purpose of human life, and the necessity for the Soul, that Portion of Me, to be returned to Me after living in the world for a period of time, for do not forget the Soul bears the name of the one in whom I placed It at the moment of conception. So be it.”

AUGUST 6, 1992 AT 4:47 P.M.

SAINT BENEDICT

“I am Saint Benedict. There are so many areas within the clergy that must be introduced to This Great Miracle. There are many good clergymen subjected to authority that is not sound in direction. In trying to update, modernize Holy Mother Church, they are destroying its stability, its strength, and in many ways, causing so much distraction to the members of this Organization, that those who base their Faith on this particular form of religious belief are becoming weakened in spirituality, Spiritual regime.

It is sadness to see, because so many who had great strength in devotions, in observance of specific dutiful participation, find themselves puzzled, and indifferent to what used to be important to their Spiritual practices. Many of Us, Here in the Heavens, watch closed meetings, listen to what is spoken, and feel that even if The Father allowed Us to intercept, to openly intercede, We would be ignored because of the lack of sound spirituality

that exists amongst so many of these men who began their vocation with sincerity, love, and desiring to follow a Beautiful, Spiritual teaching practice to thousands of people.

It is time that the members of this Organization speak out, speak up, and question why the modernization was so necessary, why the great changes had to be made, emphasizing a laxness in honoring the Most Important Part of the basic structure of the foundation of Holy Mother Church.

Some men will say, in reading This, 'If This Message is of Great Truth, why would It not be handed to one of us?' I, Saint Benedict say, 'Because The Father decreed It would be handed through *this woman* in the world.' The responsibility is monumental, and He knew she would say the Words as We pass Them through her, to not just be spoken, but to be written.

Children of all ages are being misled. Children of all ages are not seeing the value to The Commandments of God. Children of all ages are being allowed to practice sacrilegious acts. Children of all ages are being taught humanism, ignoring the basic

foundation that The Son of God gave His Life for This Special Part in the Mass. Oh, there will be many different opinions on this subject, and many will say that Heaven would not speak like that. If changes do not come soon, many Souls will suffer because of the humanistic values that are taking the place of the importance of sound moral truths that are not available.

I, Saint Benedict, speak through *this woman*, and I hold her in place, for the Power that flows through her from Us is One beyond human understanding. The Father, in His Love for all mankind, says to tell you that when Moses walked the earth, the tasks were so monumental that a great toll was taken on the physical; and then He adds: 'Remember The Son of Mine, what He allowed to be was not happiness to Him, it was for the benefit of mankind.' And now in the world, He uses *a small instrument*, and He is totally aware of the suffering that occurs when He commands her attention, visibly, physically, to Divine Will. So be it."

AUGUST 7, 1992 AT 11:37 A.M.

SAINT MICHAEL THE ARCHANGEL

“I am Saint Michael. I was given the privilege to speak in the beginning of this Magnificent Gift to mankind, called *‘The Miracle Of Saint Joseph’*. I was One of the First instructed to prepare her for the reception of millions of Words that were to pass through her for the benefit of mankind.

The world has been blessed abundantly by the Messages, formal and informal, that have been spoken, many written, so that mankind would understand the privilege of human life and all the things that are involved in human living, plus the Great Purpose for which man was created and the Ultimate Goal for the Soul that was instilled at the moment of conception.

Mankind has been taught the Generosity of The Father in the placement of a Soul, a Portion of Himself, in the beginning of human life of every child conceived. We have spoken about the Goal of this Soul being Sainthood.

No human being truly understands the Magnitude of this Goal, this Ultimate Gift of The Father. Mankind must be alerted to All the Words that are being bound, not just for their attention, but for their understanding, and for their realization of what human life is all about and what human life's Purpose is, and that is to spend Eternity Here in the Heavens, by returning the Soul to The Father, bearing the name of the individual who walked with It through the human life.

Many men and women practice the vocation of instructing others in various subjects. Many of these men and women are not perfect examples of moral values, moral standards, and many do not have moral ethics, so those who are the students of these individuals must receive information regarding the necessity of spirituality in daily living, and must be taught that no matter how someone else lives, there are Specific Rules that must be adhered to in every occasion of life, in every decision of the will.

I leave you now, but I want My Words passed throughout the world and I want My Name attached to Them,

because it is important for mankind to understand that as an Angel Here in Heaven, I have much responsibility and I am forever alert to the needs of man. So be it.”

AUGUST 7, 1992 AT 12:30 P.M.

SAINT BENEDICT

“I am Saint Benedict. There are so many issues and areas wherein mankind lives, works and is socially involved that are not conducive to the Salvation of Souls. Many excuses are expressed regarding why it would be difficult to withdraw from areas that are not compatible to purity in any form.

Monetary value is many times an obsession with mankind. What man refuses to accept is that there is no such payment for the Salvation of a Soul. Mankind omits the morality that is necessary in the Final Judgment where his or her Soul will be involved, will be in Judgment.

Mankind places so much emphasis on wealth, where currency of the particular area in where he or she lives is what will purchase material things. When The Father handed to the world The Rules to live by, several in number, there was no price tag applied to These Rules. These Rules were handed with Great Love, and free

to each one who would accept Them. These Rules talked against sinfulness, lust, gluttony, envy, cheating, killing, omitting God from daily living, blaspheming The Father, and taking what was not rightly a belonging.

There were many other areas of These Rules. They were elaborated in many definitions. When I speak, the Importance of what I want mankind to understand is that to become a Saint has no monetary value attached to It. To become a Saint is the Goal The Father has promised to the Soul of each human being that He placed within the conception.

So many men, women try to dismiss this fact. They do not put any emphasis on it. To them, it is not something they think about; they only place the importance on the conception as they knew it to be.

For thousands of years, mankind selfishly tries to ignore what he feels is difficult to understand, so he or she looks at only what is obvious, what is practical to them. In reality, if the True Beauty of what occurred, I mean the fact that the Soul, a Portion of God, is within that conception, there

would be much more unity in thinking and much more drive to protect the child from anything impure.

As I leave, I want you to know that when I speak it is important to Me, for as I stand Here in the Heavens I am fully aware of the Soul that is within you, that pleads for Us to help you understand how the Soul wants to return from Where It began. So be it.”

AUGUST 7, 1992 AT 1:20 P.M.

SAINT IRENAEUS

“I am Saint Irenaeus. There is so much dissension amongst so many dedicated clergymen in so many parts of the world. The dissension arises from the modernization in theory, in practice, that is being forced upon them by some in charge and others who are determined to update the practice of spirituality. This dissension is moving rapidly throughout this vocation that is so precious to the spirituality of millions of people. Plus the dissension, there are so many who are falling away from the sound values and sound standards that give strength, give stability to such an important vocation of life, for the lives of millions of people.

So Many of Us Here have spoken, talking about the Soul, the Importance of the Soul. This is necessary for Us to do, because the Soul is a Portion of The Father, and this important issue cannot be denied, cannot be excused, nor can it be allowed to be passed off as unimportant.

Man's will is the final decision, derived from so many characteristics that man has. Man's ability to be able to determine what is right physically, morally, has a tremendous effect on the decision that man makes on any given subject, in any given area of life.

Right now, in so many men trying so many ways to belong to the area wherein the modernization is drawing thousands of people, most of these people are becoming like puppets, robots, to the conditioning that is being taught, instilled, and practiced.

The children, younger in age than those who are taking My Words in script, will pay a terrible price because they will not be rendered a true picture, a sound description of the Importance of The Blessed Sacrament, The Sacred Part that gives so much Spiritual benefit, so much physical strength to the way of life.

There is so much more I could speak on, but before I close this time with you I want you to understand, this Miracle of Light has been a Precious Gift to mankind, for nowhere in the world is man receiving such Firsthand Information, Firsthand Instruction

on the Beauty and the Purpose of the Soul. So be it.”

AUGUST 7, 1992 AT 3:34 P.M.

SAINT ALPHONSUS LIGUORI

“When a child is disobedient, the parent or one in charge instinctively becomes annoyed, even irritable. Disobedience is difficult to handle because it can affect so much. It can disturb lives, family situations, and in many ways, be destructive in workplaces. Disobedience is tolerated many times because the individual or individuals are considered incorrigible, defiant, and lack conscience.

There is so little understanding in your time, of sound moral values and sound moral standards, and in many places of business there is much laxness regarding moral ethics. Throughout the world there is much justification of immorality, impurity, weaknesses of the mind, of the flesh. There is much insincerity, much patronization and much indifference to what is offensive to another human being.

Children are not being taught that obedience has a strength in it, a dignity in it, a humility in it,

and demonstrates self-control, self-discipline, self-assurance. There are so many areas of life that are destructive, because few in this, or these places, practice obedience to God's Rules first, and then to the disciplines that involve respect for other people or for others' property.

In so-called discussions there is so much justification of getting even, because of what one might feel was the unjust attack on their person or someone close to them, but there is little spoken on what instigated the attack, what motivated the incident, and how it could be resolved in a dignified manner.

Very often, listening to the debating over who was right, who was wrong, sound moral values and sound moral standards are rarely spoken of. Many times there is a great void in the discussion when someone suggests that it all would not have happened, there would not be so much displeasure, if obedience to The Rules were practiced.

Satan enjoys these things, these times, these destructive forces, and makes the most of them by encouraging

a lot of input that is disparaging to the sound logic for sound results. The time in which you live is truly a time worse than Sodom and Gomorrah. Satan is relentless in doing all that can be done to encourage those who are weak, to follow in his footsteps.

I am Saint Alphonsus Liguori.”

AUGUST 9, 1992 AT 1:05 P.M.

GOD THE FATHER

“I do not intend to stop giving to mankind My Direction through This Miracle I have designed to be beneficial to all races, all colors, all creeds.

Mankind, understandably so, sees the physical life of great importance, concern, and many times very worrisome. I did not design human beings to be as vegetables, as trees, as flowers, as water, as the earth, but mankind, in My Design, has within each human being a Portion of Me, and I am forever, in many ways, telling mankind the Importance of what it means to be human, to have responsibilities, to have understanding of What each human being truly has, for the Purpose of this life that is so Special to Me. I have said many times, ‘Each one has a Soul; the Soul is That Portion of Me.’

I am speaking through *a small woman* in the world to pass on My Messages as I Decree Them to be. I have not organized armies and handed

through them, individually, These Words, because I knew if I had done it this way there would be too many interpretations of What I would say.

I have created all things, difficult for man to understand. I have allowed certain sources of scientific knowledge to be absorbed by some, for the use of mankind. Some men and women have used what I have allowed to be, for things other than good.

I am speaking at this moment because This Miracle upon the earth is not One for mankind to depend upon Visions of Supernatural Beings. It is One like Others were. The time of Moses, I gave Directions to one man, to instruct, to direct, and to command obedience, responsibility. I gave the world Portions of Me at another time, All with purpose, All with a manner in which mankind could follow and see the Importance attached to what occurred, what I allowed to be.

It is true, I have used many through time, but This Miracle that is in the world now, is in the same category as was the time of Moses, and the time in which man responds to as The Nativity, The Holy Family.

I do not like to threaten mankind with destruction, but this time, in your time, has so many abominations, desecrations to My Way, to My Will, it is difficult for Me to hold back from the sound punishment man deserves. So many atrocities in the world are being practiced. They are degrees of power man uses over other men that are purely satanic by nature, and satanic in their action.

Through This Miracle I have come to bless the whole world. My Blessings are to give mankind My Love, My Reason for their creation. So be it.”

AUGUST 9, 1992 AT 7:50 P.M.

“As we walked on the land, thousands of us would wonder where we were headed and why we would be going in the direction we would be going. We would talk to each other in the language of our time, our culture, and even when we wanted to stay in a particular place or perhaps walked into another area, we were drawn to stay with the group.

This Message is One being revealed through One Who walked with Moses. Moses asked Me to say this before His Words come through.”

MOSES

“If I used My voice in the tone I talked at that time I would be heard at a great distance, for my voice was firm, my words commanding, and I was constantly aware of everything that those who were with me were thinking

about, planning to do, and interested in changing.

What you have heard through This Great Miracle that bears the Name of One Who also walked the earth in the human form, but the Revealing has been given that He was of a Different Way of Living. He, as The Third Person of The Blessed Trinity, accepted human responsibilities so that mankind would understand the necessity of the family plan.

God Himself put Himself in Three Areas of Human Life: as a Human Father, as a Human Mother, and as a Human Son; too much for mankind to fully understand, but then it is not necessary for mankind to fully understand the Magnitude of The Father's Plans, but to obey The Rules He gave, and then the Example He gave another way.

Many men and women, reading These Notes, These Words, would find it difficult to understand, but the important thing for man to do is to live life in the physical purely, so that one day when the time comes, the Soul will rise to Where God is and bear the name of the human one, the one who

walked the human path, the one who was tested by man, tested by the enemy of God and man.

It is important for all of mankind to see what human life truly contains, why it was created, and the Importance of All the Examples that were given in previous times.

I am constantly in touch with *this woman* who walks a very tiresome path, but All of Us Here know her will has been given to The Father, and because of this she will pass all of man's tests. So be it."

AUGUST 10, 1992 AT 1:20 P.M.

OUR HEAVENLY MOTHER

“When I walked the earth as the Mother of a Son, We walked as a Family; Joseph as the Father, Me as the Mother and Jesus as the Son.

Joseph’s work was like others in the places We were, for His position in the home was that, what one will call in your time, ‘the one who earned the money’ to take care of All of Us.

Our life appeared normal and it was the Little One Who, in reality was far from little, began to teach everyone who would listen, because what came through Him was profound and yet in many ways simple.

Those who listened saw the Value to what He spoke, in how He spoke, and there were no complaints when He spoke openly regarding the Purpose of life, and that there was a Higher Being that was in control of all that it was about.

Some highly intelligent men listened and never turned their head from Him, for they were absorbing

logic, soundness in how life came about. They knew in What He was speaking, was knowledge beyond His years, and on top of this, It was in a superior concept of what the average man talked about.

Mankind honors Me in many ways. I respond as a Mother, but I also respond as a Heavenly Mother.

There are many tasks that earthly parents have, and in the time in which you live, so many parents are ignoring their responsibility. Many, too, are encouraging their children to reach for exceptional goals in worldly manners, worldly ways, worldly matters. Not as many are instructing the children in moral values, moral standards, or The Commandments of The Father that should be the Ground Rules for living every day.

Mankind has many excuses, not all acceptable according to The Father's Will, because man has become so humanistic that paying homage in dignified, solemn spirituality is second to human value, human standards, human pleasures.

As I hold a very tired *child* of Mine, I speak through a weak

voice and yet an obedient voice. So much has been given to the world through This Great Miracle that has deliberately taught, in spite of some men and some women's rejection of the Subject Matter. Many objections and rejections were because of the necessity of changing one's lifestyle, one's character, one's ethics, one's daily morality.

The effort to be like others, no matter how it diminishes one's dignity, one's self-esteem, one's knowledge of the Soul, is sadness, for it in many ways allows satanic intervention, not always noticeable, but in small increasing portions of man's values, standards, intentions, character, conscience, will.

I will speak more later on this subject because I am holding *this child* through whom I speak to keep her from falling. So be it."

AUGUST 10, 1992 AT 3:40 P.M.

SAINT ALPHONSUS LIGUORI

“Remember every day of your life the Statement of Fact I am about to say: ‘You are the one, really the only one that is responsible for your becoming a Saint. The privilege, the responsibility and the opportunity is in your own desire, willingness, and way of living that guarantees you the Ultimate Purpose for which you were born.’ This Fact may be overwhelming but it is true.

Not everyone born in the human form can be guaranteed of a group of people fighting many difficult odds to prove your life was exceptional in spirituality, works of mercy, and total dedication to follow The Father’s Will in every facet of human life.

No one can read your thoughts, know the justice in your way of living, be fully aware of the constant communication you had with God in mind at all times, considering with sincerity the obligations of obedience to His Rules, and the full importance of what you feel or felt in regard

to strict moral values, strict moral standards, purity of mind, body and Soul, because there are and always will be distractions of others' lives intermingled with yours, and only God will know what was in your heart, mind, intentions, and will, regarding situations, conditions and actions. So be it.

I am Saint Alphonsus Liguori.”

AUGUST 10, 1992 AT 4:00 P.M.

OUR HEAVENLY MOTHER

“I am so involved in this Beautiful Miracle because of My Deep Love for all children of all ages. It brings so much happiness to Us when children of all ages, all walks of life, all cultures, all creeds, read Our Words and instinctively want to absorb Them and not turn away from the Reality They Are.

There is so much Hope, Security, Direction and Love that is expressed through This Miracle of Teaching, Instructing and Love, to help mankind gain the strength to cast out and cast aside all impurities of the mind and body for the benefit of one’s Soul.

Children of all ages must begin to understand the importance of each day of life, and the responsibilities it carries in its relationship to other people, to their school or work areas, and their time with prayer, whether the prayer is offering up all that this day includes, or acts of formal prayer.

Sometimes it is difficult for some to say formal prayers, but if this is

the case, remember that all thoughts, actions, good works and good example are, in their own way, acts of prayer, because in your desire to live a life of purity, conscious of good thoughts and good intentions, resulting in sound morals, can definitely be considered a form of prayer.

Living in the midst of a busy world with so much activity in one's daily life, can be a beautiful prayer of action. Prayers in this form are so beneficial to others, as well as one's own Soul.

I bless you with a Mother's Love and I repeat, 'Prayers of sound morals are prayers of action.' So be it."

AUGUST 10, 1992 AT 4:20 P.M.

“What is one of the most, or the most horrible things that abortion does to a Soul? As a Soul is immediately made a Great Part in the conception of a human being, there is more to this reasoning than mankind understands.

The life of the human being, that manner in which the human being responds morally to all that it is confronted with, becomes a part of, has a different effect on the Soul.

Abortion denies a Soul from becoming a Great Saint in Heaven because as a Soul exists in the daily life of a human being, through the moral code of ethics, through the moral standards of the human being, the Soul is granted a Higher Place of Honor, and that is why it is so important for little ones to be taught that everything they do, everything they say, they must remember the purity that is necessary for the benefit of their Soul.

Mankind says children are basically selfish. This need not be, for a child should be taught love for his

or her Soul. It can be taught in this manner: 'As you like to be welcomed where you go, as you like to be special in things you do, as you like to grow in many ways, so does your Soul, but you must remember, The Father, in His Love for you, has given you the responsibility to make your Soul a Great Saint to live with Him for All Eternity.

'Also, the Greater Saint your Soul becomes, the more service It will be to The Father's Will, and in this service, It will be able to help other children's Souls become Great Saints, because your example, your honesty, your love for God, your desire to please Him, will in many ways help someone else's Soul become a Great Saint.

'My, what a beautiful way for you to want to do only what will please God and please the Soul He placed within you the second He gave you life one day.' So be it."

AUGUST 10, 1992 AT 4:30 P.M.

SAINT THERESE OF LISIEUX

“Children must be taught the difference between right and wrong, good and bad, purity and evil, and it must be explained in terms they will understand, not be confused to act upon if and when such an occurrence arises for a decision to be made.

Children have an inner understanding of these things, but most of the time others take it for granted that when an incident occurs, it will be time enough to explain. Not so.

It is important to instill in the minds and actions of children the right way to do the physical things regarding their health, neatness, and in this learning process, it will coincide with their moral application to every part of living.

So many times one thing is emphasized so much, ignoring the fact that each part of living has within it a moral obligation, a moral act that is included in every area of daily life.

Chores, school, play, entertainment, social, all include the moral responsibilities, barring none. Remember, children are like little sponges, and they are happiest, fuller, and feel more a part of things when they know the full story, and do not have to wait for the next chapter.

Respect a child's willingness to understand, and always remember, what a child sees, hears, learns, understands, is instilled and never really forgotten; maybe it just looks like that."

AUGUST 10, 1992 AT 5:07 P.M.

OUR HEAVENLY MOTHER

“For the most part, man forgets that all things that exist had a beginning and all things were created for a purpose, perhaps all created in a different manner for a different reason, and all in a different content of material matter or Spiritual means.

Mankind goes through life rarely thinking that each day can be a beginning of something new, something important to begin and/or to expand upon, for the benefits that can be for the mind, body, the surroundings, or the Soul.

Man oftentimes gets enthused over seeing the beginning of something in their life or someone else's life. Beginnings give strength many times, give hope, assurance. Beginnings seem to give enthusiasm. I am your Heavenly Mother.

Every time we see a child renew a promise to lead a purer life, to strive for Sainthood, there is much happiness, and in Our Way We try to encourage the child of any age to not

falter, to see each day, each moment of every day as strength to keep the beginning alive, because We know there are so many distractions, so many disturbances that can interfere and cause the individual to become so absorbed in what has occurred that they forget that important thing they began. This is common for man.

Through This Miracle that has taught and taught and taught about the Importance of the Soul, repetitively in several ways, encouraging mankind to see the Value of the Soul, the Reason for the Soul, the Love The Father has for the Soul and the Goal that He has for the Soul, Sainthood, bearing the individual's name, man must realize that most beginnings begin with the thoughts, the intentions, the desires, the hopes, the dreams, to better one's self and to strive for Something Higher.

Today is a good time to start beginning to begin to save one's Soul, using every effort of mind and body, basing this beginning on not deviating one bit from the intended Goal. It can be done. It has been accomplished by others.

Do not think negatively; think positively: 'I will become a Saint. I will do all things to change what must be changed. I will do these things intentionally, no matter what criticism will come my way, for I cannot expect others to understand my Goal in life is to become a Saint, through being man.' So be it."

AUGUST 10, 1992 AT 6:40 P.M.

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi. Many men have talked about My life. True, there were not all areas of it wherein I left a great mark for mankind to follow.

Many times when I hear prayers, calling on Me, pleading with Me to respond with help, I understand the deep feeling in those prayers and I do, through The Father’s Will and with His Will, answer these prayers in the Manner He Decrees.

This time in which you live is a difficult time for many because of the converse and adverse moral conditions justifying so much impurities.

Mankind innately likes to feel balance in daily life. We also in Our time wanted this, but man does not always depend upon sound moral values, taking sound moral stands against adversities and immoralities. Man is prone to excuse which he or she feels justifies weaknesses, justifies doing what is acceptable, whether it is moral or not.

Many times when man complains, he or she is not fully understanding all the conditions that are connected to the occurrence, the situation, or the justice that should be considered.

Man is made of such a variety of avenues, leading to so many characteristics that are present in everyday living. My wish for all men, women and children is: they will see the value in looking at the purity of a decision to be made, then ask themselves, ‘What decision would God want me to make?’ So be it.”

AUGUST 11, 1992 AT 12:45 P.M.

OUR BLESSED MOTHER

“As there are several of you gathered, multiply yourselves by hundreds. That is the Number Who are gathered Here in Heaven, watching the work, the love, the sincerity, the drive, and the hope that is taking place in your midst for the benefit of Souls.

For some of mankind it would be difficult to understand Our Happiness, because of so much work being accomplished for a Portion of mankind that cannot be seen, cannot be physically felt, but registers within the human being in the form and in the manner of Faith.

Many Saints ask The Father for permission to speak through This Great Miracle that is destined to bring many Souls Here. Granted, some will read the Words and put Them aside, because at that moment, that time, their life was absorbed by other things, emotional conditions, personal problems, financial situations, or fear connected to just being alive.

Mankind is made up of so many areas of action, thinking, service, hopes, drives, internal misunderstandings and understandings, possessiveness, moral obligations, daily activities, responsibilities, hopes, dreams. Man is a complex creation of The Father.

As you work to accomplish what He Wills to be done through this personal association, through one like yourselves, many Blessings go forth, because you, too, could be one of the many who stand on the outside, wondering and wandering, not having the courage to accept the responsibilities you have accepted in service to The Father, with your time, your strength, your energy, your love, your Faith.

Some here wonder Who is speaking. I smile at this, for only a Mother could want the children to understand the Appreciation and the Love of the efforts that are going forth for all of mankind. So be it.”

AUGUST 11, 1992 AT 1:15 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I have had the privilege to speak through This Miracle several times. It is indeed a privilege to be a Part of helping those who are in a way of life that is the beginning of Great Sainthood. In the human element of living day by day, mankind has the ability and the time to use, to better understand why he or she was born as man.

This Miracle is giving to the world, not excluding anyone; that is, anyone who can be reached through the word of mouth and through the Written Word, Instructions on how to become a Saint.

In the human life, man looks for success, man looks for progress, man looks for importance to be gained by what he does or she does, and much importance is understood to be something that others see, desire, and sometimes envy.

It is most important for all races, all colors, all creeds to look at

Sainthood in the Beauty It is, and the Ultimate Goal, where there is nothing more to strive for, nothing more to work for, except to please The Father's Will. There is no envy in Heaven.

Man says, 'I need light.' Man finds it difficult to live without light. The Soul that is within each human being is Divine Light, and This is the Portion of man The Father wants returned to Him, because This Portion is of God, and It bears a Light beyond man's knowledge of light.

Hell has no light, Hell has no happiness. There is all envy, hate, jealousy, hurt, anger, and many more areas man is familiar with that are totally unpleasant, totally unhappy.

There is another thing in Hell that is devastating to the Soul, and that is the shame that is placed within the Soul when The Father takes the Soul, and has to deny that Soul the Fullness of All of Heaven, because the Soul bears the name of the one who acted so against The Father's Will.

The Soul does not go to Hell, but there is a portion of man that does. Upon the earth man seeks happiness, constantly seeking love, enjoyment,

and does not want harm in any form; in fact, when physical or mental harm is obvious, it affects man in many ways.

I, Saint Alphonsus Liguori say, ‘This Miracle is to instruct, to teach, to direct mankind’s thinking to follow purity of mind and body, example, for the benefit of one’s Soul.’ When This Revelation gets out amongst mankind, many learned men and women will try very hard to see the Value of It, see the Reasonability in It, and the Logic It contains.

I sincerely hope they will call on Me, and perhaps in some manner I will be able to explain It so they will understand It in the Sound Value It is, in the Reality It is, because you see, I want mankind to not fight This Miracle, but to see It for Its Great Worth, so all Souls will return to The Father as He Wills it to be. So be it.”

AUGUST 11, 1992 AT 1:40 P.M.

SAINT ANDREW

“I am Saint Andrew. There are so many men and women throughout the world gathering attention regarding their way of life. Many of these people would not open their real life for anyone’s attention, for the only thing that is important to them is to gain control, to gain acclaim, to gain importance, so others will be subject to them, to their ideas, and to the power they will gain if the importance comes about that they are fighting for in so many ways and areas.

I come from a different part of the world than yours, and I have been given permission to speak more than once through This Great Miracle.

If mankind could only see how so Many of Us Here in the Heavens watch over this Miracle of Hope, constantly aware of Its progress in the minds of those who are able to, in some manner, receive the Messages The Father permits from Here.

Mankind does not understand the joy when a Soul returns. All the

Choirs of Angels, All of The Saints sing praise in a manner not understandable to man, but hopefully one day, as intended, millions upon millions upon millions upon millions upon millions of Souls will see All that has been given to better understand the Beauty of human life and the Goal The Father intended for it, by returning the Soul that He handed at the moment of conception, now bearing a name that was given by man when the child was born. This name identifies the Soul Here in the Heavens.

I close with a Blessing and with a Sincere Love. As you spread the Words throughout the world, Each of Us Here will help you to spread Them to the countries We are from, and My Blessing, though It is short, It is meant in a way you will understand.

God bless you for your Faith in God. God bless you for your work. May your Soul return to Where We are, with your name attached to It, and We will remember who you were upon the earth. I promise you with My Love, I will do all I can to help your Soul to return to Where I am. So be it.”

AUGUST 11, 1992 AT 4:36 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. In the time in which I lived, we faced many obstacles. There were many objections to the orders I would deliver to be accomplished, because I felt they would in many ways aid the Order I was a part of.

It is true, I discussed much with a Spiritual Advisor, but after discussing many issues, I would come to my decisions, and be responsible for them.

I was always concerned with the status of the Souls of those under my jurisdiction. I spoke openly many times in deliberate conversation, instructing those who were there to persevere, and in the perseverance, be sure to tell The Father that they wished, they desired and hoped they would be doing His Will, and that their Soul would one day return to Him in a Glorified State of Living.

True, I was strict in my manner of direction, because I sincerely cared about each woman that I was in

charge of, regarding the running my particular portion of my Order.

I spoke in another language than yours, but we understood each other. As I come through this Beautiful Miracle in the world, I know that All that has been given is for the benefit of Souls, to alert mankind to the Importance of life, and continuously observe the status of the Soul that was given to them through their birth.

It is sadness Here Where We Are, to see so much indiscretion obvious to the importance of walking in the Priesthood, or as a nun in the Spiritual role. It is also sadness to see mankind reacting to satanic pleasures, for more are doing this than you can see in the manner in which you walk.

Man is usually afraid of a deadly enemy, but somehow man does not see satan in this form. He is, you know, a deadly enemy.

There are many evangelists throughout the world speaking what they feel, directions, thoughts, encouraging in their own way, many without secure knowledge, full knowledge of the value of spirituality,

the importance of spirituality, and what spirituality truly contains.

So many who believe they can teach are not instructing in the proper manner, nor are they fully informed in the subjects they are teaching, yet millions of people are following this misrepresentation of sound Spiritual values, sound Spiritual standards, based on the fullness of God's Commandments.

I realize the strength in which I speak is difficult on the one through whom I speak, for her body is delicate, her nature is delicate, and the strength that is continuously used by Us Here, is totally aware of the delicate strength in her voice box and in her physical.

There are so Many Here in the Heavens, what man would call 'wander in', speaking in a natural manner, speaking through *this woman* in the world, speaking casually, speaking informally, and yet the Words that pour forth are Ours. We use her in many ways. Many men, women and children could not handle, nor could they understand that What passes through her firsthand, is not her manner of

speaking, nor is it her thoughts, nor her plans.

You are blessed because of your Faith, your love, your work, and as I leave you I want you to know: All the Words, All the Lessons, All the Instructions, All the Directions, that will be passed from you throughout the world, will leave a Mark that you will never see, but you can be assured that Every Word will be watched by Us, and every child who picks up one page or many pages, We will be present. It may not be One of Us you know by Name, but it is a guarantee, Someone will be looking over the shoulder of the child or the adult. So be it.”

AUGUST 12, 1992

OUR HEAVENLY MOTHER

“As I speak through this *delicate instrument* in the world, a short time before she was to be in your presence the body could not stand up. I am your Heavenly Mother. As she walked through a door I walked with her, for what you experienced was My Strength, not hers. So much Power has passed through this small body, through the intellect and through the voice box, that Many could tell you, physically she is close to collapse.

As We surround her, Each of Us gives some strength, so *The Miracle Of The Beloved Saint Joseph, The Spirit of God*, will continue until The Father Decrees there is no more to be said. At the present time there is much more to be said, much more to be given, so as We hold her tightly, I want you to know that *the instrument* The Father chose is totally obedient to His Will.

During the night, when We speak We tell her to write one Word or several Words, and as she lays the pen down, the paper down, We say, ‘Now sleep.’

But in the morning, What We have said is indelibly marked within her, for it could be the beginning of Words that you will hear or others will hear, but most of It is for writing; Words to be written down, Words to be handed to the whole world, because These Lessons are needed in every corner of the world.

It is true, there is much going on that can mean only one thing: the enemy of The Father, the enemy of man, is running rampant throughout the world, because he is in a frenzy at this time, he is desperately trying to gather Souls to take Them away from The Holy King.

As I speak on this night, the Important Message I want you to understand is the Lesson that was given in the beginning,¹ regarding all the things that are within you, all the things you express, all the things that affect others as well as yourself.

I, your Heavenly Mother say, ‘If you see faults in your way, if you see temptation that could be wiped away,

¹ Refers to a Teaching given prior to this Revelation at a meeting of The Society Of The Little Way.

please do this, for The Father wants your Soul to be so bright, He wants It to shine as It did at that special time at the moment of conception, when He placed It within someone so the baby that was there would have Part of Him.'

That Soul is so Important. That Soul is what gives mankind the dignity of using and saying all that is right. That Soul is what encourages mankind to be morally sound, for you see, the Soul is constantly encouraging the child to understand the necessity for good over evil, constantly encouraging the child, of all ages, to see the benefits of pure love over hate.

As I bless you through *this child, this woman*, I bless you with a Mother's Love, for as many of you know, your human love for others can be so deep, yet so fragile; so giving, and yet so strong. My Love is Strong where you are concerned, and I am forever present.

Every prayer you utter, every prayer you think, every time you say something Our Way, We hear it, for We are constantly attentive because of the Soul that is within you. Do not forget,

The Father's Love created you, and in this creation, there is no Purer Love, because only He could place a Soul within the conception. So be it."

"I will tell those who will be close to *the child*, it will be three days before We can release her totally, for the body cannot endure the quick release of the Power that must be used to speak Our Words."

AUGUST 12, 1992

SAINT JOSEPH, THE HOLY SPIRIT

“No more Beautiful Words could be handed than the Words of The Heavenly Mother. We All stand in the Heavens and watch Her Love give Comfort, Aid, Concern, and Direction.

Yes, I am known by Two Names, the One so many men love because it is a Name they can relate to, and that is ‘Saint Joseph’, but I Am, in spite of what some men think or want to think, ‘I Am The Third Person of The Holy Trinity’.

This child was handed This Message a long time ago. She passed the tests when men tried to force her to reject This Statement regarding Me. She has been blessed abundantly by it, because you see, it takes deep Faith, strong will, to deny man what he wants to force her and everyone else to think.

Remember your will and the important part it plays in everything you do, everything you say, and in the example of what you express to others every day. So be it.”

AUGUST 13, 1992 AT 10:45 A.M.

OUR HEAVENLY MOTHER

“I have come to talk to you on this day to let you know there is so much happiness Here in the Heavens where you are all concerned. There is joy because of your endurance to supply others with Words: Words of Instruction, Words of Direction, Words of Warmth, Words of Help, Words of Hope, and definitely Words of Divine Love.

There is no place in the world that is like What is happening here. You are catalysts for The Father’s Will to be expressed to mankind who speaks in languages you could not understand.

Many of these people will ask others who can read your language to tell them what It says, to explain to them the definitions. There will be joy indefinable in man’s terminology.

As I spoke last night, I spoke in a manner you understood and I spoke with a Direct Love for everyone who listened to the Words. I saw a deep Faith in many. I saw a surprise in

some. I saw some with a different type of thinking than they had before they had come to this place, where so much effort had been given to give Our Love to all of them, but to be passed on to millions of others.

What was spoken had great Magnitude of Truth in It. It will make many think and make many wonder, for the Revelation regarding The Beloved Saint Joseph will be new to many and will be a topic of conversation, some negative, but much positive in its favor.

We use one, like I have said so many times, delicate in structure, manner, personality and physical strength, but what I use is the acceptance of the responsibility and the strength of the will to perform it, in spite of some expected controversy.

You live in times that were similar to centuries ago, sinfulness, adulterous times, paganistic times, atrocities, no respect for human life, and many interpretations of what God is like.

When there is great sin, there is no respect for Him. He is cast aside, because when you believe in Him there

is no compromise, but purification of the mind, the body and the Soul.

Satan is running rampant throughout the world in a frenzy, using every weakness possible. This Miracle has been sent to the world to counteract all that is wrong, to instruct mankind on the Importance of the Soul.

Oh, My children, the Soul is what satan is trying to destroy because he has lost the benefits of such association with God, so he is determined to rob mankind of this Precious Gift of Love that was instilled at the moment of conception.

I bless you in many ways, and I say, ‘Your work will help many better understand the importance in how to pray, how to look at moral values, and deny immoral values because of the effects to the Soul.’

When I close These Words to you, I leave you, but always remember, I am always present with you in a manner incapable of your understanding, but you must believe Me when I say, ‘I see everything you do, I hear everything you say, and so many times I touch you in a Motherly Way.’ So be it.”

AUGUST 13, 1992 AT 12:25 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. The educational systems in every degree of education are concentrating on particular areas of scientific knowledge and subjects that are unnecessary in many walks and areas of life.

Men and women are wasting time delving into subject matters, just to gain what they refer to as ‘credits’. Much of what they are using to gain credits has no benefit to it at all. Also, there is so much denial of moral values and moral standards. Freedom of action is, in many ways and cases, due to what is expected rather than what is right. Small children are being led into areas where even adults would be frightened.

In the time in which I was able to express, on a one-to-one basis, my terminology on soundness for all generations, I remember predicting that this time in which you live would come.

Man feels the educational system has been updated to such a degree that it is not only stimulating, but to a point where man feels so superior. I would like to line up all the men and the women who feel they are educational therapists and educationally sound in their concepts of what education is all about, and has risen to be. There is no moral structure emphasized, so I say, ‘Without this, how can subjects of scientific value, mechanical expertise and all the other fields be made to be seen as the ultimate in education?’

Man says, ‘If I do not have a degree, I will end up a failure.’ I, Saint Alphonsus Liguori say, ‘It would be nice to see degrees for moral behavior.’ So be it.”

AUGUST 13, 1992 AT 12:46 P.M.

SAINT MARIA GORETTI

“I am Saint Maria Goretti. I enter with much Love, Concern and Hope. The Father is allowing Me to speak on behalf of all the children throughout the world.

Children are basically innocent because of the Soul that is within the body. When a child is put into an atmosphere, a situation that is beyond their ability to understand or to recognize as being fatal to their existence, or even fatal because of what it will do to their moral values in life from that time on, the resistance to what they are subjected to is oftentimes cast aside by the perpetrator, by the one who bases all things on satanic rule.

There is no in-between that is logical when one says, ‘moral or immoral’. Mankind often says, ‘I am not tempted every day, my conscience is clear on that.’ I say, ‘If you know what is right and what is wrong, your conscience, in its decision must

automatically choose right, which would be the moral.'

We hear so many excuses from so many in the world regarding their faltering behavioral patterns, and how quickly they justify their decisions when they are wrong.

Many times, a child at the age of one is aware to a degree, of 'Yes' and 'No'. So many times a child at the age of two has become used to accepting what they want to do, because no one has cared enough, corrected enough, instructed enough, to give the child a basis of seeing what is expected as a human being.

Those who pray to Me and connect Me with purity, I listen to their prayers and I do ask The Father for permission to show I care.

Remember This Important Statement: The correct instruction is necessary, and remember that what is implanted into the mind is picked up by the Soul, but is also placed within the mental to be remembered, because of the will.

I give a Blessing that The Father allows. The Blessing is in some ways

a plea: Protect the children in every way, because The Father wants all children to understand the importance of learning as soon as it can be, the importance of purity, the importance of having the ability to make decisions because of the free will, and also, to always try to please The Father above all things. So be it.”

AUGUST 13, 1992 AT 1:35 P.M.

SAINT ATHANASIUS

“There are so many throughout the world who have their own interpretation of what spirituality consists of. There are so many who feel that each human being has within himself or herself the full understanding in what manner, and how and why man was created.

There are many misinterpretations of purity amongst these individuals. Much of their teaching, their instruction, their actions and their interpretations in how men, how women should live together, create families together; many feel that the structure of the family is one man, several women, and several children by each woman. These are sins against many of The Commandments. This is not the way The Father intended it to be.

I am Saint Athanasius. Humanism is acceptable because it identifies human beings having privileges, powers, and in so many ways eliminates so much contained in God’s Commandments.

I wonder sometimes how man can think in such a manner that is so disagreeable with The Rules of The Father. There are many names attached to this type of thinking, to this type of living, and you can be sure that the enemy of all mankind is at the bottom of this.

Humanism is in many areas of man's life: in the Spiritual life, in the educational, in the workplace, in families, and of course, in all areas where humans exist.

It is sad to say, but there is much idolatry in your time, men using the mind as the power for many things, feeling that they have the ability in their minds to instruct others on the Gift of life and what it was meant to be.

There are so many things I would like to talk about today, but I speak through a very tired voice, so I will speak more at a later time, because in many ways *the child* through whom I speak is close to physical collapse. But what I have spoken before These Words, I want you to see and I want you to understand the privilege of this, throughout every land. So be it."

AUGUST 13, 1992 AT 4:04 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“This Miracle that bears My Name, and delivers the Message regarding My Place in The Holy Trinity, is of Great Importance for the whole world to know and to understand.

The manner in which I walked the earth was special, for it was to leave for all time the Example of this place, for mankind to understand the responsibilities in this position of life, in life, as man.

As I stood by many times in silence, watching Mary, as they knew Her to be, and Jesus, as He was known then, I would constantly look for the protection that was needed. It is said by man I labored in a form in the workplace, as a carpenter. I did, for this was a major part of the Example that I was to leave upon the earth for men to see, for men to imitate, and for men to understand the responsibility that is also part of their life as a human being.

As I watched The Son walk in the midst of elders, much older in

age than He, I looked on and I would inwardly see that All that was passed on to others by Him, was termed 'Enlightenment', for many times as He spoke, He would smile at Me, because We were totally aware inwardly of how Each of Us Really Stood, Where The Father Was, and Our Tasks were to be Example physically, for men to imitate, for men to learn, and for men to hold in dignity, the family structure, picture, way, and means.

It will be difficult for many men who have studied high degrees of theology to accept What I have spoken, but if they will but look within the logic of the setting, the picture, the reasoning and the results, they will finally understand What has been spoken.

Such a Message that bears such a Magnitude of Revealing had to be passed on to the world through innocence, because if innocence was absent, there would be great confusion caused by the predeterminations gathered from theology. Innocence has been the key that opens the door to many Great Revelings, because there is no clutter of personal interpretation, personal ideas, personal considerations and

causes, only innocent obedience of The Father's Will, always being said without anyone hearing: *'If it is Your Will, God, I accept the responsibility, but please be sure it is Your Will, for it is my love for You that pours forth from me.'*

Some men will say, 'Why did it take so long for such a Revelation of this Magnitude to be passed on to mankind?' Men much more intelligent than she, they will claim innocence, they will claim piety, they will claim obedience, and many other things. Some will be adamant, violent, angry, disturbed, and there will even be some jealousy.

This woman I speak through does not have to consider what others would have to consider, because she is not educated in theology. The Responsibility that has been placed on her small shoulders, in her innocence, is One in which many men will envy. She is to be protected physically by men, because some men will not be able to handle the fact that one such as she would be chosen over them.

She has been held in deep ecstasy since the day before this, so such a Revelation as This could pass through

her without any interruption, without any fear of the Magnitude in It.

One day, one of the first Visions that she was given was of a scroll in the sky, permitting diamond-like lights to show through the sheer scroll, and brightening when the scroll was rolled back. Her innocence at that time, We All watched, for she was given the security of mind that What she saw was not imagination but real, and had Purpose in It, had Reason for It, and It would be described in Its fullest at a later time.

Man has not designed This Miracle. The Father has designed It for the benefit of mankind. Things are being taught through This Miracle that were taught in a different form in the time in which We lived as a Family.

I bless you for your Faith, I bless her innocence, and oftentimes The Father blesses those who, in many ways, because of This Great Miracle of Light, of Hope, of Instruction, of Direction, want to please Him more, want to understand more about the Spiritual Life and Light. So be it.”

AUGUST 22, 1992 AT 5:00 P.M.

GOD THE FATHER

“Man does not fully understand the Magnitude of My Being. Man could not understand the reality of how I am aware of every inch of the whole universe, and it is I Who holds all things in place. I am fully aware of all that occurs in every life upon the earth. I am aware of every wrong and of every right. I am aware of all the creations, their reason, their purpose, and the condition in which each one exists, what it contains, and what is occurring in it, on it, with it.

Mankind studies books. He calls it ‘educational knowledge’. Man tries to recognize in theory What I Am All About. I have dignified man’s manner of living by placing a Soul, a Portion of Me, at the moment of conception. This Soul entitles mankind to a civil manner of living, a higher form of understanding, and most of all, Faith in My True Existence and the necessity to Honor Me, and to understand, as I Am The Supreme Being of all matter, all manner in/for all things, I am The Final Judge of man’s Eternal Life,

because within each man there is a Portion of Me.

If I appeared in what is called a 'sky', some men, women and children, in your time, in any time of human existence, would deny the sight, the viewing, because man has a way of determining, with the mind, things about Me, things regarding the Power I Am, many times losing sight of What I Am Capable Of, What I Am The Controller Of, and the esteem in which I hold mankind, in the Creation of man in My Divine Plan.

There is so much theory in What I Am All About, What I Would Do, What I Would Not Do, who I would choose to walk a particular path, not just to inspire mankind, but to deliver My Words, My Will, My Love, to benefit the Soul within human life, to be returned to Me in a Light of Glory, showing appreciation and love for Me through this Gift at the moment of conception.

As mankind reads what has passed through *this woman* to the world, many discussions will be initiated, and I will hear them all. I use her Soul. I use her innocence. I use her feeling of responsibility. I use

her love for Me. I call her My *'little victim Soul'*, for no matter when I decide to speak or tell Others Here to speak, she responds immediately to My Command, not likely to be if it was an ordinary human command.

I bless the world many times. Many, to man, has a limit to it, but there is no limit to My Love for mankind. I want This Message passed throughout the world, as I want All I Have Given to be circulated in the far corners of the world. True, because not All has been put in script, All will not be passed, but sufficient amounts will be, and I am anxious to see the response of millions of people in your time, and all time to come, have a better understanding of the Importance of human life. So be it."

AUGUST 22, 1992 AT 7:20 P.M.

OUR HEAVENLY MOTHER

“The beauty of obedience encourages Me to speak. There is so much for mankind to learn about regarding the Importance of human life. As I have the privilege of being called ‘Mother’, plus so many Beautiful Titles that are dear to so many children of all ages, My Message to the whole world, through *this woman* in the world, is to be ever mindful of the importance of understanding The Rules The Father gave, and how much it means to your Soul when obedience to These Rules is not just observed, but practiced.

All of Heaven is alert to this place, this *small instrument* that so much Instruction, so much Love is passed through, for the benefits in so many areas of human life that reflect in the human being’s Soul.

A child, no particular age, says: ‘I am told I have a Soul. I wonder what It looks like.’ And now, children are being taught that the Soul is a Portion of God. Imagination can

ascertain a mental picture or some form identifiable to the human mind, but I, your Heavenly Mother, want you to understand, that your Soul has a Greatness to It far beyond any conceivable measure of thinking in the human manner, ability, understanding, of such a type of Matter, Manner, Means, or Spiritual understanding.

I bless you through a very tired *child*, for there is no time in your day or night that We are not present for her to hear Us in the manner she hears Us, nor to understand Us if it is what We want at that time.

This *Miracle Of The Beloved Saint Joseph* is beyond any human comprehension, but has been designed so mankind will be more fully instructed in areas to be identified as important decisions regarding the choice of sound moral values, sound moral standards, casting out any suggestion or thought that would allow impurity to enter, or immorality to be a decision of choice.

I would speak longer, but *the small one* through whom I speak is physically exhausted. Before I close, I want to bless you with not just My

Motherly Love, but a Pure Love of Divine Intervention, because of your Faith and your desire to become the Saint The Father Wills you to be, giving back to Him, in a Light of Glory, the Soul He entrusted to you at the moment of your conception. So be it.”

AUGUST 23, 1992 AT 12:22 P.M.

SAINT JOHN VIANNEY

“When children gather to enjoy the relaxation necessary to human life, I always feel joy and happiness when they remember to discuss God, Heaven, and of course, *The Miracle Of Saint Joseph*.

I was a priest, and My profession was of a different way, but I always understand the human needs and the human love for fun and laughter. Books have been written about My strictness and My demanding to encourage others to lead pure lives. Never did I say, ‘Do not enjoy the life God gave.’

I will close this short interruption with a Blessing: *In Nomine Patris, et Filii, et Spiritus Sancti.*”

AUGUST 23, 1992 AT 2:17 P.M.

SAINT ALPHONSUS LIGUORI

“There is so much to be done by so few, in comparison to the millions of people throughout the world that must be alerted, informed and explained the Beauty of this Precious Gift from God, *The Miracle Of Saint Joseph*. There are millions of people starving for truth, starving for direction, starving for someone, something to pass to them, sound direction for the benefit of their Faith in God and for their Soul.

Mankind has all it needs in This Great Miracle of Saint Joseph. Mankind has not only the explanation on the foundation of Faith in God, but the Direction to follow for the benefit of moral values to be fully understood.

We All love this beautiful time in the world because it is explaining so much to mankind in how to become a Saint, how to live a life pleasing to God, and how to live a happier life through following sound values, sound standards in all acts, actions, example

**connected to the mind, body and
Spiritual growth and behavior. So be
it.”**

AUGUST 23, 1992 AT 2:47 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“This Beautiful Miracle that bears My Name and says so much regarding Who I Am, What I Am, is important in so many areas of Christianity, and in other areas of Faith in God, and Faith in the Importance of the Souls of mankind.

Thousands, millions of people throughout the world will better understand so much more regarding My Place in Connection to The Father. This Announcement regarding My Being The Third Person of The Holy Trinity, though rejected by some, is in reality, more understanding to millions, and it gives more strength, reason, and purpose to the Importance of the Nativity and the Importance of My Reason in being called ‘The Protector of Holy Mother Church’.

So much has been taught through *this small woman, this Victim Soul* in the world, and much more will be taught as soon as mankind recognizes the Value and the Reasonability of All previous Teachings.

My Love for you is a Love you cannot fully understand because It is beyond human understanding, but please let Truth be your guide to the Importance of what human life is all about, and accept the Precious Gift of Divine Love through one such as yourselves.

Remember, We entered the world in the human form so mankind could relate to the normal manner of living, so take advantage of What was given as Example, and in so many ways, a way for you to follow.”

AUGUST 23, 1992 AT 3:46 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. We know how difficult it is for *this child* to listen to Our Entrance so constantly, so consistently, because it is not a normal human manner of living, but through this Miracle of The Holy Spirit of God, once called ‘Joseph’, the whole world is being instructed on all that is disabling to the moral values, moral standards, based on The Father’s Commandments.

You live in a time much worse than Sodom and Gomorrah, and much worse than any heretical time in the History of mankind. Mankind has heard stories about Roman Orgies and many other diabolical times in History.

This Miracle, in so many ways, is explaining, expounding, on the atrocities being practiced in all parts of the world. It is as though man favors all that is sinful, all that is immoral, ignoring the beauty of purity of mind, body and Soul.

I have been given the privilege to take Part in this Beautiful Gift of Divine Love.

Numerous Saints have stood by, waiting for The Father to give Them permission to encourage those who are yet living, to practice faithfulness to The Commandments given in great detail to Moses.

This *Victim Soul* We use, to penetrate her Soul, her mental, and her voice so constantly, carries a Power interdeterminable by man's standards. The preparation to be able to withstand this type of Communication was many years before the Formal Announcement to her.

Man talks about the Communion of Saints. Man does not understand the Magnitude of this reference.

Many prayers have been set as a standard of communication to The Father, to Our Heavenly Mother, to The Holy Spirit of God, and numerous Saints, all so mankind would have a sound measure for use in prayers. Some of these prayers were obviously instilled in particular people, but through This Miracle much has been spoken openly and given in fuller

detail, for better understanding in the manner of prayer, and I refer to one such prayer as, ‘*A Prayer To My Soul*’.

This prayer must travel throughout the world, because this prayer will keep everyone who says it aware of Divine Love, the Importance of It, and the Goal for which It was intended. So be it.”

AUGUST 23, 1992 AT 4:37 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. We know it is difficult on *this child* when so Many speak at given times, One following the Other. I know, also, *this child* needs rest, but there is so much danger to so many Souls throughout the world that it is necessary to deliver as much as is possible, so that Something that is given may apply to one individual that is necessary for the Salvation of his or her Soul.

We All love this *little Victim Soul*, and We are aware of each moment that she is available to listen and/or repeat Our Words.

The world is in a tragic condition, situation, morally. When man thinks of tragedy, he or she only applies it to physical or financial dilemma or disgrace, but We are more concerned with the condition of Souls.

Prayers are not being said properly. Prayer is being placed in a category of only conditioned thinking. This must cease. I speak through *this child* of The Father’s and of Mine,

because of her constant obedience to Our Entrance.

The world will soon learn of This Great Miracle and many will have many questions. We will be standing by to help all We can. My Blessings go with This Message, always far greater than anyone can conceive.”

AUGUST 24, 1992 AT 1:15 P.M.

SAINT JOAN OF ARC

“When mankind thinks of an army, he connects it to firearms, uniforms, duty, foreign land, marching, and much regimentation in many areas. When I walked with an army, it was this way, but there was more than this to my part, and in my part of belonging to this army. As I listened to the Voices that were Directions in how to proceed in action against the enemy, I would transfer These Words, These Messages to the men who walked with me. The number of men was great. They were all ages, all kinds, and all had different degrees of morality.

When the battle was being fought, it was difficult because of the ruggedness of the land and the lack of medicines we had on hand. The men fought in many ways: face to face with the enemy, fighting for a cause, a place, a reason they did not all understand, but they were called to duty. Many volunteered. Much was accomplished, but what many did not know was that it was accomplished in

The Name of God, Who truly was The Leader in every battle we had.

The time in which you live, throughout the world, men are at war with each other, not always in The Name of God, but many times, in a cannibalistic manner, stressing their ideals which are, many times, wrong; trying to get something accomplished that, in reality, could be accomplished in another way than battle, physically tearing apart their body, their reasoning, and yes, their morality.

They call Me ‘Saint Joan of Arc’. I come to you with a Deep Love, and requested by The Father to speak, for in your time, and in your way, you are fighting a tremendous battle. Your weapons are obvious, more obvious than a cannon, a sword, ammunition of your day. You have The Father’s Words to hand with respect, with dignity, with hope, with love, with sincerity, allowing the enemy the reasoning of his or her free will to be used. Your war is one alone, because The Father is leading it, The Father is directing it. The Father has given the Weapons only He would use. Do not be afraid of the battle. You are the instruments that He uses to give hope to the whole

world. What a Blessing you have been entrusted with, as an army to teach, to serve, to guide, to save Souls. So be it.”

AUGUST 24, 1992 AT 1:42 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. I wish that I could say that when The Father hands to the world a Special Grace, a Special Blessing through a human being, those who hear about It, those who receive much from It, are always grateful recipients.

Many times, there is much envy, jealousy, imitation and meanness that radiates, even exudes from some people who could benefit in many, many ways. Man can accept oddities and freakish situations, items, conditions, even companionship, but when The Father hands to the world a Monumental Blessing, it takes much time sometimes, for It to be absorbed in the Purity It was Delivered.

When I walked the earth, I knew what I was speaking was solid truth, and I knew that the strength I felt was far greater strength than I was capable of humanly speaking. As I stand in the Heavens and see the voluminous amount of Pure Love, Pure Direction being handed through *one*

small individual, I want so much for millions of mankind to see the Value, to see the Importance in Everything that is beneficial to their Spiritual life, as well as the physical and mental safety.

So many of Us stand by, waiting for The Father's Request to speak. It is a privilege for Us because We know the value to an individual child's changing impure thoughts, impure actions, impure desires, weaknesses, indifferences, to changing thoughts, directions, actions to all that is purity. Purity has within it a Grace, a strength, a motivation, to excel in more purity.

We Here in the Heavens cannot wait for children of all races, all colors, all creeds, to read What has been given for their own sake. There has been so much delivered, so much Love in the repetitiveness regarding the Importance of one's Soul.

Some people use the word 'Soul' loosely, because they did not or do not know the Reality of It, the Greatness of It, the Purpose of It, the Beauty in It, the Love in It, the Generosity in Its Existence; a Portion of The Father,

an unbelievable Gift to mankind, a Treasure to protect, a Treasure to return to Him in a State of Beauty that reflects, or will reflect, the individual that was one day handed this Soul, who, in an innocent state of being, was given a Portion of God Himself, a Portion of Divine Light. Something to think about, but more than this, Something to work for, because of the Greatness in the Treasure that so many times is ignored. So be it.”

AUGUST 24, 1992 AT 4:25 P.M.

SAINT JOHN VIANNEY

“The Priesthood is a privilege. It is sad to know and to say that the failure to carry this task out, this vocation through, in its beautiful way, is because the enemy of God puts doubt, and offers temptation in opportunities and ways that divide the vocation, sometimes into more than two parts.

There are many men who accept this vocation wholeheartedly, with a deep love for the privileges that are connected to it, in it, and of course, it takes great moral strength to fight the evil temptations that interfere with this special love for this vocation.

Christ designed this vocation. It is special in so many ways, and it is constantly under attack to destroy it, sometimes just to weaken it so it will be diminished in the sight of those who depend upon it, who depend upon it to be the closest thing to Christ they can relate to, they can look up to, they can find solace in understanding, hope, forgiveness, and sound friendship.

There is so much occurring in the midst of this vocation because of the encouragement, many times, of those who try, in many ways, to corrupt the individual. This corruption is based on lust, anger, jealousy, and all these things instigated by the evil one, using the weaknesses of someone or others to destroy the spirituality, the morality, and the dedication to save Souls.

The Priesthood was founded so that men, women and children would have that closeness with God that nothing else could give. The vocation of the Priesthood is not lonely when it is lived, continuously doing the work it was intended to do. How can one be lonely when they are busy doing The Father's Will, using their time for charity, for the benefit of the mind, the body and the Soul, always remembering the responsibility of their vocation has the highest form of working to do what is best, what is right, what is good, selflessly acting to secure Souls?

A man who accepts that special profession to teach mankind the practice of devotions must be totally dedicated spiritually, morally, mentally, to be able to withstand the

differences in opinions that will be presented to him by so many regarding God's Commandments, and the reason for such specific times for devotional prayer.

The man who accepts the profession, the vocation of the Priesthood, is instructed and given particular responsibilities that are closely connected to Our Lord's Manner, Way, and Practice in teaching, in forgiving, and that Special Gift regarding the Changing the bread and wine into The Body and Blood of The Son of God.

Many men, behind doors, discuss this Special Gift, and in many ways, doubt the Fullness of This Gift, not intentionally, but because of the Magnitude they see It stands for. Their acceptance, their belief, at given times, gives them the strength to continue to practice personally, publicly, what they are professed to do.

There are so many areas of this vocation of life that need This Great *Miracle Of The Beloved Saint Joseph*. The strength in What has been given will give strength to those who will be open to receive It. So be it."

AUGUST 25, 1992 AT 1:25 P.M.

SAINT JOHN VIANNEY

“I am Saint John Vianney. In so many areas of Spiritual practices, mankind depends upon a specified hour a week to satisfy the needs of the Soul. Sometimes there are intermittent prayers said spontaneously, if and when one feels the urge to do so.

Many times, an individual plans to make a particular time available to say particular prayers, but as I see it and Others Here see it, the manner in which these prayers are spoken, or are mental with no sound, they are not always to the degree that would express a sincere love for God, for one’s Soul, or for perhaps one’s personal intention these prayers were intended.

When I was upon the earth, I was known to express harshly, adamantly, my interpretation of the need for more spirituality, and definitely more actions, thoughts, deeds, to conquer any impurities of the mind or the body.

Many who came to confess to me, left where I was, feeling guilty, for my words were strict, but through the strictness of my words they oftentimes neglected to understand or feel my sincere concern for the Soul that could be victimized if their manner of living or if their habits of living would not change.

Man talks about the habit of doing things and says, 'It is difficult to break a habit.' I, Saint John Vianney say, 'Get your habits in priorities, keep the good ones, cast out the bad ones. It is all a matter in the decision of one's will.'

Man says, 'I'm hungry.' If food is available he eats it according to the manner he is used to, and sometimes he has manners in doing it that would be repulsive to others, plus he would soon find himself or herself without any companionship.

Let us compare feeding the body with the nourishment that is needed for one's Soul. The Soul constantly craves to be nourished through acts of prayer, through actions that are pure, through means that ensure the beauty of going to God in the right

manner, for the right reason, and with intentions that are not only pleasing, not only satisfying, but Grace-giving.

Some men, women and children pray for small earthly measures because of desires they have to own, to possess, and to please a whim, a liking, or a desire. Imagine how the Soul stands by, wanting the one with whom the Soul is in, to kneel to request The Father's Attention, The Mother's Attention, or a particular Saint. This act of love, act of intention, passes through the Soul to reach the Point of Attention.

Compare the two. One says, 'I am hungry.' It is a physical thing, a mental thing, and there is an extreme desire to please the physical, the mental. Now compare it to the Soul and how prayers pass through the Soul to reach The Father. The Soul is sometimes so happy that the Soul does not want the communication to end, because the Soul, at this point, partakes in the human endeavor to touch Divine Love direct.

I could speak for hours, but as I close, I want to leave a small Lesson of Love with you. Never forget, you are

a Precious Creation of The Father, and within you, you are responsible for that Portion of Him, the Soul, because one day He will stand in Judgment of It, and you must remember that you are responsible for all It represents at that moment in time. So be it.”

AUGUST 25, 1992 AT 2:53 P.M.

OUR HEAVENLY MOTHER

“There are so many Names directed My Way. I love Each of Them in a special way.

As I walked the earth, I walked in the human form. Those who knew Me saw only that part of Me. There were Two that walked with Me, a Man that was called ‘My Husband’, and a Child Who was called ‘My Son’. These times, as We walked the earth, were Important Times in History. There were many things that occurred, many things about Our Way never recorded. Many times, when We had to move from one place to another, they were important moves, some for safety, some because of the work that had to be prepared for, or be accomplished at a given time.

The stories written of Our Time upon the earth have no way of being complete, because they are not recorded as a daily schedule that We had to meet. There are several times that mankind has been permitted to hear about, but all these times are not

detailed completely. When the time came, and Joseph was to leave The Family, there is no positive recording, because of many reasons attached to This Event in History. When the time came, and The Son that walked with Me was betrayed and put to death, This Point in History remained for these thousands of years, but not in complete detail.

In your time, many memorable events are recorded instantly, by not just words, but by photograph and pictures that move accordingly. In your time, The Father has set upon the earth, in what was called originally, *'The Miracle Of Saint Joseph'*. There are many meanings to this Title, one that many men and women have desperately fought against, because they cannot understand the Magnitude of *The Miracle Of Saint Joseph*.

Ask yourself, 'Why would this be called "*The Miracle Of Saint Joseph*" if It did not have a Greater Significance than what The Miracle would imply to mankind?' When He was separated from The Family, there were many reasons for this. As The Third Person of The Holy Trinity, it would not have been just difficult for Him, being The

Power He Is, but not realistic to be present at the Sacrificial Time, when the atrocity occurred to The Second Person of The Blessed Trinity by mankind.

Men who feel they are learned in theology can only read what others have written, and deciphered what meaning they can gather from this, because they, in using theory, do not have all the facts.

The Father placed a *small instrument* in the world to one day be prepared by Us, for Announcements to be made that are difficult for so many to comprehend, to accept, thus denying her standing in Truth, but in reality, also total innocence.

Remember this: When you tell a small child a fact, it remains within the child's mental capacity. It is as though it is written within the mind, and can never be retracted. This is what occurred through *this instrument* of The Father, so that at this time in which you live, such knowledge is being set forth so that mankind can better understand more about The Holy Trinity, and also, the Importance that Joseph was not mere man.

The Names I am called are precious to Me, for as I walked upon the earth, I walked in a manner and a way that so many in the world walk. In name, I was called ‘the wife’, in name I was called ‘a mother, a friend, a relative’, and of course, now there are so many Beautiful Salutations to Me, Salutations of respect, love, and children of all races, all colors, all creeds, seek Me out, because they feel, as a Mother, I will respond to their requests and their appeals.

I speak through a human form, one natural to all things earthly. I speak through her Soul, that Divine Gift of Love placed within all conceptions of human life, What We Want Spoken. The Soul immediately alerts her mentality, and then, in obedience, she is told to speak, or to write, What We Want Delivered, for Divine Light to be able to be spread throughout the world. This explanation should not be too difficult for anyone to understand. Granted, some oftentimes say, ‘Why her, why not me or someone else?’ This is an unimportant request, for it only delays the full understanding of What We have said.

I bless you with My Loving Heart. I bless you with Divine Love, and I bless you in a manner, perhaps difficult for you to understand, but as I have spoken today through a Soul, One like you have, I bless your Soul with a Mother's Love, because of your desire to take the time to write What I have said, to take the time to listen, to take the time to spread What will be given to millions outside this room, for the benefit of their Souls to return Here. So be it."

AUGUST 25, 1992 AT 3:37 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. Historians have, in many ways, transcribed notes left by others, and these notes were written according to dialect in different languages. Many Saints that you recognize as Saints, were given the Title so that mankind would see the value of living a life of particular types of obedience that eventually benefited areas of life, giving their existence a special meaning.

This Title ‘Saint’ is important, for it has many reasons in it. It gives strength to mankind, knowing that there is a particular type of recognition to reach for, meaning that in the human life, dedication to do The Father’s Will, in many sometimes unpleasant ways, and yet ways that were beneficial spiritually, medically, morally, exemplifying the individual’s human dedications to further the spirituality that not only served as example, but had great merit to it for the benefit of situations or lives.

I have written many things, and for some time My writings were distributed to help others in many ways, hopefully to strengthen their Faith and their desire to reach for a higher form, manner, idealistic goal in living.

There is so much to be taught in the language of your day, because the language you speak has, in so many ways, become a universal way of communication.

This *Miracle Of The Beloved Saint Joseph* is Far Greater than anyone living can fully understand. It is not just a Miracle of Teaching, It is a Miracle of Constructive Instruction, revealing not just interpretation through theory and through translation of other languages.

The world must know of This Miracle. The world must read the Passages passed through It. Nothing must hold It up. No stumbling blocks must get in Its way.

The men in the Church will have to see that through This Miracle, mankind as a whole, must stop denying the solemnity, the dignity that is due God. Humanism must be cast out, and

prayer must be drawn in, made a part of daily living, because without it, man leans totally on humanism, and when something is strictly humanistic, it is void of realism. So be it.”

AUGUST 26, 1992

OUR HEAVENLY MOTHER

“As I speak through this *Victim Soul* in the world, I speak with a Love for you that, in many ways, man could not describe in Its Fullest Degree because, you see, Divine Love is Far Greater than the love that man can understand or perceive. I am your Heavenly Mother.

Each child born to the world, yes, receives a Portion of The Father at the moment of conception. Some men and women throughout the world would find this difficult to understand, but there is no greater love in the world than God has for man. God knows every moment, it is true, and the enemy of God tries desperately to interfere and to control, and yes, cause harm to the Soul.

The Father says: ‘I give you prayer; say the prayer. I give you My Love; be aware of It, for within you there is a Portion of Me, and That Portion will help you through troubled times. Remember, as you say your prayers, say them frequently. Do

not neglect that time for prayer, to be with Me. And when you kneel before The Blessed Sacrament, know that I am there physically. Know that when you kneel and you pray, or you just sit there in your own way, I am looking at you in a very personal way.'

Oh, My children, if you but knew the Magnitude of Heaven, you could never sin again, you could never tell a falsehood, for I, your Heavenly Mother, come to you on this night through a very tired *child* in the world, for the responsibility is far greater than any human in the world has. But do remember This one last Line I will say: Do not think of God just when you are in need, but talk to Him in a personal way. When you are alone, or even when you are with others, train yourself to think His Way, and every once in awhile it wouldn't hurt if you would say, '*I love You, God; thank You for today.*'

He responds in ways you do not understand, you could not understand, for you are creations of His and you walk upon the land, but He walks within you, in your being. Do not forget this, because you are part of His Great Divine Plan. So be it."

AUGUST 27, 1992 AT 1:06 P.M.

SAINT STEPHEN

“I am Saint Stephen. This Magnificent Miracle of Instruction that The Father has given to all races, all colors, all creeds, is so Special, because it is the first time in History that The Father has given Instruction, Privately and Publicly, encouraging mankind to defend the Soul that is a Portion of Him, placed within each human being at the moment of conception.

Man, many times likes to hear that others pray. It gives strength, but the same man or woman does not themselves do much praying.

Children are being led in wrong ways. Children are being mentally, physically, morally abused, and this is being advertised, alerting mankind to know of this, but there is not enough being done about it.

Satanism is having what you call ‘a field day’, gloating over all the immorality, the atrocities, that are not just demeaning to mankind, but

destroying the mind, the body, the will, thus affecting the purity of the Soul.

Man says, ‘What is a Victim Soul?’ I, Saint Stephen, can answer this question this way: ‘It is One totally in obedience to The Father’s Will, One Who suffers immensely in ways others do not understand, cannot comprehend, nor is it a reality to them. When The Father uses an individual Soul, it is a constant means of communication between God and man, man and God.’

As I leave you, I bless you in a way that, hopefully, will give you the strength to not just work for the Will of God to be done, but encourage others to see the Beauty in What The Father has given, and is giving, through All the Instruction that is available for all races, all colors, all creeds. So be it.”

AUGUST 27, 1992 AT 1:35 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. There is much confusion, even much dissension in the spiritual world that mankind depends upon, to be instructed properly, regarding all that is necessary for the Salvation of one’s Soul.

There are many men and women with good intentions, but these intentions are not a reliable source, guiding mankind in the right direction. Man goes to work and he associates with others like himself; a woman goes to work and she, too, associates with others like herself, in this area of living. There is so much to be concerned about, for immorality is prevalent and it is accepted in great amounts, even by those who individually would not have accepted this type of behavior at another time in life.

When mankind looks for instruction, direction that he or she calls ‘Spiritual hope’, it sometimes becomes such an emotional venture

that the reality is lost because of the worthlessness in what they seek as bona fide instruction. Etherealism has no strength in it, for when this happens, mankind loses sight of the soundness in what is being delivered, what is being practiced, and many times becomes vulnerable to someone else's selfishness, personal egoism, and there is no real strength, morally speaking, in what is being accepted.

So many men, women and children do not want to be restricted in their moral code of ethics, because they feel it eliminates their ability to sanction what is appealing to them. God's Commandments must be spread throughout the world as the Living Rules to be observed, to be followed, with no deviations from Their Full Meaning.

Man says, 'I want religion.' God sent a Beautiful Miracle to the world, not eliminating any part of Sound Direction, and yet mankind seeks out a place or a person that sounds more practical, more appealing, because it is so humanistic in its structure, avoiding the Soundness, the Beauty and the Fact that God gave to Moses The Rules for man to live by, and thousands of

years later, even though They have been shortened, the Importance of Their Meaning remains within Them. So be it.”

AUGUST 27, 1992 AT 2:33 P.M.

SAINT BONAVENTURE

“Many things have been written about My way. There are so Many Saints standing Here in the Heavens, Who are so happy about this Beautiful Miracle that is revealing to the world Important Issues that up to this point, up to this time, have not been revealed in the detail They are being revealed now.

Man’s words would be this: ‘There is an excitement in This Miracle with so much being revealed. It is like a whole new world opening up, giving Information that is so logical, giving more understanding regarding Saint Joseph, and in many ways declaring openly about our Beloved Heavenly Mother.’

I am not speaking on all the issues that This Miracle contains, because it will be best if mankind reads the Words himself or herself, getting the full value, full content, full meaning, full context, in a degree that each individual can handle.

In many corners of the world, many will repeatedly read particular Revelations again and again and again and again. Each time they read, they will find more in-depth meaning and will feel, in some ways, many times exhilarated by their newfound understanding of the privilege it is to be a human being.

As I speak, there are Others standing close to Me, enjoying the time with you as you listen to Me speak. Faith has a Beauty in it, a Strength in it, a Hope in it, a Goal in it, and in all these things, Faith has a Beauty that nothing in the world can compare to, compare with, compare in. So be it.”

AUGUST 27, 1992 AT 4:25 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. I speak so often through This Miracle, because I am so aware of the dangers of heresy, what it can do to so many people in destroying their belief in The Father’s Will, and replacing their Faith in Him to a total humanistic belief, involvement, understanding, acceptance.

The world has many good people in it, but they are being misled by many who are in authoritative places. It is sad when We watch men and women, sometimes children, who are drawn to strictly what they call ‘It’s what’s being done in our day’ attitude, and following humanism instead of looking at what is morally sound in values and standards, respecting God’s Rules above all things.

Children are not being taught the beauty of purity. Many people who consider themselves God-fearing, God-loving, are living and acting far from this point of view. So many are being led into false ideals, false practices, pornographic adventures and immoral

entertainment that is devastating to their Soul.

Man has a choice, a free will: right or wrong, pure or impure, sound or unsound, good or evil. We hear so many excuses. When We hear them, We oftentimes try to show in some form, some way, some manner, some direction, a better choice, a pure choice, but it is ignored many times because man succumbs to what is available, what appears acceptable at this time, not seeing how disabling to soundness this action can allow.

Man says, ‘I am of sound mind, I know what I am doing.’ True, but man forgets to remember the importance of consideration to the values involved, and definitely in man being faithful to God’s Rules. Man says, ‘I guess it’s just my weakness.’ We say, ‘It is your will.’ Man says, ‘I’ll try it once.’ We say, ‘Once could cause great disaster to your Soul.’ Man says, ‘Who’s going to see me?’ We say, ‘God and All of Us.’ Mankind cannot hide from The Father, because the Soul in every individual is in constant contact with The Father.

I lived in a time when there was so much heresy, so much contradiction,

so much impurity, it was devastating to see it everywhere I went, and know its presence truly existed in such a strong major way. When I fought the Arian heresy and more, I was many times fought in many forms, but I knew that I had to fight for what I knew was Fact, Truth, and to this day I thank God I did.

If you stand up for what you know is beneficial to your Soul and the Souls of all others, you too will one day say, *'Thank You, God, for the courage, the strength, the perseverance and the love, because it was all of this that helped me fight for what I knew had to be.'* So be it."

AUGUST 28, 1992 AT 11:20 A.M.

SAINT CHARLES BORROMEIO

“I am Charles of Borromeo. I have intermittently, for three hours, talked through this *Victim Soul* who is constantly alert to Our Entrance, Our Words.

This Miracle is Very, Very Important for the whole world. It has been given to strengthen the values, the standards of all people, because of the Importance of human life, and the Importance of the Soul that is present in every human being.

Mankind takes each day, and in many ways it is a routine. It has a schedule, and in some cases it is boring, some cases energetic, and in some cases very productive. Much depends upon the individual.

This Miracle has been given to the world by The Father, because there is a great need for spirituality, to increase spirituality that is constructive and also important to the individual Soul. There is so much moral destruction because mankind refuses to stand alone against what is

wrong, and stand for truth, purity, no matter what the cost.

There is so much desecration to the minds of all ages, all walks of life, that to put a figure on it would, at this point, be impossible, because it is spreading at such a rate daily, that there is little emphasis on mankind saying: 'Stop! We must recognize, we must begin to set things straight; that is, to accent more mentally, physically, spiritually, the importance of morality, the importance of decency, the importance of truth, the importance of sound spirituality.'

There are so many men, women and children throughout the world who need, who desire strength in direction, because of the confused state they are in. As long as This Miracle exists, We are ready to instruct in many ways, all of mankind, so that Souls will be saved.

There is a great decline in man's understanding of the Importance connected to The Rules God gave for man to live by. They have been reiterated upon in many ways through This Miracle. Now it is time for man to live by These Rules, for example is

the greatest form of teaching man can give to man. So be it.”

AUGUST 28, 1992 AT 1:03 P.M.

THE SACRED HEART

“Man says, ‘I love you from the bottom of my heart,’ or he might say, ‘I love you with all my heart.’ Man connects, associates the beat of the heart with love. Why? Because, in reality, man knows that as the heart is in many ways the life of human living, it expresses energy and it denotes action.

When the Title was given to the world regarding My Heart, it was a special time, for in the Title describing My Heart, it is called ‘The Sacred Heart’, and in These Words to you, I say: ‘I love you with My Sacred Heart. I love you because of your response, your willingness to pass through the world the Love that has been extended through the millions of Words that were intended to give mankind Strength, to give mankind Instruction, to give mankind Hope, to give mankind Solid Direction, so that one day the Souls of millions and millions and millions of individuals will return to Me in a Bright Light.’

This Light, in a radiance that man cannot see, cannot comprehend, but this Light will be the Light that was gotten through the understanding of the millions of Words that were passed for the sake of Souls to be returned to The Father. There is no light in the world compared to This. There is no gift in the world compared to This Miracle in which you serve so diligently, so lovingly. So be it.”

AUGUST 28, 1992 AT 1:32 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. There have been so many Directions given in different types of Wording, because every man, woman or child who reads What has been put in print, will grasp a different subject, and associate it with their own particular way of life. Sometimes it will be understood according to how they were raised, according to their education, according to the type of work they do, according to the type of friends they associate with. Most of all, it will be associated with the type of Spiritual understanding they have.

Morality, immorality, actually should mean the same to all people, because all people should base everything they do on The Commandments of God. I could speak extensively on each Commandment. It would take many hours, because each Commandment has a definite reason, purpose behind it, in it, and there are so many places in life, portions of life, vocations of life, that would be

touched by different interpretations of the very same Words.

We stand Here in the Heavens, constantly waiting to be given permission to speak through *this woman* in the world, because We All see the terrible tragedy that is affecting many, many lives, and of course, many, many, many Souls. What is a sin to one man, man feels is not a sin for himself or herself. Sin is many times thought of as a thing of the past, or just something that arrives from, or is derived from one's own intention in any given case.

So much has been said so simply, so directly. So much has been delivered to touch all types, all degrees of intelligence, all walks of life. The most learned men and women sometimes omit the most simple approach to morality. So many times mankind is so involved with a given subject that morality is secondary, or even beyond that, in his or her thinking. Decisions are made continuously all day, all night. Some are sheer abomination. They are vile in relationship to The Commandments of God. Man wakes up the next day and feels no shame,

no fear, no concern, and goes on his or her way.

Man talks about sorrow, but few talk about the sorrow that should be connected to sin. Few feel the violent action to the Soul when sin is committed. They say: 'It is human to do these things. God made us human. He expects us to be human.' They even add that some people are overconscientious regarding what is a sin, what is not a sin. My, the Words were given a long time ago, yet man still argues, not the validity of the Words, but how personal the Words are to his or her life.

I will close, but I close with one wish, that all races, all colors, all creeds, will see the Value to All that has been given through This Miracle, and in seeing It, will decide that morality has much more happiness in it, much more value to it, so they will practice it every day of their lives. So be it."

AUGUST 28, 1992 AT 3:04 P.M.

SAINT VALENTINE

“It is true, I have been attracting this *Victim Soul’s* attention for some time. I am Saint Valentine. My Name is connected to the heart. In the human way, man is attracted to celebrating a time that bears My Name, a day they speak words of affection, honor and love.

This Miracle, through which I speak to you, is a Tremendously Large Heart, The Father’s Heart, His Love for mankind. All the human words, in any language man can speak, cannot measure up to the Love that has been put through This Miracle in relation to The Heart.

I have spoken many times through This Miracle. I did not always announce My Name, for sometimes it appeared as though it was mere conversation, and yet the one who listened felt, in this conversation, a change of direction that was readily spotted as coming from Other than a human voice.

If The Father had taken billions and billions and billions of Words and let them fall from Heaven, only He could have placed Them in the correct manner, and literally, this is what He has done; and yet, He has done it through a human voice, understandable to mankind, for if They had been distributed in a falling manner, mankind would have dodged Them, been fearful of Them, and it would have been a phenomenon not understandable.

The Books, though several in number, are far from the full amount that has been passed through this *Victim Soul*, for mankind to see the value of purity over impurity, putting God First above all things, over humanism in its base reality.

What better Words can I leave you with than to say, ‘It is a privilege for Me to be able to speak, because as I speak, it is The Father’s Love for you I extend, and the desire for each one’s Soul to one day be Where I am.’ So be it.”

AUGUST 28, 1992 AT 4:22 P.M.

SAINT ANTHONY OF PADUA

“I am Saint Anthony of Padua. I hear every prayer that comes My way, and I must say: ‘It is a joy to Me to know, to hear the children in your time remember to pray for particular things. Your prayers say Faith in The Father’s Will. Your prayers declare your love for God and The Saints.’

Prayer is more important than man can realize. As you discuss things with each other, you communicate. When you discuss things with Us, We not only enjoy the communication, but it gives Us a chance to help you in ways, in degrees, that one day you will fully understand; for as you ask Our Help on important things, on little things, on wishes, on dreams, on hopes, We hear everything you say, and We hold these things in a manner and way, determining what is best, what is good, what will benefit you.

Sometimes you say, ‘I didn’t get what I wanted,’ but I promise you, you did get something. Perhaps you did not recognize It as a Gift of Love,

a Favor, but never feel a prayer is unanswered.

I bless you with The Father's Love because, you see, all things come from Him, many times using Us. So be it."

AUGUST 31, 1992 AT 1:20 P.M.

SAINT AUGUSTINE

“I am Saint Augustine. The world of mankind is being given a Special Gift. This Gift will give strength to moral values, moral standards. It will give mankind more understanding, not such complicated definitions that make man accept what is being said, because man does not want to correct or appear uninformed.

All the Lessons, all the solemnity, all the simplicity in how The Father has requested Everyone to speak to children, for all over the world, to better understand that Precious Gift of Divine Love each one has, the Soul.

Through time, man has theorized, and looked into what he or she felt was of a superior manner in how God would reach mankind. Most often, it was through extensive theorizing, complicating the full definition being interpreted and translated, according to the personal intellect of an individual, or individuals, using their feeling of responsibility; but I say, ‘Not always the reality of practicality.’

This Miracle of The Beloved One has been sent to the world, putting all things in a logical simplistic evaluation and understandability. Before this time, mankind had to take courses, looking at extensive determinations, and then intellectually placing knowledge in the order in which they felt it was meant to be.

It is a privilege for Us Here, and I add, there is not One of Us that does not enjoy being a Part of giving to mankind an understandable, logical viewpoint on what The Father wants mankind to understand and to be able to follow in a daily way.

Many men, women and children can hear a story, or something about a particular incident, and everyone would tell it differently: some would exaggerate, some would forget the important parts and elaborate on the unimportant parts; and if all were to write what they heard, all would write it differently. Be mindful of this, and do not allow yourself to become intimidated by those who feel more knowledgeable where God is concerned, and what mankind is truly gifted with. So be it.”

AUGUST 31, 1992 AT 1:45 P.M.

SAINT BERNADETTE

“As We look at mankind and We are present when Words are delivered through this *Victim Soul* in the world, the joy in the hearts that We see and We feel when a Lesson is being absorbed in Its proper manner, Its correct way, giving to those who hear It a feeling of being closer to God because of more understanding His Way.

The millions of Words that have passed through this Precious Gift must be passed through the whole world. Some will get the Books in the language of your way. They will translate Them for others to read, because they will be anxious to share the Beauty, the Truth, the Direction, and the Love they feel in the sincerity and the easily understandability in the format of any subject matter.

I come with great joy, because just being able to tell you what I have said is like sharing a Part of Heaven with those who one day will arrive Here Where I am. Let no one tell you that the Soul you have is not what

has been said in This Great Miracle of Hope, of Light, encouraging a degree of Faith in the simplicity of Words that gives mankind more understanding of The Father's Love.

Man goes to educational institutions, makes decisions on subjects he or she wants to learn more about. Knowing mankind was not learning all The Father wanted man to know, He designed This Great Miracle to instruct and show the Values for the benefit of each one's Soul. So be it."

AUGUST 31, 1992 AT 2:25 P.M.

SAINT ALPHONSUS LIGUORI

“I lived a comparatively long time in the life of man. I spoke much. I wrote much, and there is yet much that I had done, available for mankind, but the time in which you live has, in many ways, taken so much of what Others of Us Here gave, and set it all aside.

You live in an active world, but you live in a humanistic world, very little true identity to sound spirituality. Now, by sound spirituality, I mean practicing one’s Faith in God religiously, and basing all things in life on God’s Commandments.

I am Saint Alphonsus Liguori. This Miracle has been handed to the world, at first, in the words of man, ‘with kid gloves’, then the Messages were handed in a much different content, but yet able for mankind in your time, to see the Beauty, the Magnificence and the Order in the Teachings that gave strength, stability, honor, dignity, to human life.

There are some in your time that have scheduled prayer time, much

smaller in number than in My time. Mankind has become modernized, but in this updating, the realism of what sound spirituality is all about, has been and is being ignored. It is being replaced by humanism.

The books that held direction and in many ways encouraged mankind to live a better life, are now being replaced by pornography, indecency of all kinds. There is little idealistic purity in all ages, and it is not being stressed to the younger generation. Materialism is a major factor, humanism a major factor, self-indulgence a major factor, and in so many ways, self-destruction through several types of means is being stressed and being used that denote satanic intervention.

So much has come through *this woman* in the world from All of Us Here. Many times in just a Teaching, the One Here did not announce His or Her Name. It is true, Teaching would go on sometimes in the amount no man, woman, could handle on their own. You see, We do not look at time or count it like man does. The Teaching would exceed normal capacity. There were a few times, it was twenty hours

straight. As One of Us would stop, Another would pick it up.

I speak to you today with this subject matter, to help you understand: the simple road that you see and that all of mankind will receive Words from, would be difficult if It were referred to in the ability of merely human love for mankind.

I have so many times blessed the world of mankind for deeds that were done to please The Father. Today I bless you, for through your patience, your Faith, your love for God, you serve so that others will grow stronger in their love for Him, and for what human life is truly all about. So be it.”

AUGUST 31, 1992 AT 3:04 P.M.

SAINT JOHN VIANNEY

“There is great sadness to All of Us Here when We see so much indifference to reverence, to solemnity, to dignity in Holy Mother Church, and in other places where there should be silence, dignity in dress, consideration for what the place stands for.

I am Saint John Vianney. Mankind has forgotten the importance of a dignified approach to many things, but especially where spirituality is concerned, where Faith in God is the important issue. There is so much immorality, frivolous action, and in many cases, disrespect where it should not be. The loss of these things, these manners, these ideals, these degrees of sincerity, is a sadness, because it makes many beautiful occasions, friendships, family associations, diminish in love and dignity.

It is true, my reputation in the confessional was strong, but I was dedicated to saving Souls. I was sympathetic many times, but I did not allow my sympathy to become

weakness. I did not allow weakness to show, because I knew there was no other place for the penitent to find that strength, that direction, to help him or her grow more in love with God.

Sometimes when exhaustion would take over, and I would have many more penitents to see, I would pray with my whole being that God would give me the strength to endure the physical weakness, so I would not have to turn away anyone to give rest to my body, because I would be concerned that the next penitent would be the one that would need my strength more.

My desire for the Souls of the individuals was for them to become Saints on their own, for them to better understand that human life was given to man for a purpose beyond just living day by day, work, entertainment, and being counted as having passed through time one day. The Goal I set for each one was Sainthood.

True, I was very firm, but I was honest. I cared, for sometimes when a penitent would come my way and I felt rebellion in the penance I gave, or

I felt a lack of sincerity in response to my direction, I found myself praying that the Soul would not be hindered by the human way.

This Miracle is Special, for now mankind is learning so much in a straightforward logical way.

I leave you now, but before I do, I hand you a Blessing, and My desire is that this Blessing will pass to all who will read My Words one day: *In Nomine Patris, et Filii, et Spiritus Sancti. Amen.*"

SEPTEMBER 1, 1992 AT 2:07 P.M.

SAINT ALOYSIUS

“I am Saint Aloysius. I have been speaking through this *Victim Soul* for several hours, giving directions regarding the Words that have passed through her up to this time.

If a man says, ‘I want to read the Words,’ in most cases, I would say, ‘Do not question his motives.’ There will be some who will immediately feel contrary to what is contained, but for the most part there has been so much Enlightenment revealed regarding the Beauty of human life, the Goal of human life, and what a Precious Gift it is to mankind. Ignore the obstinacy, the criticisms, and even the crude, rude remarks that possibly will come to pass, but as man would say, ‘Consider the source from where they come,’ and do not allow them to interfere with what you know is for the benefit of your Soul, and other Souls.

I hold this *little instrument* in deep ecstasy because of the horrendous degree of Power that surges through her being so continuously. As The

Father chose a delicate body, nature and personality, the innocence of such a nature finds the responsibility exhausting, but always available for the work to be accomplished for the benefit of Souls.

Everything that We Here have delivered is to be handed to millions of people. It is basically the only place in the world that so much Direction, so much Information, is being handed out for the benefit of the mind, body and Soul.

This *Miracle Of The Beloved Saint Joseph* was designed for this Purpose, designed to teach all of mankind what has been given thus far, and more to come. Small children must not be dependent upon the theory that is not thorough, that has been taught for hundreds of years. Children must be taught the importance of Faith in God, the necessity to understand The Commandments given to Moses, and the Precious Gift of Divine Love passed on to mankind by The Son of God.

There must be more who will instruct the proper way and integrate this with the studies of your day, the

practical studies that are so necessary because they are used in your daily living; you say reading, writing, arithmetic, History that is solid in its content, and of course, Spiritual training constantly instilled, along with every other subject, whether it be of a scientific nature, an artistic nature, a creative nature. Any talent that will be used by man must have morality attached to it, and immorality erased from it.

Throughout the world there are men, women and children who are more apt to follow what is socially acceptable rather than what is spiritually acceptable.

You have many false prophets in your time, and have had for a long time. I smile when I make this next Statement: *The Victim Soul* through whom We All speak would not know how to be involved in, or threatened by the immorality.

Many men and women would like to question her personally; I would say more of an interrogation. She would cast them aside because she would see only satan trying to be pleased by their arrogance and their lack of sincerity,

their lack of understanding how God would work through a Victim Soul.

A Victim Soul is one totally responsible to God, obedient to His Will, and ever conscious of obedience to What He Wishes others to know.

I bless you, and I add: What you pass to others that passes through This Miracle, you may never see the results of, but I, Saint Aloysius say, ‘You must believe Me when I say, “The good that will come will be in such a great abundance, no scale upon the earth would be capable of registering its full measure of weight.”’ So be it.”

SEPTEMBER 1, 1992 AT 2:50 P.M.

SAINT MARTHA

“I am Saint Martha. I come through *a woman* in the world who is fastidious in so many areas of life, constantly overseeing that things are brought to a completion, and not allowed to be, in any way, cluttered or not done orderly. It is innate, first, in her nature; next, it is innate in her Spiritual nature.

The details that she is being readied to hand to others is monumental in design, and I have come to alert, and maybe even use a stronger word, ‘warn’ those with whom she will be working, that she will be constantly looking at, looking for the correct design, measurements, and the materials to be used.

It is a sadness Here when We find her hold back from rightful criticism, but she is so personally trained that it oftentimes costs her a great price. We do not see this with the drawings as much as We see it with other areas of work. It is not criticism. It is the desire

for perfection to be accomplished for the results The Father wants.

Some men will come, some women. Some will be ecstatic over her descriptions of design, some jealous, some arrogant. Some will try to fool her or pass it off. I must warn them now, ‘She may not be discreet, but command it be done correctly, no matter who they are.’

I smile at this revealing because I was a woman in the world, but I have been given permission to say these things because I can relate to the necessity for things being properly done. You need not fear that she will put anything before The Father’s Will, or His Presence at any time, for in this Beautiful Miracle, her first attention and intention is the responsibility she knows is hers, and the obedience to this responsibility that is never out of her being.

It is a joy to come and be Part of such a Magnificent Gift to the world. All races, all colors, all creeds will benefit by the meticulous manner and what man calls ‘first-class results’. So be it.”

SEPTEMBER 1, 1992 AT 5:08 P.M.

SAINT MARGARET MARY ALACOQUE

“I have not spoken for awhile, but I come today to alert mankind to the importance of understanding, if they go to a place where there is entertainment, unusual studies, or a social gathering, that it could be harmful after they enter the door. I am Saint Margaret Mary Alacoque.

Mankind does not always research places of entertainment, fields of study, or the type of people they will encounter at given places. A suggestion is brought up by an individual, or several individuals, and it sounds feasible to go because of the inference that was given: ‘It will be enjoyable,’ ‘It has a specific thing to learn about,’ or, ‘It will be unusual in its entertainment.’

Let us go back thousands of years. There were many places such as what I am speaking of, in that time as well as yours. People did not always look into what they would expose themselves to in these areas. They looked at things

then as they do now, as being part of living the human role.

Today, as I speak to you, there are countless people walking into the briar patches, some innocently, some not so innocently, some daring, some not so daring, some full of deceit, some not understanding the deceit that they are being introduced to and induced by.

All of Heaven has come forward, instructing mankind, which includes all ages, to not walk in blindness but to walk cautiously, because of the protection necessary for the Soul.

Man says, 'Demons are a part of the past; if things get too bad just walk out.' I, Saint Margaret Mary say, 'Always keep in mind that satan has many means and ways to lock the doors, the entrances, so there is no way out.'

Man talks about drugs. Every era of time had such horror in it, but in your time it is more prevalent, and it is called, in the beginning, 'experimentation', or 'a chance to avoid unhappiness or some problem momentarily'. It is not a momentary thing, just as it is not a momentary

thing when a Soul becomes so scarred that satanic demons feel they are in total control.

There are many people of all ages who act without thinking, speak without thinking, and become involved without thinking of the consequences. It is destructive to the mind and the body and the Soul when one forgets to question the reality of what they are about to enter, to partake in, to become a part of.

Man says, 'I am capable of handling all situations because I am strong-willed.' A strong will is good when it is protecting the morality, the purity of the individual's mind, body and Soul.

I have spoken today because of the tremendous turbulence in the world that is taking place, not just in hidden corners but in the open, and because of its boldness, is acceptable.

Man says, 'I do not want physical harm.' There are many types of harm more dangerous than physical harm. Do not get Me wrong, physical harm is difficult to endure, but harm to the Soul is much more difficult, because it is offensive to God and it has more

destructive power than any physical harm can compare to.

Please remember What I have spoken. Please understand that It has been given with Great Love, and please know that as your heart beats in the physical way, The Father's Heart beats in a Supernatural Way. So be it."

SEPTEMBER 2, 1992

OUR HEAVENLY MOTHER

“When I speak through this *Victim Soul* in the world, I speak on so many subjects, in many tones of voice. I speak in a manner understandable to you, because of the importance of the physical life and the importance of your degree in Faith, of Faith in God, and your degree of your extension of Faith to others in your family and those you are with in other ways.

Your Faith is an extension of your Soul, whether you are in a social situation, whether you are at work, school, or just in ordinary daily things you do. Your Soul is very much a Part of you, a Living Part. The Soul, as a Portion of God, protects you in many ways. Your will is very, very important to the Soul. Your willfulness can make something right or make something wrong. When you approach a challenge in life, whether it be in business, at home, spiritually or physically, your Soul is ever present and the results are recorded in your Soul.

I speak millions of Words through this *Victim Soul* in the world. Many throughout the world would expect Words to be different, Instruction to be different, Caring to be different, but This Miracle that is called '*The Miracle Of The Beloved Saint Joseph*' is a practical Miracle. It is a Miracle to teach mankind a manner of life, the Reason for life, the Beauty of life and how to handle life, and the Goal of life. This Miracle has so many Facets to It, so many Degrees of It, and so many Blessings in It.

If there were ten thousand people in My Presence on this night, many of them would become emotional. Why? Because they would be new at hearing What I have just spoken, and they would find It an emotional experience. I do not want an emotional reaction; I want a solid thinking. I want mankind to see the Importance of the Soul, and the importance of the soundness in Faith in God, and soundness in the beauty of understanding the Importance of life.

I am your Heavenly Mother. It is true, from the beginning of This Great Miracle, when the physical of this *Victim Soul* was close to collapse I would always enter, because This

Miracle is so valuable to the whole world.

The Words must reach the whole world. Some will argue over Them, some will dismiss Them, some will toss Them to the winds, but that is to be expected. Some will grow so greatly from the Words, so deeply in love with the understanding of the Words, and they will gain Sainthood, because before this they did not understand the Magnitude of Faith in God, or the Purpose of why they were even born as man.

Man has so many physical problems, so many problems that arise during the day that distracts man from prayer, but This Miracle is to give Strength in every area of life, and This Miracle is to give Hope, Understanding.

This Miracle is to give all of mankind the Truth, something to be assured of, that within each human being there is a Portion of God, a Portion of God that gives Strength when it is needed, Hope when it is needed, and yes, a Love, Consolation, and the Perseverance to go on when things look very bad. What else could give

you all these things, if you did not have a Portion of God within you, a Portion understandable, not complicated through man's interpretation, a Portion of God given with Love at the moment of conception?

I bless you, My sons, with a Love, A Mother's Love, A Mother's Hope, A Mother's Wish, and yes, a special Word to each of you: 'Love God; show it. Show it in your own midst, wherever you are. Never be ashamed. Let others see it through your ethics, through your morality, through your strengths, and never let anyone lead you into the path of destruction. You have a will, you have a conscience, you have a Portion of God within you.' So be it."

SEPTEMBER 3, 1992 AT 1:10 P.M.

SAINT JUDE

“A child is taught to memorize a prayer. A child is taught to remember that something is not to be done or can be done.

Children at a very early age should be instructed regarding God’s Rules to live by. These Rules should be taught in length so the child does not have to face decisions on minor definitions, and feel that these decisions are then fully acceptable and correct. Children, at a very young age, have the ability to absorb what is spoken, especially if it is repetitive, but also when it is combined with obvious example.

In the nature of mankind, personal acceptance is needed. Rejection causes misunderstanding, sometimes even fear. It is important that mankind understands that example has more effect on the mind, the body and the action, than what man calls ‘hereditary aspect’.

I listen to many pleas for help where mankind feels things are

impossible to be gotten, to be arrived at, to be fulfilled. I am Saint Jude.

It is important, no matter how many say they cannot accept This Great Miracle, that there is no allowing the Words to be stopped from passing throughout the world. No matter what Dignitary position a man or woman has, they do not have the solution to all things, nor does any one of them have a complete interpretation of the fullness of fact regarding The Father's Will, The Father's Manner and Way of Teaching mankind what He Wills mankind to have.

Never stop praying. It is a beautiful form of communication. It is dependence upon the Will of God, and God Knows All Things.

There is yet so much to be given because of the different cultures throughout the world, and the different acceptable formulas of understanding about God; the languages differ, and it is important to men, women and children who are born to a particular place, wherein the language can be a barrier to understanding when confronted by words of another language.

The Father, in passing this Beautiful Miracle to the world, through the one He speaks through, is confident that nothing will be stopped that is humanly possible to be accomplished. A great privilege has been handed to this small area in the whole world. Responsibility goes with privilege. Dedication is a major portion, follow-through a must, because without follow-through, there is what man refers to as 'it's finished'. No way can any Portion of This Miracle ever reach this point. It is in the category of God's Commandments. Without the strength, the determination, the follow-through in your day, you would not have heard that They even existed.

Without realizing it, when mankind sees or hears Valuable Information that is helpful to their Spiritual, mental or physical being, It is relied upon, not cast aside. This is what makes It remain.

My Words are Important. My Words must be passed to millions. As I leave you I say, 'All of Us Here in Heaven take Part in This Great Miracle, because it is The Father's Will, and It is meant to benefit all races, all colors, all creeds, to find understanding and

Purpose for the Goal of Life.’ So be it.”

SEPTEMBER 3, 1992 AT 2:14 P.M.

SAINT ATHANASIUS

“I have spoken many, many times through this *small woman* in the world. My reason, very important, because I truly and fully understand the dangerous aspects of what heresy can do to moral values and to the whole structure of What is Important to God.

Mankind does not put a term on what is occurring in the world. He puts a definite word on particular areas wherein he feels the term can be called ‘devastation, catastrophes’, but rarely will you hear any man say ‘heresy’.

You have a multiple degree of heresies circulating throughout the world. Many have titles that are not what I have just applied to them, but The Father says that as heresies are prevalent, it is destruction in many areas of human life.

Mankind has new terminology for things. They call it ‘progress’. We accept their terminology, but We do not accept their concept of its meaning.

There are so many impure, immoral acceptances. That is one portion of it. But many are talking openly regarding Spiritual teaching, Spiritual direction, and in most cases, it is void of sound values, sound standards.

Some men in high places stand back because they do not want to face the issues, nor the conflict that could occur. An expression man might use is, 'Let the sleeping dog lie'; in other words, 'Don't wake him up or we will have to give answers, and in some of the answers, we will not be able to concur or satisfy the aggressor.'

Mankind innately knows right from wrong, but blames wrong decisions on circumstances, on opportunities, on the time in which they live. It was the same way thousands of years ago. Things were justified because they became the acceptable thing to do.

I, Saint Athanasius say, 'The Commandments of God must be faced by everyone, even those who speak languages much different than the one I speak today.' Right is right. Wrong is wrong. Many cultures will defend their inability to accept this as fact, but if they would follow The

Commandments of God, they would see where they are wrong, and would have to change. Change would be difficult for most because they call it ‘a way of life’.

What is happening in Christianity today are abominations against the Love The Father has extended to the world. Respect is at a minimum. It is not being instructed, nor is it being acted out. Thousands of men, women and even children, at this moment, are involved in indecencies, impurities, mocking what is correct, what is important to the Soul. Pornography is prevalent throughout the world, and more and more are accepting it. God is being ignored.

You do live in a time worse than Sodom and Gomorrah. When some people read These Words, they weigh, ‘What was Sodom and Gomorrah all about?’ I, Saint Athanasius say: Take all the moral filth you have in the world, and what you have is a thousand times worse than what it was at Sodom and Gomorrah, and then multiply it again in form that mankind calls ‘modernization’; plus, you must remember that in those days, they did not have the machinery to pass it into

the home, into private areas, even into modes of travel. Ask yourself to multiply a figure, multiply it again and again and again and again, and then ask yourself, ‘What is it doing to the mind, to the morals, to the actions, the example, that such a thing that is so devastating to one’s whole being, can emit from their every action from then on?’

We do not talk Here because We have nothing else to do. There is an urgency, and The Father wants mankind alerted to the satanic upheaval that is spreading like fire throughout the world. So be it.”

SEPTEMBER 3, 1992 AT 2:59 P.M.

SAINT CHARLES BORROMEIO

“I am Saint Charles Borromeo. In your time, there are so many youngsters from the ages of six to twenty-one who must learn to understand that decisions they make are important to their integrity, their ability to understand things, and the privilege of choice where their will is concerned. Some people might think that this age difference is far-fetched, but youngsters have a tremendous comprehension when it comes to a right and a wrong, especially when they can relate it to something they are responsible for or to; also, when in the teaching at the youngest age, it can be related to other people’s, older people’s, responsibility to make the correct decision.

Children are being infected with not just contagious physical diseases, but are being infected with moral diseases that do not have antibiotics to help cure them.

We have spoken so many times on what is occurring in the world. It

is diabolical. True, it is not something new, but it has become more obviously prevalent and more indigenous in its existence.

It is instinctive in mankind, for the most part, to protect the young. In many cases, it is misconstrued. There are so many areas of human life that must be corrected by those who have a conscience, the willingness to do this act of love in God's Name.

There are so many people throughout the world who will read These Words, and it is Our Intention, that in certain areas, they will pass by what has been spoken, and then in other areas, they will absorb. That is why We are speaking so continuously. We understand certain things will reach some, other things will reach others.

As I close, I want you to know your cooperation with Us is not in vain. You may not see the fruits of this labor quickly, but somewhere, some time, in some place, you will see it, because what you do is to assist The Father in saving Souls.

Your time is a precious thing to you, but always remember, the time

has been given to you by God, and there will be reward to it. So be it.”

SEPTEMBER 4, 1992 AT 10:30 A.M.

GOD THE FATHER

“When man wants others to listen to what he is about to say, especially if it is an important announcement, he will firmly say, ‘Attention please.’ That is what We are shouting from the Heavens: ‘Attention please.’

No Word that has been spoken from Here should be ignored, passed over or eliminated, because Every Word, Phrase, Sentence, Paragraph, Subject, has an Important Directive associated with It, or It makes a Statement of Fact.

There are many who will read the Words and interpret Them according to their mood at that particular time, but I want mankind to understand I do not waste My Time, or man’s, unless I have an Important Statement for man to be alerted to.

So many men in the world would say I only spoke to Moses. I come to the world now to say, ‘No man is fully aware of What I Would Do, How I Would Do It, Or When.’

I speak through this small *Victim Soul* of Mine, and All I speak is for the good of all mankind. I Am The Father. I Am God. There is no man in existence, or who has ever been in existence, that can or could understand Me, My Way, My Will, to act in at this time, in this manner, for the benefit of Souls.

All the Words that have been passed through, the Ones that have been put in script, must not be locked up, put in corners, but must be passed throughout the world. It is My Will it be done. No man is to stand in the way, because no man fully understands the Importance of the Soul that I am so anxiously concerned about, because of the total devastation that is acceptable where My Rules are concerned. So be it.”

SEPTEMBER 4, 1992 AT 11:05 A.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. We know it is difficult for some men and women to understand that so much is being spoken through a human individual like themselves. If they will but look back to many things that occurred thousands of years ago, they will understand that it was an individual that was handed full responsibility for detail to be carried out, through, and many Revelations consisting of Directions that The Father Willed to be passed to mankind, and to be continued through time as Guidelines for the benefit of the Souls of mankind.

The Father’s Power is beyond what man understands. His Manner of doing things is different than mankind, in some ways. First of all, He passes through one Soul His Instructions, and through this one Soul His Will spreads in the manner He Decrees to be.

There have been several individuals who have been instruments of The Father’s, all with a particular

task, but This Miracle that is called *'The Miracle Of Saint Joseph'*, is the Only One comparable to the time in which Moses was handed The Commandments of God.

It is sad when this is difficult for some to understand the Magnitude that He would hand to such a *delicate instrument*, but man's opinion does not change the reality of What has happened, What is happening. It is, in reality, too much for mankind to understand, but the Directions given are simple in content. There is nothing complex about the Delivery nor is there anything complex in the Purpose for which This Great Miracle has been given to save Souls.

I am your Heavenly Mother. When I walked the earth in a human form, I listened to Jesus speak. He was little at the time, and yet What passed through Him was Far Greater than the wise men of that time could have spoken.

Sometimes the innocence of a little one is so remarkable that what pours forth is more memorable, uncomplicated, sincere, and in many ways, clearly spoken in a manner all can understand.

There is so much Love in This Miracle, Divine Love, and I add, human love. It is such a beautiful combination, bearing so many benefits, it would be difficult for many, many men and women, even children, to not understand the Beauty in the Simplicity, the Beauty in the Directiveness, the Beauty in the Content, and the Deep Love expressed in the Seriousness of All that is spoken.

Millions of Souls must be saved from what is being accepted regarding the immoralities, atrocities and heresies scattered throughout the world in your day. Mankind succumbs to what is available. The Father, knowing this, has taken a great deal of time and effort to give mankind what is correct, what is right, what is good, what is best for the Soul.

If mankind will but use What has passed through verbally and in writing, there will be no question that the Souls of these individuals will reach a Greater Glory than if they had not been exposed to the Teachings verbally, and to the script, that was handed through one Soul. So be it.”

SEPTEMBER 4, 1992 AT 12:50 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. Mankind says, ‘I have sacrificed so much for my family.’ Sometimes mankind will say, ‘I have sacrificed so much for a particular individual.’ Sometimes mankind will say, ‘I have sacrificed so much for this ugly situation to be turned into decency and accomplish for sound results, but I do not see any good coming from it.’

I, Saint Catherine of Siena, ask each one who reads These Words, ‘What about the Great Sacrifice that The Son of God permitted to be, for a Purpose beyond man’s understanding at the time it occurred, and that was for the Salvation of Souls?’

Mankind seems to forget all that God has given to benefit mankind. Imagine the Sacrifice God Himself gave, watching a Portion of Himself going through such agony. Ask yourself, ‘How could The Heavenly Mother watch such a devastating scene?’ Ask yourself now, how terrible it must be for God to watch all the atrocities in

mankind's body, mind and Soul, in spite of all the Gifts of Divine Love, The Commandments, the Spiritual Guidance, the Preparations, for mankind to see the path to Sainthood.

Men, women and children quickly accept what is occurring, what they are participating in, knowing it is against The Father's Will: immorality, self-destruction, and yes, much devastation to The Holy Eucharist. Mankind says, 'I believe Who It Is.' The Father says, 'Then how can you act in such a demeaning way for The Sacrifice That Holds Me?'

Man does not want to be involved in fighting the heresies throughout the world. Man says, 'I am not capable of correcting anything this big.' I, Saint Catherine of Siena say: Your lack of participation in the wrong is the first step to fighting it. Stand up and be counted openly. Say, 'I do not agree! I see only egoism in the priest or whoever else is participating.' Say it out loud! 'I see arrogance, I see satanic involvement.'

Do not be afraid of the Hierarchy of the Roman Catholic Church. Remember, they were children first, boys, then they were teenagers, then

they were considered to be men. In this stature of manhood, they have adjusted their way and their thinking to a degree of great importance, omitting one important thing: the task they have accepted is basically to help others to save their Souls; their vocation of life is to be sacrificial for this measure of living. What's happened to the purpose of this vocation that has in many ways become heretical in its very existence?

I, Saint Catherine of Siena say, 'The words "stand up and be counted" are important, but be sure you are standing up for what is good, not supporting the weakness you see.' So be it."

SEPTEMBER 4, 1992 AT 2:35 P.M.

SAINT PETER

“I am Saint Peter. I come on this day to say things that are important for the Salvation of many Souls.

Mankind accepts atrocities as happening in another part of the world, heresy as belonging to another time, immorality in a degree not to worry about, for it will pass. Man is acting immaturely, afraid to face reality, because in facing reality man will have to change. Man many times reacts unreasonably when truth must be the issue faced, rather than discarded or passed by, for to face truth takes commitment, energy, and above all, Faith in standing up for what is right.

As I speak, the Power I use in many ways tears *this small body* apart, for after all these years that so much has been given to mankind, mankind does not change or correct what is wrong. There is no excuse for this disobedience to The Father’s Will.

When I walked the earth, those of us who walked with Him saw a similar

situation to what you have now: excuses, false politeness, immaturity, fear to face facts and biased opinion, because it was easier this way and one did not have to exert any strength, make the correction, or to stand up to the truth that was obvious.

This Miracle has been so generously given as a Blessing to mankind, in more ways than man has taken the time to recognize. Doubters of such a Great Miracle are weaklings. When one agrees with fact, with truth, one has to change and be example, and stand firm in the truth, for the truth, not allowing anything or anyone to interfere or to diminish the reality.

No matter what happens in the world, good or bad, right or wrong, mankind has opinion; mankind feels in many ways that the theory they arrive at is, in reality, valuable to the decisions, or the decision they make for themselves. Judas had theory, but when he faced fact, he found the theory proved not just unreliable but to be utterly wrong. So it is now in the time in which you live.

Many men and women have used so much theory they have utterly

destroyed the beauty of truth, and have literally done it and accepted it, because the theory they used was so rational after they concentrated on their own perception of the changes they thought and felt would be better for them, ignoring the fact that the changes in many ways were abominations to the dignity, solemnity and the Importance of God's Rules and the Importance of morality.

There is so much more for Me to speak about, but *the little one* through whom I speak is close to collapse. I will speak more at a later time. So be it."

SEPTEMBER 6, 1992 AT 2:25 P.M.

GOD THE FATHER

“I address you as My children. I speak through a delicate human being.

It is true, I one day took her heart and joined it with Mine. I took her personality, put it in the Tabernacle for safekeeping, so it would always remember to reflect Mine. I took her nature, and I add: she gave none of this willingly. I joined it with Mine. I requested she say to Me, offering Me her will; at first she declined, but after much persuasion she submitted to The Divine.

No man upon the earth fully understands This Gift of Divine Love I have given to the world.

She walks with you, she responds to all earthly things. Her understanding of human nature, the importance of it, is My Understanding of human nature, many, many times.

Many times people look at her, and then they look again, because they feel something but they do not fully

comprehend. They accept her light manner as genteel, gentle, but there is more to it, they innately feel; they do not understand.

Though only thousands of Books are being presented to mankind, thousands and thousands more must be presented for the necessity that I Desire so that mankind will realize and recognize the Purpose for which life was begun. It is a privilege for mankind to walk the human road, because you see, each one has within him or her a Particular Portion of Me.

It will be denied by many, but this lack of understanding will not stop this *little one* through whom I speak from standing firm in her will to obey My Will, for her will is never weak.

Why would I use someone like this, when I have All the Power to do all things? I do it this way because man can relate to her and her little being; they can feel and understand the manner in which she speaks.

I use a human voice and I Direct the Words to be written, so millions of others not present at the time the Words pass through her, will have the benefits from What I Will them to

know, to follow, and to see as Valuable Truths, Directions, coming from Me. Logic says it would not be a way for her, because of the Content, Intentions and Directions that are passed through her for mankind to receive.

Many men will argue about This Miracle of Divine Love, because they will feel jealous, neglected, or be superior in their judgments. They will do many things that will not be kind, or visible. Man's inner emotions, man's feeling of superiority, will in many ways show arrogance, defiance, anger and ugliness.

She is prepared by Me, and I Stand with her, because of My Concern for mankind's inadequacy to trust how I would use such *a little one* to walk for Me.

I Am The Father, and whether man believes it or not, I Am The Judge, The Judgment, The Truth and The Way. So be it."

SEPTEMBER 6, 1992 AT 3:30 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I have had the privilege of speaking many times through This Miracle The Father has Designed for this time, because it is important for all races, all colors, all creeds, to better understand that the physical life is a Valuable Gift of Divine Love, and not to be treated improperly.

It is important that men who have chosen the vocation to teach others, to support others spiritually, change their thinking, their attitude, their direction, before it is too late.

Humanism has been and is replacing sound Spiritual growth, sound Spiritual living, sound Spiritual morals.

Mankind does not like disaster to any part of his physical existence. I come today and I say in a strong way, ‘Better you worry about the condition of your Soul, and stop fretting over the physical disappointments in life.’

I have written many words. They are not being read in your time. Really, no need now for them, because The Father has designed a Great Teaching Miracle, easy to understand, practical to follow, and has such High Spiritual Value to It, Direction in It, Purpose for It, no man should reject It.

True, for many years It has been a continuous form of Instruction, giving mankind a form of Direction to live by, easily understandable. Sometimes, when We see so little recognition of the Value that is being passed off, it is difficult for Many of Us Here to allow the indifference to continue.

Many are blessed through The Miracle, and the strength they have gained because of their Faith is a joy to see.

I bless you with The Father's Love, and with the Blessing I had the privilege to use when I was in the state of human living: *In Nomine Patris, et Filii, et Spiritus Sancti. Amen.*"

SEPTEMBER 6, 1992 AT 5:23 P.M.

SAINT CATHERINE OF SIENA

“As We watch children who walk in the midst of people different in nature, different in theory, different in background, We smile in the communication. This is what We mean when We say the Words must reach all races, all colors, all creeds. You do it automatically in your daily life.

We say, ‘Pass the Words to all that it is possible to reach.’ It is not up to your choice. Perhaps the one you would least choose to pass the Books to, would not only need It most, but love It most, and they could become a Great Saint because of the Direction given in the Words that would change their way of living. I am Saint Catherine of Siena.

If you were to drop flyers from the sky with words of advertising, some items that would be appealing to some who would pick up the flyer, it could change their personal belongings, items, personal thinking, influenced by what the flyer would say.

Just imagine how many people are influenced by what they read. You have an obligation to hand the Words generously, openly, and in all places. So be it.”

SEPTEMBER 6, 1992 AT 6:00 P.M.

SAINT JOHN THE BAPTIST

“I am Saint John The Baptist. Many times I have quietly instilled in this *small woman’s* mind, Messages that were passed to others in a Teaching Discussion. I did not mention My Name because the important thing was the Lesson that was to be revealed at a specific time.

Many small children are not being taught the correct manner in prayer, in devotions, in respect. Many times parents or elders are too preoccupied to take the time to give the proper direction. This is part of the major problem in the time in which you live.

As you know, man’s way would be saying, ‘The little one is like a sponge.’ Use this terminology in the sound concept it is meant. The time should be taken to instruct and to persevere in all that is to be taught for the benefit of the child and of the child’s Soul.

Pass This Message to many, for It is given in Great Love. Don’t stop at

the Baptism, but use This as the basis for the foundation to be laid. It is a beautiful place to begin. So be it.”

SEPTEMBER 9, 1992

I II III IV V VI VII VIII IX X

“GOD’S COMMANDMENTS TO MOSES”

**“Basically formed the Constitution
for Christianity”**

MOSES

“The leader who brought the Israelites out of slavery in Egypt and led them to the Promised Land. He received The Commandments from God and gave Laws to the people.

As we all know, The Commandments of God were Decrees covering every aspect of man’s moral codes of ethics, moral behavior, moral choices and moral directives, on how God expected mankind to live, using the fundamental, logical communion with our fellowman, for the Salvation of our Souls.”

SEPTEMBER 9, 1992

THE SIGN OF THE CROSS

“IN THE NAME OF THE FATHER

**Who Created All Things, Who
Will Judge All Souls.**

AND OF THE SON

**Who was sacrificed for many
things, allowed by The Father,
submitted to by The Son, for
mankind’s understanding of
Sacrifice in the Name of Love,
so that mankind would not
feel alone in the sacrifices to
be made for the benefit of his
or her Soul, all things based
on purity of mind and body, so
the Soul would return to The
Father.**

AND THE HOLY GHOST

**The Divine Light, Wisdom,
Hope and Love of The Father,
to be the Connecting Link

**The Holy Ghost is the Protector
of Holy Mother Church and
all of Christianity; also, is**

ever present and especially aware of the humanism, modernization that is obvious in its present state of moral corruption infiltrated in Holy Mother Church and other denominational Faiths.

Christianity began with the Constitution of God's Commandments. Then it was formally established by The Holy Spirit, Saint Joseph, instituted by The Son of God, and automatically making Our Blessed Mother The Mother of Holy Mother Church."

SEPTEMBER 9, 1992

“*Joseph*, historically spoken of as obviously Pure of Spirit, and in Spirit, and Action, unquestionable as the choice for Spouse of the Virgin Mary.

Such an obvious recognition has to be exceptional to remain 2,000 years as the story of how He was chosen. His Presence, His Quiet Manner, was to Establish Christianity with Mary, the obvious Tabernacle of The Son of God. Logic tells us God had a Great Part in This.

MYTH — NO

Logic radiates through, over, and around the reasonability of *Joseph's* understanding, obedience, because of Who He Really Was, The Holy Spirit of God.”

SEPTEMBER 9, 1992

“*Jesus*, in His Birth was definitely special, because of the very fact that historians believed and wrote about the manner in which He was conceived, born, and recognized by people in faraway places as an Important Event.

His unusual abilities, His whole life representing sound reasoning, instruction, that poured out of Him, that was obviously expounding in deep logic, plus His insight, His in-depth knowledge that held people spellbound; His Teachings, based on moral codes of values, moral codes of standards, moral codes of ethics; His time with men, instructing them, and always, of course, His example, His predictions to give strength when they would need support, *openly says He Instituted Christianity, later Holy Mother Church.*

**SAINT JOSEPH HAS RETURNED

SEPTEMBER 10, 1992 AT 1:33 P.M.

SAINT STEPHEN

“I am Saint Stephen. It is true, I began My Words through this *small woman* in the world at an earlier time. The responsibility that has accelerated through This Miracle would be too much for man to be able to stand up to, stand in, because of the importance of so many issues that involve so much detailed Information that has never been spoken of in the same concept It now is.

There is a man who will delve into much theory and agonize over his inability to cope with such Important, Valuable Revelings through someone such as this woman. Everything must be passed to mankind that is possible, and as quickly as possible, because of the terrible heretical situations that are prevalent in every facet of Spiritual life.

A small child was chosen, one who would respect what The Father Willed to be done. At this moment many men are reading what they try to term as ‘normal thinking’, but as We watch

them, We see that in some of them there is much envy, much jealousy, and this is a sadness, because these particular men could be instruments to help others understand the Value of All that has been taught, All that has been given for the benefit of Souls to come Here.

Mankind in the past has thought about the Soul, has been told some things, but never that the Soul was a Portion of God. Also, at this moment many are denying this Fact because it was not taught to them in the format of their learning years.

In so many places throughout the world, men and women are studying from many languages, what is termed 'historical views, historical evaluations, historical terminology'.

The Father has given the world This Great Miracle. Millions of Words have been spoken by Many Here. So much has been able to be put in writing, because of the obedience and of the Faith in how The Father would work. All through time so much has been given to mankind, but there have been many cases wherein the task became

so great, physical exhaustion beyond tolerance. This We cannot allow here.

I have not spoken much through This Great Miracle, but as I reach you today, I am also told to tell you that It will continue as long as The Father Wills It to be, because you see, it is so important that mankind fully understands that the Soul, as a Portion of The Father, must be returned to Him.

Mankind does not realize the magnitude in which satanism has entered so many places and in so many people, in so many areas of social entertainment. Each time someone partakes in any portion of this, the Soul suffers dramatically, drastically.

As I leave, I want you to know All of Us look forward to speaking because We want so much to save Souls. So be it.”

SEPTEMBER 10, 1992 AT 2:09 P.M.

SAINT JOHN THE APOSTLE

“I am Saint John. I was an Apostle that walked with others like myself, all of us listening to the Teachings, to the Directions that were passed to us constantly, vocally, from The One we called ‘Jesus’.

We, at many times, had moments of laughter. Many times we would find humor in the slightest thing, just as all of you do in your day. Laughter was given by The Father for a reason, an expression of joy, an expression of happiness.

As we walked along the paths, some of these paths we were the first to make. No one had walked on that particular spot before, so we thought, and we would relate this time, this spot, to a Teaching, such as, we were the first to hear a Lesson directed to the Purpose of life. So we would relate this Teaching to the path we had just taken, the experience we had on that path.

Since the time We walked with Jesus, so much has happened in the

world. As We look at it from Here, We All wish and We All will it to be a place of happiness for all of mankind, but I have come today, as Others have, to help you understand, there is so much wrong, there is so much immorality, there are so many heresies.

All these things are dangerous to the mental, the physical, and Spiritual life of man. Who can stop all this? Who will stop all this? Who wants to stop all this? I wish there was a way, that a hand could be waved and purity would reign, but it cannot be done that way; mankind walks with a particular Gift of Love from The Father, a will, the ability to make decisions, but mankind also many times seems to forget that the decisions made by that precious Gift can be moments of great love, understanding, hope, obedience to God's Commandments. Then there is the other side of decision and that contains willfulness, greed, lust, and many, many sins against God's Commandments.

As we walked with Jesus, He based much of the Teaching on The Commandments of God. A decision had to be arrived at. He would say, 'What decision will be best?' Of course, we

would look at Him and say, 'Is this a test?' and He would say, 'Is not every decision a test: a test to prove your love, a test to deny love, a test of obedience, a test hoping it will not be acted out in disobedience?'

So much has been taught in so many ways, all directed to one Purpose. That Purpose, of course, is that each child will one day be called 'a Saint'. So be it."

SEPTEMBER 10, 1992 AT 4:40 P.M.

PADRE PIO

“I am Padre Pio. I have spoken at another time through *this instrument* of The Father. The time in which I spoke, she requested I speak in a softer voice. We All smiled at this for it is true, the delicate mechanism that is used to pass to the world, the whole world, the Beauty, the Purpose and the Goal of Life is, to many men, the wrong one to be chosen because of the smallness, yes, and the gentleness.

I come on this day with a Deep Love for her and for you. I walked a particular path. Many men argued over My way. I was strong. She is strong in her will, and this is the part of her being that endures the strenuous actions, acts, that take place within her being. My voice thrusts through her, and though I have toned it down, it is My way to express openly Important issues, Important matters.

The Most Important thing, item, Goal for mankind, is to protect his or her Soul. I know you have heard it often, but I, Padre Pio, come today to

say it in My way: ‘Do not jeopardize in the smallest measure, the perfection necessary for your Soul to reach a Place closest to The Father’s Way, that waits for your Soul to be There, close to Him one day.’

Though My voice sounds harsh, I do not feel harsh, for I truly know how difficult it is to live in the world of man, with so many things to divert the mental, the physical and Spiritual from a pure path.

Be blessed for your Faith and know that as I have blessed thousands and thousands of children in the world, I bless you with the Words you know: *In Nomine Patris, et Filii, et Spiritus Sancti. Amen.*”

SEPTEMBER 11, 1992 AT 1:37 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. There are many men, women and children throughout the world who, when they hear advice given to them, they sift out what they feel, what they want to remember. Many times they sift out only a minor portion of the fullness that has been given to them. That is one of the reasons why there have been many Revelations given through This Miracle in the world in your day.

If ten people, men and women, read the same Revelation or Teaching, they would all remember, or follow a specific point that might interest them or that they are interested in only for a moment.

Thousands and thousands of Words that have been given were necessary, because They are to touch cultures throughout the world; also, all ages. In touching all cultures, all denominations of spirituality will be affected in some way.

As I speak from Where I am, I know of the different types of cultures.

We have a full understanding of all of mankind and how mankind discerns different subjects. Some will be encouraged to think more purely, some will tell others they should think more purely.

There have been many times in man's world of living that cultures, family life, friendships, associations, workplaces, entertainment, and many other factors in life, have a tremendous, and had a tremendous effect on what some will accept, some will reject.

The Father's Love is evident in this Miracle of Hope, because so much has been given to interest, to attract all types of people.

Mankind says: 'I am told I have a Soul. I never see It, nor do I feel It.' That is not so. Mankind's ability to be able to make decisions of right or wrong, innately tells mankind Something deeper within instructs in the difference between what is right and what is wrong. Even those who walk in Spiritual blindness, innately are aware of what is right and what is wrong.

When someone dies, those who have learned that man has a Soul, there is a comfort when they have been aware that the person had moral values, moral standards, and acted within this perimeter in daily life.

We are All happy about This Miracle, because It is a Communication, not ordinary, actually inconceivable to most of mankind. You are privileged, as were the Apostles and particular others in past History, to be taught so personally, so consistently, so constantly, so much Direction. Think about this: There are millions throughout the world who must read the Words and see the Value They are to their whole way of life.

Many stand with Me Here as I speak, and with My Message goes a Deep Love, because of the obedience to pass These Messages to the world. Like all things, the Words are the beginning of much to be read, be learned, be accepted, and to follow.

God uses *one small voice*, but then He uses everyone who will partake in the deliverance of These Words to as many as can be reached throughout the world. So be it."

SEPTEMBER 11, 1992 AT 6:48 P.M.

SAINT TERESA OF AVILA

“Yes, We are All here. We smile at children who are enjoying a time together, a time of relaxation, and who feel that We are far away.

People of all races, all colors, all creeds, must understand that at no time are We not present, constantly aware of all situations and all things that mankind is involved in, thinking about, and/or making decisions. The Soul of each human being is in constant touch with Here.

The world is in great turmoil because mankind feels he or she is hiding from The Father at any and all times.

Immorality is so horrible, because it desecrates the beauty of morality that is so precious to one’s Soul. Moral actions, thoughts, decisions, in so many ways, make times, places, and situations pleasant, happy, productive, and enjoyable.

All of Us Here watch closely, because *this child* through whom We

speak is always alert to the atmosphere that surrounds her, and is devastated when it has any or even the slightest touch of immorality.

We wanted you to know of Our Presence. Be blessed by Our Love and Concern. So be it.”

SEPTEMBER 11, 1992 AT 8:53 P.M.

“Many men throughout the world, in reading the Books, will never understand the Magnitude of Power that this *small woman* had to endure to receive One Message, let alone Thousands. Man’s imagination will supersede the logic to such a Happening.

A Constitution lays out the format, formation for all things concerned to be the foundation that gives stability to the organized practices, organizational rules. The Constitution for the Institution of Christianity was totally directed by The Father.

Right now satanism is in constant competition with The Commandments of God, by demanding that mankind obey his rules over and above God’s. So many people are being drawn into the atrocities, and dangerous manipulation of moral values and moral standards that are casting so much harm to Souls.

Satan uses all means he can to control, continuously devious and continuously competitive. It is such sadness Here when so many are victimized by his possession.

Prayer is a great deterrent to his entrance. It should be on the lips and in the mind of all who want to save their Soul.”

SEPTEMBER 12, 1992 AT 2:36 P.M.

OUR HEAVENLY MOTHER

“Mankind seeks challenges in hundreds of areas of life. Sometimes just becoming popular with other people becomes a priority in everything one does, who they associate with, how they express themselves in clothing and a multiple of other avenues, according to their nature, their culture, their monetary measures.

Sometimes mankind will go to great lengths to get others to seek them out for advice: Spiritual advice, financial advice, social advice, workplace advice, educational advice. Mankind sometimes forgets the dangers involved in many areas. They can be directed to people they get attention from, and areas that become of great interest, appealing to perhaps their ego or popularity, or excitement emotionally.

Life, in the way of mankind, has so many doors, and behind each door there are different opportunities, different forces, different obligations, different options.

I am your Heavenly Mother. So much information, direction and soundness can be reached through sound moral values, sound moral standards, easily understandable when one bases one's future on the prepared Goal of life The Father offers in such a Loving, Liberal Way.

There are many men, women and children who are constantly searching for heights of glory, of understanding, of success, of love, and many times they already have all the means within their being to reach the pinnacle of happiness, self-satisfaction, hope, direction, and an innate understanding of the full Purpose of life.

As a Mother, A Heavenly Mother, I see all things and I am aware of all needs. Sometimes I say: 'Slow down, child, it will be a happier way, and see what you have already that is so special. You are ignoring the values, the standards that keep your life solid, enjoyable, interesting, and full of hope.'

Spirituality, when it is based in a sense of loving The Father, wanting to do His Will, respecting His Commandments, life can be so full.

Be blessed with a Love beyond a human love, and know, I am constantly aware of all needs, all hopes, all dreams, all actions, all drives that make you act, react, and I am also aware of the condition of your Soul. So be it.”

SEPTEMBER 14, 1992 AT 1:25 P.M.

SAINT JEROME

“I am Saint Jerome. I have spoken many, many times but have not announced Myself openly more than a few times.

There are millions of people who crave more understanding of what life is all about, what God is all about. They want information to help them better understand and give them strength, to be more mentally alert to what is expected of them.

Morality is a big issue, always has been. Mankind puts it in a category, mostly where physical areas are concerned. Morality, in dealing with other men in a full understanding of what morality is, is based on God’s Commandments.

When children learn the briefness of These Commandments, they are not always taught the full meaning that each one contains. That is why there is such a lack of understanding regarding the Importance of These Rules that, as you were told, were given to mankind to be the Constitution for mankind’s

sound moral values and sound moral standards.

You must not be overly concerned about any disagreement from those who do not understand the Greatness of this Gift that was given by God to man. Your example, your manner of living, how you say things, your degree of self-control, will not just represent but draw a full picture of how you believe, the strength you have in your beliefs regarding moral values, moral standards.

As I speak, it would be difficult for many to fully understand the Magnitude of This Great Miracle, but the important thing is: through reading the Words, the Directions, strength will come, understanding will come, and the value of these things will give hope in many areas, and many times wiping out despair.

As I speak to you, Our Heavenly Mother smiles. She sends Her Blessing and says, 'Faith is a beautiful Gift of Love; it becomes greater when you practice it.' So be it."

SEPTEMBER 14, 1992 AT 1:45 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. I realize that in your time of life heresy is not familiar to you in its full context, because man does not concentrate on this type of activity. He tolerates it because it always seems as though it is not affecting his or her particular life.

There are many areas of heresy that affect your life in many ways every day. Heresy is rampant throughout the world. Many stand in important places directing it, but they do not call it ‘heresy’, they call it ‘modernization, updating, being realistic’. I say: ‘They are practicing lies and they are casting aside the Importance of What The Father is to the whole world. In many ways there are many diabolical practices in the modernization and updating.’

Prayer is not important to many in your time of life, because mankind is too busy structuring important plans to benefit them financially, even when these plans are diabolical in

essence. Children are being misused by encouraging them to become involved in the diabolical financial marketing.

Yes, you do live in a time much worse than Sodom and Gomorrah. Some might say: ‘These are modern times; we are more liberal. It is not heresy. It is not promiscuity.’ I say, ‘It is demonic, diabolical, satanic, and everything is being used to direct mankind to disobey The Commandments of God, to belittle prayer, and to look forward to great things rather than to see the beauty and stability and honor that was not just expected but encouraged in spirituality.’

I have spoken so much in this Beautiful Teaching Miracle and I am always privileged to be able to participate. The Greatness of This Miracle possibly will not be recognized in your time, but the important thing is, It be spread throughout the world and give mankind the chance to see the Value of It, the Reasoning in It, the Logic, the Love and the Hope, to better understand the Degree that The Father loves man, to send such an Instructive Gift of Love to man. So be it.”

SEPTEMBER 15, 1992 AT 10:15 A.M.

GOD THE FATHER

“Within man’s physical and mental, I have given man the ability to learn, to retain, to understand, and be able to use the abilities absorbed to perpetuate areas of life that will enable the individual to live a fuller life in many ways.

Knowing the innate challenges, interests, goals, desires to accomplish that are derived from the initiative and capabilities that were part of what I gave mankind to work from, work with, I also gave mankind a Soul. This Soul is a Portion of Me, not understandable by many so-called learned men and women, but they must not forget that as I Am A Mystery, so is My Generosity, My Reasoning, My Way of Doing Things.

The Soul is Important because the Soul constantly reflects, through My Divine Light, the individual child’s condition of purity and/or lack of purity. Please do not pass this Statement of Fact off and say, ‘It cannot be.’ IT IS.

Man's lack of Faith in how I work is sometimes distressful to Me, because the will of the individual decides to use the freedom of the will to satisfy human weaknesses, instead of standing firm on obedience to My Commandments.

My Commandments are not past History. They will always be the Constitution for the Strength, Force, Energy, Example, Truth, of what True Christianity is all about.

If I did not love mankind, why would I have bothered to give mankind so much?

I Am A Loving God. Your ability to even use the word comes from Me.

I Am A Giving God. Your innate ability to give and to receive comes from Me.

I Am A Generous God. Your acts of charity, hope, love, Faith, comes from Me.

This Miracle is a Miracle of Hope because It has, in so many ways, so many times, taught in the most finite way, the Beauty of the Soul, the Goal of the Soul, and the Magnificent Gift

It is, because of My Special Love for mankind.

When I hear anyone say, ‘This Miracle cannot be,’ I do not just get upset, I get angry, because it says I would not talk to mankind, I would not care enough to communicate, because of Who I Am. Think about this. It makes more sense that I would. I have in the past, at the time when man desperately needed Direction, when I gave Moses My Commandments.

Yes, I have chosen *a very small, delicate instrument* this time, because I knew she would be obedient, handle the responsibility, and use her love, her strong will and her innate Faith to stand up for what she knew was Truth.

I also add to This Message from Me: As I cast in stone, My Will, My Directions at a specific, special time before this, I cast Them in writing for mankind to read, absorb, follow, obey, and understand what I want man to understand, that My Commandments must be obeyed and I cannot tolerate the sinfulness that is so ugly and prevalent throughout the world. So be it.”

SEPTEMBER 15, 1992 AT 3:50 P.M.

OUR HEAVENLY MOTHER

“When I stood at the Foot of the Cross, I felt as any Mother would feel, a terror for My Son. I felt pain, I felt all the things that a human being would feel. I felt sorrow, even though I knew that what was occurring was to be remembered in mankind’s way, to bear a Special Meaning.

Sometimes when sadness comes, due to harmful ways of others, the wrong in it, the injustice in it, the lack of humility, respect, is intolerable in human measure.

When this Beautiful Teaching Miracle was handed to the world, the beginning was not easy on this *little one* through whom I speak. Time did not make it easier, and I must say more time will not make it easier.

There is so much Purpose, Reason for All that has been given through a small voice, through a small body. Men in high places will find It difficult to understand, because they cannot relate to It. They are educated on the very subject, and they feel even

to greater degrees. They feel more knowledgeable.

I, your Heavenly Mother say: 'Point out to them that sometimes the most simple lesson, article, information, can be the most profound way of saying something, such as, in a time of need someone says, "*God bless you.*" It many times means more than words could describe. It is not just a caring thought, it is a direct request, and all those involved not only appreciate it, not only recognize it as the ultimate request, but feel security and feel that God will bless them, because of the very words spoken.'

Now, if mankind truly feels that these words are important, then it is logical that when man reads the Words We have dictated, the simplicity of All that has been given, is obvious that a Supernatural Love had to be involved.

As you know, there are millions of people throughout the world who are basically good people, but do not have the companionship of others who are as genuinely good as they are, so the other person's words, presence, involvement, sometimes has a very destructive force and takes away the

gentleness, the genteelness, the love, the hope, the Faith and the beauty in the relationship.

The Father has given so Many Here the privilege of delivering in a simple, loving form, Instruction to help all of mankind to become closer to The Divine.

There are so many who cannot read, and they, too, need What has been given. There is a question: How can they be reached? Man talks about so much illiteracy in the time when education is prime, handing the Words to some would sound like a useless measure of doing things.

I want you to think of yourself being one of these poor Souls, and ask yourself how you would want to have These Lessons, These Teachings delivered to you.

The blind, We have requested they be given their method of learning, but now there is a tremendously large segment of illiteracy. They cannot read, and yet many of them are highly intelligent in understanding what is spoken.

Because of your desire to share with so many These Beautiful Messages of Divine Love, it is important that you think of those who cannot read, and perhaps, with a few prayers for guidance, you will find some door, maybe even a window, that will help these children of God know He is this close to them, they are not forgotten.

I do not give this Message to make your burden heavier, but because We see a tremendous need, in spite of all the modern methods of communication. Morally, if These Messages are instilled in some manner to those who are illiterate, it will give strength, because they will understand and they will be grateful, because as it is now, if you said '*God bless you*' to one of them, they would feel it within their person and the Soul would respond to the words. Now, they may not be able to read These Words, but the spoken Words they will understand.

I bless you with a Mother's Love and I repeat: 'I stood at the Foot of the Cross. My Heart was broken because what I saw was hysteria, cannibalism, and a form of illiteracy, a form different than I have spoken about, but the savagery was unbearable. Yes,

there were some who had a sadness within them, a horror of what was happening, but then there were those who were too weak to stop it.' So be it."

SEPTEMBER 16, 1992 AT 1:27 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. This Miracle that has passed to the world so much Direction is Special, because It has given Lessons that many men would never have allowed to be given.

Men stand firm on what they have learned. The rapidity that has been passed through *this woman*, of difficult Phrases and Subjects, not the type that would be in ordinary conversation, gives to the world a Special Love because It is not ordinary. What This Miracle has given is extraordinary.

All classes of mankind need This Miracle, need to know about It, need to see the Beauty, not just because It was delivered in their day, but the Quality of Each Message, the Importance of Each Message, the Love in Each Message, and the privilege that It would occur in the time in which man lives, a Special Blessing.

Mankind tries to ignore Something that in many ways requests

man to change the direction he or she is going. Mankind omits the emphasis on a pure state of being, a pure state of thinking, a pure state of action, a pure state of obedience to God's Commandments.

I have spoken much and I am ever ready to speak more. All of Us Here are trying to have recorded What The Father Wills, because of the Precious Gift of life to mankind that holds within it the Soul.

Before this time man truly did not know the Magnitude of What the Soul consisted of. Man mentioned the Soul and had a very complicated description of It. It is not complicated; It is a Precious Gift of Love, bound to God, bound to man.

I bless you with God's Love and I say, 'If you had a precious jewel, besides its monetary value, you associated this jewel with a special person, a special time, a special event, you would treasure it.' I, Saint Catherine of Siena say, 'Each human being carries within themselves the Greatest Jewel.' Remember What I have spoken. So be it."

SEPTEMBER 17, 1992 AT 1:25 P.M.

SAINT KILIAN

“I am Saint Kilian. I have spoken many times in forms of conversation through This Miracle. Mankind has a way of sloughing off, disregarding what is obvious to them, because they do not want to be critical of the laxness in Spiritual circles that are so important.

There are thousands of men and women who are accepting any form of Spiritual practice because they have bulked all things together, losing the necessity of more respect that is due in certain areas of acts pertaining to prayer, and to the manner in which specific times and specific items are the object of specific attention, even adoration.

Many of Us have spoken much regarding the laxness, and that mankind should become more aware that familiarity is definitely a wrongful manner to practice where The Beloved Sacrament bespeaks The Sacrifice made for the good of man. Too many are taking for granted this

Specific, Special Act of Love. It is being mistreated in more ways than you can conceive. It is a Precious Gift, a Personal Gift. It is allowed to be, because It gives Spiritual Strength that nothing else can give.

Mankind has relaxed in so many areas: prayer for one, respect for the Gifts The Father has given, and many more I will not go into now. Children are not being taught properly, correctly; they are not being corrected when they are present in the House of God.

The church, as you know it to be, is the residence giving the opportunity for you to visit, for you to pray, for you to partake in a formal way, honoring All That He Is.

Man forgets that he and she are creations of The Father, forgetting the privilege of what human life truly is. There is more to the physical than man fully understands, but just because man cannot see the Soul does not mean It is not there.

Some men say, ‘How can a savage have a Soul?’ He has a Soul. The environment he was raised in does not deny him this, but even in his culture,

there are things considered right and things considered wrong. The Soul is the Victim or the Victor, according to the will of the human being. What a Responsibility The Father has allowed to be. But think about this: This is the Foundation that gives strength to all the decisions that are concerned with the right or the wrong, by the individual.

A different type of Lesson perhaps, One that will have to be read many times, but I hope you will remember one thing: In the House of God, respect must be returned to it or it could be taken away, because The Father has a past History of taking what is being wrongfully used and starting over. So be it.”

SEPTEMBER 17, 1992 AT 2:26 P.M.

SAINT CECILIA

“I am Saint Cecilia. There is so much happiness Here in the Heavens when children respond to truthful statements that are difficult to speak out loud, because of the obvious unkindness that must be divulged, but truth must be spoken, for soundness is based on truth. Sometimes truth has to hurt because it attacks the thinking, the speech, the way of those close, or those who are loved much.

If this is difficult for mankind, imagine how difficult it is for The Father when He is upset and has to reprimand, in His Own Way, a child, or children who are acting impurely.

One of the reasons This Beautiful Miracle has been given to the world with so much Instruction, so much Direction, is to avoid The Father having to show, in His Way, that things must stop.

Man goes on and on, man goes deeper and deeper into sinfulness. It is almost as if mankind does not believe there is a God Who watches

over everything, and that there are His Commandments; also, that These Commandments are not to be ignored for any reason, in any manner, for any purpose.

The world has been given a Great Gift of Love. Now it is up to a small number of human beings to spread this Love intentionally, directly, not concerned, not worried in how It will be received. Do not forget, every human being has the ability to see right from wrong, and each one has a Soul.

It is sadness to think and even more sad to know, that many human beings never even think of That Portion of themselves, the Soul. Some might feel that if they concentrate on having a Soul, it will stop them from enjoying life. Not so. If you were a Soul, would you not be happy being part of happiness? Of course, when it is Pure happiness. God has never said to mankind, 'Human life must be dull, human life must be so dedicated every moment of the day to thinking about Me.' Where would the freedom of the will be?

This Miracle has been sent to the world in such a beautiful way, for such a Great Purpose. Enjoy The Miracle, for All of Us Here enjoy and truly love being a Part of It. It is a Miracle giving you the privilege to share with others, God's Love, All of Heaven's Love, and the knowledge that no one stands alone in the world, because within each human being there is a Portion of God, the Soul. So be it."

SEPTEMBER 17, 1992 AT 4:20 P.M.

SAINT POLYCARP

“My beloved children, I am Saint Polycarp. In announcing My Name, some will say, ‘I know of Him,’ and some will say, ‘I have never heard of Him.’

There are so many Beautiful Lessons that have passed through *this instrument*, for mankind to better understand the privilege of being man. Some will say, after reading so much that has gone before, ‘It amazes me that The Saints keep speaking; it appears we have so much now to follow in our daily ways of life.’ There could never be too much, because of the many cultures and the many different creeds.

Mankind does not realize values unless it is monetary or physical, something he or she can associate with. Man’s Spiritual Goals should be of the highest degree, and in order to reach the Ultimate, mankind should evaluate all personal activities, entertainment, friendships, work areas, on what each

thing will eventually do when the effects register within the Soul.

It is easy for mankind to determine monetary values because it is uppermost in the mind in daily living. Now I ask you, 'On a scale of whatever measure you decide, how would you grade your morality, your sense of justice, your degree of purity, your obedience to God's Commandments?'

Ask yourself also, if you were standing in a crowd and you were to give a speech on morality, where would you begin? What effect would you have on those who were listening? How many would stay and listen? How many would walk away? How many would determine the value in what you had said or were to say? Look around you as you walk in your daily way, as you look at others; are you able to determine the state of their Soul, the state of their morality? Even those you meet at the church you go to, what do you see besides their Act of Faith in being there? What do you feel about the genuineness in their Spiritual belief?

God did not mean for man to judge man in such a diligent manner,

but God does want every human being to be aware of the condition of his or her own Soul, and the importance of example that should radiate for the benefit of others' Souls.

There are so Many Here in the Heavens Who want to please The Father because there is so much moral devastation throughout the world. It is important for mankind to not refuse leadership in moral values, moral codes, but to take stands and allow others to know for the benefit of each one's Soul.

Think of the time Moses walked the earth. Do you not think he was tired as man? Do you truly realize the responsibility that was handed to him? There was no turning back for Moses, there was too much at stake. There were Souls that could be lost if he did not take a firm stand.

It is not easy, obedience to The Father's Will, but the results are beyond anything mankind can comprehend: the Glorification of Souls through the Salvation of Souls, and the happiness that radiates Here in the Heavens.

Man has more than instinct; man has a conscience, man has a sense

of justice, a sense of right and wrong. These Gifts alone tell mankind he walks a special role.

Some men say that someone else is too ignorant to understand. Many times this is not so. Many times it is the person who makes the remark does not care about taking the time to explain, the time to be example, the time to express sincerity, so the quickest remark to avoid any responsibility is to make a remark diminishing the other one's manner of life.

The Father, through This Miracle, has given so much Love, has given so much Hope. Logic should tell mankind that such a Miracle as This One has to be backed by a Tremendous Amount of Divine Love. So be it."

SEPTEMBER 21, 1992 AT 10:50 A.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. I come through This Miracle because *the instrument* The Father uses is the catalyst to pass many Instructions for the protection, the benefit of the Souls that are present in every living human being.

I hold her in deep ecstasy because of the physical condition that is present. Exhaustion is a light definition for her physical being. When mankind says, ‘In some form of work, physical or mental, there is bound to be a tiredness associated with it,’ but when *a child* is in constant obedience to such a Phenomenon as This One, there is a tremendous toll on the whole being, because of the Type of Power that is used. It is not natural but Supernatural.

There is no man or woman alive who could fully understand the Magnitude, the Full Purpose for this Magnificent Miracle. It has introduced to all who could listen, and all who will read the Messages,

so much that is Important for the Spiritual life: Benefits, Direction and Accomplishments, for man to understand more, because of the Importance of the Soul that each one is the custodian of.

Men in places of powerful control oftentimes do not fully understand the tremendous amount of important issues that should be related to those to whom they are responsible to report such important information. Most times man becomes so obsessed with ordinary details of the occupation, that the fullness of the position is never seen. Many things are set aside for others to be concerned about.

The Father has sent This Miracle to the world to enlighten the whole world regarding certain issues that will be beneficial, and give more understanding to the reasoning and the necessity for obedience, moral obedience to the Constitution for Christianity, God's Commandments.

Mankind reads many forms of literature. Some men and women find particular subjects not just interesting but overwhelming, and they delve into these subjects thoroughly, or I should

say, to the point where they can either handle it or it is merely available.

Timewise, let us go back 3,000 years. A man is remembered because of his important task, responsibility. Everyone knows His Name, or should know it, 'Moses'. He was handed the Constitution for which Christianity would be based upon. As he listened to The Demands, his attention, his feeling of responsibility never wavered one trillionth of a degree. He knew, as *this child* through whom I speak knows, that Profound Truth has such a solid degree of Truth in It, Fact in It, absolute Knowledge in It, there can be no question of Its Validity, of Its Greatness.

Mankind, in many periods of time, uses laxness in obedience, claiming that the times have changed the meanings of such Strong Rules. Not so. You, as many others, as in many other times, live in a whirlwind of all sorts, all degrees of impurity, sinful acceptances, and much disobedience, much ignoring of the Greatest Constitution that man has ever been the recipient of. It is the Greatest, because It was delivered by The Father.

Mankind bases so many things on weakness of the flesh, a lack of proper teaching, a lack of proper conditions he or she was exposed to, or are exposed to at the present time.

In My day, I would have spoke out more harshly than I am today. By harshly, I mean my physical presence and speech would not be soft. I could not have allowed those listening to feel no strength in my expressions.

Right now many men are planning devastation, through degrees of acts of power against other men and women. Right now thousands are involved, perhaps millions even, in immoral thoughts, actions, decisions. Sometimes We Here in the Heavens wish that a Loud Voice (God's) would interfere and stop the horror that mankind is doing to his or her Soul.

The Father's Way is different. He oftentimes says to Us: 'I have given man a will. I have given man My Rules. I have given man the knowledge of morality. I have given man hope. I have given man everything to follow that is important for man to see the value of. I did not offer man a will; I gave it. I did not offer man a Portion

of Me; I gave It. I gave man a brain. I gave man all he is. He is never alone; I am always present within him or her. When I say “man”, it is a general term of descriptive use, for it encompasses mankind.’

It has been spoken so much that you live in a time comparable to, or worse than, another notable time in History, but I add to this: You have the power within you, you have the knowledge within you, you have the strength within you, you have the ability within you to stand up and be counted because of what you know is Truth, what you know is God’s Will, all based on what you have learned through This Beautiful Miracle that has not been afraid to divulge Important Facts, Important Information, that many men who have studied books try to deny the simplicity, because they have learned it through the versions, the interpretations of others.

This Miracle has come to the world, blessing the world with Strength, Information Cast In Stone, for the Information Is The Foundation For Sainthood. So be it.”

SEPTEMBER 22, 1992 AT 1:50 P.M.

GOD THE FATHER

“In the midst of mankind, on this day I have taken *this child* of Mine to a high mountain. On this mountain there were no roads, there were no paths, for her to be able to use to walk away from Me. I saw to this Personally. I described much to her in ways I knew she would fully understand, so in the human way she could pass It All on to other men.

I took one other to the top of a mountain. It was different than this time in your day. What I Delivered to her was an explanation of some of what I gave Him that particular time in His day.

Her physical littleness and her delicate nature that I have complete control of, was in many ways physically weakened by What I had to say. She said, ‘God, many will disagree.’ I smiled at this for He too, the other one, said the same thing to Me she said.

The topic of what I am about to speak on at this moment is ‘Tradition’, and how many times man,

in his eagerness to control others, uses Tradition as a strength of position.

Ask yourself: How much of your beliefs, your actions, your habits, your routines, your rules, your obligations, your heritage, your daily practices or practices devoted to particular times, your family involvements, your businesses, your eating habits, your social practices and involvements, your educational choices, your Spiritual practices, are based on Tradition handed down through time, even hundreds of years?

Mankind does not realize the power Tradition has, even in medical beliefs, the raising of children. Tradition, in many ways, has a countless number of strengths, demands, unwritten laws, binding it to man. Moral obligations, family obligations, religious obligations, obedience to those in authority, and much more, can all be termed 'traditional'.

My Commandments, as the Constitution for Christianity, are the basis for all moral judgments. When I had that Strong Man on the mountain with Me, I not only delegated

responsibility, but I discussed the responsibilities I handed to Him.

Thousands of men, women and children were elected to accept My Rules in a number greater than the number you were taught to accept. *Six hundred thirteen* Commandments are not a false statement, because in the explanation of the moral judgments attached to My Commandments, I designed and deigned it to be descriptive, so there would be no misunderstanding when an order was given.

What a little one I have chosen in your time, to stand against the odds that I recognize will be. Do not forget that Moses was the Leader, the physical leader, one man I entrusted all these things to, to stand up to all the personalities, all the differences in values, standards, moral obligations.

Three thousand years later I come to the world. I have stood her on a mountain. The small body shook with terror, with obligation, knowing as Moses knew, the weaknesses that would spring out of nowhere, and try to control the situations, the issues, the manifestations, and all the troubled

areas that would occur. It is easy for mankind to be critical. He feels he does not have the responsibility to stand in strength.

At the time when I elaborated to Moses on what to expect, He too shook with terror, with fear. He too said: 'You know they will resist; they are set in their ways. They do not want to be told what to do.'

I commanded Him, as I have commanded this small body a long time ago, long before man heard about This Miracle of My Love, that I was giving to the world through such a *small instrument*.

Moses was to teach control, and handle all of the problems, moral issues that would occur. There were times when He felt gentleness was the way it should be handled, and there were times when He felt verbal strength had to be obvious, because of the obstinacy, the egoism, the fears, the selfishness, and many other things that would be deterrents against the good that was to occur for the benefit of many.

Needless to say, there was a tremendous lack of understanding

amongst the people, regarding His responsibility and His obedience that He professed came first to Him. He realized it would be difficult for them to understand What He had been handed as The Commandments to be passed down through time in such a concise form, yet each Commandment holding within its own degree, tremendous areas, in which man would be involved in, in which man would resist to obey. Each Commandment I elaborated upon to a degree that man could normally understand.

Man can only retain a certain degree of knowledge, a certain amount of words. When mankind memorizes a part, a play, a story, it takes the individual time, and that is why This Man was with Me for such a long time. I could not allow Him to leave until He knew by heart what He would be confronted with, and how He would have to handle it, to instruct them in the Importance of what was correct for them.

Just as in your day, there are many who walk the fence and say, 'I guess what I heard was true, but then, on the other hand, it does not suit my way of life, my needs; I have

a different personality.' Mankind is guided by background, greed, lust, anger, personal temperaments, goals, education, family ties, values, standards, because mankind places much emphasis on the physical aspects of daily living, monetary aspects.

At that point, when much had to be taught, insisted upon, and no leniency elected or allowed, those who began to see the Value of what had taken place, they stopped resisting, and yet never did their will not have a tremendous part in how they lived at the time.

Many Traditions had to change. This was difficult for some. Other Traditions had to begin. This was difficult for some. Tradition, when it is sound, basically good, has a tremendous power in it, to have beautiful results. When I took this *little one* to the top of the mountain, I described much, and in the innocence of her love, in the reaction of obedience, the responsibility was accepted without question.

I have given the world another Great Blessing through this Miracle of Hope. I gave The Miracle to Moses

a long time ago, and through That Miracle, It was a Miracle of Teaching, of Love, of Hope, because at that time mankind was in great turmoil and headed for total disaster.

I have repeated My Love for mankind in your time. I have blessed the world with a Miracle very similar to That One a long time ago. At that time, and this time, the Goal is to save Souls. So be it.”

SEPTEMBER 23, 1992

OUR HEAVENLY MOTHER

“As I speak through *this child* in the world, she truly walks with My Name on her lips at all time, because you see, I watch over all children every moment of the day, every moment of the night.

When you pray, you must understand the prayers are heard, and when you send ‘special intentions’ be aware that they are heard to the degree that We know is necessary.

I am your Heavenly Mother. I come through *a small child* on this night, with a Love beyond human love, a Love that is Direct and Bright, a Love that has given so much for you to better understand the Beauty of God’s Plan within each of you. You must understand that to walk the human role is a privilege given by The Father.

You must understand that there are many men, women and children throughout the world, who do not understand the privilege of human life. In so many ways, their body is

being desecrated by others, so they do not know what to understand or what to believe, or how to handle the situations as they come, because you see, they walk in fear constantly.

You have the privilege and you have the ability to pray for all who are put in this terrible way, this terrible position, this terrible defensive place, defending their honor, their life, their way.

I hold *this child* deeply, for if I did not she would collapse. The body has taken a tremendous toll because of the responsibilities daily.

The Father constantly passes through This Miracle much Information, for the benefit of all who will listen, all who will read. The Father says, 'Be sure You do not let This Miracle alone for one minute.' We don't. There are Many Here Who stand in line, waiting to express not just an opinion, but a Direction for *a child* to pass.

I hold her tightly. I will describe to you a Vision. As I hold her I smile, because she must always tell you how I'm dressed. I am in stark white. The Crown on My Head is full of emeralds.

The Crown, though it appears heavy, to Me it is light.

I am standing amidst several statues. I am much shorter than they. She is looking at their height. Each statue depicts a Saint. What a child The Father has chosen; she said, ‘Ah, it would be terrible to see The Saints as stone all the time.’ I smile at this, for she is so accustomed to Our Presence that her input is automatically injected.

She is counting the statues. ‘There are thirty-two,’ she says. I say, ‘That’s right.’ She asks Me why I wear an emerald Crown. I smile, for this Crown has a great significance. The Crown is hope. ‘The Crown,’ she says, ‘is so beautiful.’

(Her sandals are white, Her mantle is white. The statues appear all white. They are very tall. Some are very broad.)

As she continues to look at the Vision, I will pass through her more Words.

When you are asked to say a prayer on behalf of another one, please do not forget the prayer, for

We wait for the prayer to come. Do not say, 'Oh, I forgot.' It hurts Us, for We feel that other things are on your mind, and We know the need, We know that someone is depending on you at a particular time.

You are loved in so many ways. It is proven by All the Words that have passed through this *little one* in the world.

Moses smiles, for He is one of the statues. She says, 'But He's so big,' and I smile and say, 'Yes.' She is looking at Saint Alphonsus Liguori, and He is smiling. She is questioning Me how the statue can smile. I smile at this, for you see, They are not really statues like she knows statues to be. It is truly The Saint she is looking at, but in her eyes everything is always to the minutest detail. Those of you who work with her and know this, know that it isn't just a manner of being particular; it's a case where there is a demand that it be absolutely right and well-done.

I will have to release her slowly because the body is very tired. It will take at least three days for her to be

released totally, for if I did it suddenly, the body could not handle the release.

Those who believe in the importance of morality have a great strength within them. Those who sit with their feet hanging over a precipice, challenging whether they will decide to accept morality or immorality, walk in such danger, sit in such danger, live in such danger, and have no strength. This is a sadness for Us to see, for We do not like to see anyone jeopardize their Soul for the thrill of a moment, the excitement of a short time, or to get their way, feeling they won the point, the argument.

I will release her slowly, but as I do I bless you with My Love. You are privileged through your Faith. You are, in your language, 'the lucky ones'. So be it."

SEPTEMBER 24, 1992 AT 3:50 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. I have been waiting until this time on this day, to speak, giving a Message I feel is of Great Importance.

So much has been delivered through this *small instrument* of The Father’s, so much Direction, helping mankind, all races, all colors, all creeds, to better understand the Supernatural, and the Generosity of The Father. There has been only one time in 3,000 years that such a Great Amount has been handed through one human being.

I am not saying that this is the only time The Father has permitted such Personal Direction, but in this in-depth Formation of Words, He has and still is passing to mankind, more fullness in understanding the values connected to spirituality that involve daily living; plus, He is informing mankind of the Importance of the Soul that He gave at the moment of conception.

Rarely does man fully understand the Full Importance of This Gift of God to man, because there has been so much interpretation, theory. At this time, in the year in which you live, so much is being explained so that mankind will better understand not just the Importance of being human, but the Beautiful Gift placed within each human being, that is a Portion of The Father.

This Factual Information should give all of mankind a new understanding of why it is so important to base all things on sound moral values and sound moral standards. Knowing What the Soul Truly Is, in some way, should put a fear in man, so each time a decision is to be made, an innate protection of the Soul should take priority, and then the decision, or decisions, be based on protecting the Soul.

There have been so many changes in the later years, omitting the beauty of dignity, the beauty of respect for the physical life that The Father intended to be, because of the Importance of what mankind was created for, and that was to return to Him for All Eternity. It is more than a drive for

modernization, because We know it is the enemy of God and man, using all means, all measures of weaknesses in man, to destroy the Purity of the Souls in mankind.

Many times We are present in a place where children of all ages are being forced into the wrong idolatry, into partaking in desecration of the human body, or in some form, causing self-destruction to the physical or the mental, through a means or a substance, harmful.

When mankind chooses to eat a particular type of food, he would automatically worry if he knew that it had a poison in it. He would react by refusing it. How many times does mankind absorb different types of poison, morally, mentally, physically, spiritually, and think nothing of it?

I love This Miracle, not just because I had the privilege to be the One that was given permission to inform *this child*, but because This Miracle is constantly, consistently encouraging all races, all colors, all creeds, to see the fullness of why they were created and what is available to them, barring no one.

So many times The Father has blessed This Beautiful Miracle of Divine Love, and so many times He has allowed Us to speak through the Soul of this *little instrument* who is ever aware of Our Presence.

The Words must reach millions. We All stand by and listen to how the concentration on this effort is a continuous concern. We will help in every way We can. You have My Word on this, for you see, We too want The Father's Will to be fulfilled, for all Souls to come Here. So be it."

SEPTEMBER 25, 1992 AT 12:13 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. There is much dissension in Religious Authority. Many men try, in many ways, to ignore and have others ignore This Beautiful Miracle that has been passed to the world by The Father. There is much personal dissension amongst men and women in not just one denomination, but several. The matter of personal expression is bigger than most people know or understand.

At this time there is so much egoism, personal pride, personal interpretation, personal grasping for places of power, all areas neglecting what is important to the people who depend upon the men who are in charge of the different Religious Organizations. They are trying so hard, I mean those in charge, to justify, to simplify the act of liberal communication that they are not just condoning, but leading the congregations to accept false doctrine, false participation.

I walked in the world. I walked in what man terms 'the priestly manner'. The real responsibility in this stature of vocation is monumental, for thousands of people look to this area for truth, for guidance, for strength, for help.

It is sad for Me to say, 'There is so little value to what is occurring in this time in your day.' I do not say that all who came before this time were all pure of mind, spirit, direction, and personal living, but I do say, 'So much degeneration in purity is evident, and it is causing much more desecration than shows.' Children are being misled. Many are being allowed to be immoral, justifying it because of personal association.

So much is being taught so many different ways, telling mankind what is correct, what is beneficial, and how The Father wants man to act. I have spoken many times. I have delivered many Directions to support The Father's Will. Many Saints have spoken, concurring on different subjects. Mankind is not listening.

The amount of Bound Words you have now are minute, and too few

people have access to Them. You must use your intelligence, you must use your abilities, and you must see to it that the Bound Words are spread, no matter what the obstacles occur that look impossible to conquer.

I hand This Message through *the instrument* of The Father's. I hand It because of the Importance that is involved in many ways, ignoring all obstacles, and being diligent in giving It even to those who try to ignore It.

The Father's Will is to save Souls. Man's will is selfish, self-gratifying, and in many ways, would spend monetary measures on anything but the Word of God, even when these particular people oftentimes shout, 'God is not listening to me.' In reality, they are not listening to God. So be it."

SEPTEMBER 25, 1992 AT 1:30 P.M.

SAINT AGNES

“I am Saint Agnes. Logic would tell mankind that the Value, the Importance, the Truth, and the Manner in which so much has been given to the world in a relatively short time, that there is much concern for the Souls at this time.

In the twenty-five obvious years that This Miracle is recorded, the morality has obviously declined, and mankind has grown deeper and deeper in ignoring The Commandments of God; also, ignoring the importance of respect, duty, and understanding what human life is all about, and that human life is not in the same category as animal life or vegetation in all the states of its existence.

Theologians do not have the full answers regarding the full definition of what God intended, and how He intended spirituality, Faith in Him, and the definitions of so many Past Historical Deliveries. In so many ways theology complicated much definition, and This Statement will irritate, anger,

disarm, and cause some theologians to cry out 'Impostor'.

The child through whom I speak is not an impostor, but a *Victim Soul* for the Souls of millions of mankind. Not easy for her to repeat My Words, but I must say Them, for We are aware of how much injustice she could be accused of because of man's egoism, and such positiveness in his, even other determinations. By other, I mean some women who are deeply involved in theology.

When Christ walked the earth, His Messages were simple and directed to the time in which He lived. The terminology was of that time, but in general, It suits the time in which you live when It is interpreted correctly.

It is a privilege for Me to be able to speak These Words of such Great Importance. As I leave you, I want you to understand This Miracle is a Miracle of Instruction, a Miracle of giving Hope, Strength, because it is desperately needed. There are so many men, women and children totally oriented to accepting impurities as a natural manner of living. This must be corrected. So be it."

SEPTEMBER 25, 1992 AT 3:05 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. I know that the amount of time We speak through this *small instrument* takes a tremendous toll on her physical body, but This Miracle that is transmitting to the world so much to be aware of, be alert to, and to follow Important issues, is for the benefit of each one’s Soul.

***The little one* that We use walks in total obedience to Our Entrance. This is not truly understandable by mankind, but the Content and the Volumes of Words spoken are proof to mankind that We are truly giving what The Father Wills man to understand, and to see the Value of It.**

God’s Commandments must be put before the sight and put in the minds of all mankind. True, as They are written so concisely, it is important for Them to be elaborated upon individually, because of the condition of the looseness of moral values, the laxness of moral values, the indifference to moral values, and the

rejection of moral values throughout the whole world.

Many men, many women have such distorted understanding of what is normal and what is abnormal, what is purity, what is impurity. So much is justified that is totally unjustifiable. There is no purity that can be referred to as mediocre in its value. Mankind justifies so many discrepancies, so many misinterpretations, when it comes to the sound reasoning of sound moral values and sound moral standards.

What The Father Wants cannot be repeated too many times. What The Father Desires of mankind cannot be misinterpreted to support man, justifying any weakness.

Obedience to God's Commandments is not just for a few but for all mankind, because it is Important that man's Soul be returned to The Father in a Pure State of Light, ready for Him to accept.

Mankind justifies so much that is indecent, imperfect, unjust, and undeniably wrong. This Miracle has been and will continue until The Father decides It is to stop. The Purpose of

This Miracle is to touch the lives of all races, all colors, all creeds. It is not just for the country in which you live. It is time mankind wakes up to Heaven's Commands, and This Miracle was given to the world to do just that. So be it."

SEPTEMBER 27, 1992 AT 11:10 A.M.

GOD THE FATHER

“I never like to threaten mankind. I try in all ways to alert mankind to the beauty of loving Me, so that mankind will see the Importance of The Commands I gave, that have lasted 3,000 years.

There have been many times before 3,000 years and during these 3,000 years that man has cast Me aside, frivolously acting against all I Decreed should be.

I have just taken this *small one* I use to distant places, showing the devastation that has been occurring in so many places. This devastation, that is difficult for mankind to handle, has no comparison to what satan has planned for man: such ugliness, such demonic pleasure.

My Son suffered for this, and the time in which you live is a great sadness because selfishness radiates, indecencies are constant. Mankind is ignoring My Will and accepting all presentations of impure pleasures.

My Commandments were given for the protection of each one's Soul. Man is ignoring This Precious Gift, because he says, 'It is not Part of God; It is Something I earned.' Not so.

I will speak more at a later time, but I come today to let you know *this child* of Mine is never out of My Sight or out of My Control. So be it."

SEPTEMBER 27, 1992 AT 1:37 P.M.

SAINT JOAN OF ARC

“I am Saint Joan of Arc. I walked a similar path of obedience to The Father’s Will, as *this child* does. I walked with men who fought physical battles. I too had to lead them, and they trusted my Voices because of the logic that was obvious in Its Very Essence.

When I first approached them they were skeptical, because I was a girl and only men fought such battles, but when they realized that the Direction was so Exacting, so Pure in Its Reasoning, their obedience became a common bond between us.

***This instrument* of Delivery at your time is in constant contact, and is constantly aware of the obedience that she must accept because of the reason for it, and that is to lead an army of men, women and children to follow The Commands of God, and to reach the Goal He has for each one’s Soul.**

All of mankind will not agree with her, but she will not falter

because of this; in fact, it will drive her on to do more than is humanly possible, because of the Importance of the Goal for the Souls of the doubters, complainers, enemies, nonbelievers.

We are All always present, because of the Purpose and Cause for which This Miracle was handed to the world.

I smile when I make this next Statement: She took My Name at a particular time of a spiritually formal acceptance (Confirmation). She did not know why at the time, but she does now.

I come with much Love, much Hope, and a willingness to do all I can to help save Souls. So be it.”

SEPTEMBER 27, 1992 AT 3:05 P.M.

SAINT CECILIA

“I am Saint Cecilia. It makes Me so happy to be a Part of this Beautiful, Giving, Constructive Miracle for the benefit of mankind.

There is so much Direction for the good of Souls, for the benefit of Souls, to make man aware of the Importance of the Existence in each human being that makes man special, over and above all other living things and all matter ever created by The Father.

Small children must be alerted, taught, instructed, and made fully aware of how important it is for them to obey The Commandments of God, no matter what else they are taught, or who tries to dissuade them of the Importance of this Gift of Love that was presented by The Father to a human being, Moses, a long time ago.

Mankind should understand that human life has an Ultimate Purpose, and each day should be a day dedicated to striving to become more aware of

the Goal of life: Sainthood for the Soul.

As each human being is different in appearance — even those who are considered twins, there is sometimes a very minute difference — each human being must act as an individual, because each Soul will be Judged individually.

I know it may be difficult for some to understand that all will be Judged differently, but do not forget, each human being has different degrees of Faith, hope, love, interests, habits, intentions, social likes and dislikes, and even the same education is embraced in different ways and different degrees, for different purposes, reasons, and different results.

Mankind does not see the greatness in human life, as it was designed with such a variety of differences in, and variations that just looking at a particular vocation or heritage can dramatize and be judged so differently.

I am so happy to be Part of the Instruction. It is a privilege to help Souls through the knowledge man can

**absorb, because of so much Love from
The Father. So be it.”**

SEPTEMBER 28, 1992 AT 3:17 P.M.

GOD THE FATHER

“SO FEW MEN, WOMEN OR CHILDREN COULD COMPREHEND THAT I WOULD SPEAK THROUGH A HUMAN BEING IN SUCH AN AUDIBLE MANNER, BUT I HAVE BEEN, I DO, AND I AM AT THIS TIME.

MANKIND MAKES SO MANY EXCUSES AND HAS A REASON FOR EACH ONE OF THEM. THE REASON IS ALWAYS WEAK.”

SEPTEMBER 28, 1992 AT 3:50 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. Mankind does not realize What occurs so many times where this *small instrument* is concerned. We call it putting her through, similar to what man does when he plays the game called ‘a tug of war’. As All of Heaven constantly stands by on the Other Side, there is mankind pulling in another direction.

No one hears inward cries of this *little one* who says oftentimes, ‘I know, God, I must not ignore You or Anyone with You, and I do not want to hurt any man, woman or child.’ I oftentimes step in because she is totally, she is fully adaptable to what We tell her is what she must do.

Many men and women, claiming high technology in the Spiritual field, could not withstand, tolerate or handle what this *little instrument* does during a full day’s time. There are many men in the Priesthood who would be so enamored to be counted in This Type of living.

I smile at her littleness, because it has an innocence in it that would be difficult for most of mankind to understand.

Many who have served in what is called 'religious vocations', were finding it difficult to adapt to the rules, regulations, and orderly manner that was insisted upon a long time ago. I can say, 'It would have been a rare one, an unusual one, to take on the responsibility, the humility, the honesty, that this *little one* through whom I speak, takes as a normal way for her to live, never questioning the Messages in What They reveal.'

Many religiously oriented men must read what We have spoken, because if they have a genuine determination to protect the principles of Faith in God, they will benefit much; in fact, more than from any other manner of instruction, learning, reading, or interpretation of what bears so many demands of what they should follow.

I speak slowly through her, for her body is physically weak and has been put through a tremendous 'tug of war' lately.

Mankind talks about personal responsibilities, interpreting them in the context of their living habits and routine.

It is important for every human being to put Great Value on God's Commandments, loyalty to Them, pure expression of Them, and not being ashamed to teach Them. In so many areas of different forms of life, mankind has not just rejected Them but has totally dismissed Them, because of the attitude and the misconception that They do not exist for this period of life.

Let Me say this: At no time has The Father ever announced at any time, through any changes that have occurred regarding man's behavior, that God's Commandments no longer are applicable.

The world you live in has become more impure in the minds, the actions, and example in tolerance, than is understandable to those who value purity of mind, body, associations, and any physical expressions.

I could speak hours at any pace that *this child* would be able to accept, but I am aware that this is not the time

nor the place. What mankind does not fully understand, even those close to her, is that she is constantly aware of Our Entrance, and this alone takes energy from her, because of the need for alertness at any moment of the day and night.

I bless many when they open their mind to the Importance of This Great Miracle of Hope, because in doing this, it takes a distinct feeling, grasp, understanding, and desire to become more spiritually purified in the correct way, for the correct reason.

As I leave, I bless you for the time you take so that My Words will pass to many who, in reality, unknowingly wait for some Intercession, for some Explanation, for some Information, to help them grow in loving God in more ways. So be it.”

SEPTEMBER 29, 1992 AT 2:10 P.M.

GOD THE FATHER

“I have spoken before on this subject. The subject I am about to speak on is ‘infidelity’. It is a word loosely used. It is a word that says impurities, sinfulness, and is definitely against More than One of My Commandments.

Mankind has a way of minimizing sins against My Commandments, even in some cases justifying or making excuses where they are evident and practiced continuously.

When I gave a Commandment on a particular subject, if the word was a simple word, I had many meanings for the word, but mankind, in so many ways diminishes the full meaning; simple words like kill, steal, adultery, false witness and others.

Through This Beautiful Miracle that is teaching so much, for mankind to better understand the Precious Gift of human life and the Purpose for which it was intended, because of the Soul that I Personally placed, and continue to do so in human life.

All through time, theologians have arrived at decisions according to their determinations, many times ignoring what I meant regarding the subject matter. Also, man does not have the ability to fully comprehend, to interpret to the fullest, My Words, unless an individual is chosen by Me to be able to define the full meaning.

Mankind, even though he is a special creation of Mine, is not fully, totally aware of interpreting for Me in My Name, the Fullness of What I Have Given.

Infidelity is rampant and has always been so. Man makes a multiple of excuses on this subject, always allowing human weakness as justification for infidelity.

I will speak more on this subject. It is not one that must be handled in a light manner. My Will must be observed, obeyed and never forgotten in any action that involves My Commandments. So be it.”

SEPTEMBER 30, 1992 AT 11:14 A.M.

SAINT ROSE OF LIMA

“I am Saint Rose of Lima. Man does not understand the importance of purity of mind, body and example. Many times when some men explain purity, it can be termed ‘a paradox’. So many men feel they have the ability to explain the Importance of what life is all about. In reality, throughout the whole world, it is such a small number; in fact, it is so small that if man were to measure it in one of his common expressions of ‘rating it from one to ten’, it would barely rate one.

When a man seeks power on any subject, he is not always fully capable of the full degree it entails. Many men and women in high places of authority are blinded by the authority and weak in the intelligence or the ability that they are responsible for.

This Miracle has been teaching for a great number of years, and yet there are still those who do not just deny It, but who are in some ways blaspheming It, because of their own

egoism or their own inability to see the Magnitude of What Has Been Given.

I, Saint Rose of Lima, feel it is a privilege to speak today, because This Miracle, in Its Greatness, is giving to the whole world of mankind not just responsibility, but the means and the way to become Saints. What does Sainthood mean to man? It is talked about, but does man truly understand the full meaning that is meant when the words ‘the Salvation of the Soul’ is spoken openly?

Children are not being taught the privilege, nor are they being taught the responsibility, nor are they being taught what God expects of them individually. Mankind is complaining but doing nothing about it. Mankind has more interest in personal power, personal gain, personal advantage, personal acclaim, than man ever thinks of the Importance of the Soul.

I want you to know that a Supernatural Love is constantly delivered through This Great Miracle. So be it.”

SEPTEMBER 30, 1992 AT 2:20 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I have once again received permission to speak to a group who would take the Words down that The Father is allowing to be written, so that thousands, perhaps millions, will read, will follow, and become closer to The Father’s Will for the benefit of each one’s Soul.

Many men, women and children are not aware of having a Portion of The Father within their being, called ‘a Soul’. Even when most speak about a Soul, they do not have full realization of Its True Existence, True Being.

As I speak through This Miracle of Hope, it is to teach mankind the Importance of what human life is all about, and the privilege man has to be the custodian of this Special Gift of The Father, a Soul. Some men who have studied theology cannot relate to being the possessor of such an Important Portion that is truly a Portion of God. They say, ‘It cannot be so.’

I, Saint Alphonsus Liguori, have spoken much through this Beautiful Gift of Love, Designed by The Father, continuously watched over by The Father, because there were so many Important Revelations He wanted mankind to be aware of, to better understand, because of the Importance of human life. If mankind will see the Value of this Great Gift of Love, man will better understand the necessity to obey God's Commandments.

Just one of the greatest sins in the world today, that has existed through mankind since the beginning of creation, and that is 'infidelity'. Many times man does not feel this is a sin, but categorizes it only as a human mistake, or even merely a human act to be expected of man; wrong thinking, wrong determination, on this.

Every Commandment has a purpose and, in reality, is not difficult to understand. Mankind argues, debates, and even uses physical violence if he or she is offended in some small way, yet when these same people are told they have a Soul, the Soul is a Portion of God, and they must obey God's Commandments, they can dismiss This Statement as if It

had never been spoken. They cannot relate to It; they ignore It. Why?

As I speak, My Words may not touch some who will read Them, but some who will read Them might be able to gain the strength needed to correct the wrong they are doing, and to protect the Soul that God gave them so this Soul will return to God in a manner pleasing to Him, and with a love that will radiate, because of the one with whom the Soul lived for a given time.

As I speak to you now, and as We Here in the Heavens look into many hidden and even some open places, what We see is not just a sadness, but a horror, because of the desecration to the Souls, but also, the lack of respect for human life, for the Purpose man was created.

So Many of Us have been speaking consistently on the Soul, because of the necessity for the Soul to be protected from impurities and many other disgraceful acts, actions, thoughts, words, and promiscuous behavior that mankind feels is just a normal human part of life. As We said before, many men and women who are

involved in the instruction of others, in the spirituality of others, will deny many things that have come through This Great Miracle.

Mankind rejects The Beloved Heavenly Mother's Prime Position Here, Prime Station of Being, Here in the Heavens. Mankind uses all theory against Joseph, called 'Saint Joseph', as being The Third Person of The Holy Trinity. Let Me say this: They have no proof that These Things Are Other Than What We Have Said Them To Be.

Another issue desperately rejected by some, and that is that each human being has been handed at the moment of conception, a Soul, basically a Portion of God, to one day become a Saint with Him forever.

Another subject many men will fight secretly, some will put it on paper in denial, that theology is not based on theory, but fact. These men and women learned this through other interpretations of it.

I come today to say: What has been passed through this *little woman* in the world is never to be denied by her, or anyone who has the Faith to believe in this Precious Gift of Love

from God, called ‘*The Miracle Of Saint Joseph*’. So be it.”

SEPTEMBER 30, 1992 AT 3:40 P.M.

SAINT ATHANASIUS

“When man goes into a store and he is there for a prescription, the prescription is usually for a medical problem, a physical problem, something to give comfort, aid, hope, and a wellness to it.

I am Saint Athanasius. When a child of any age goes to a church of his or her choice, it is to seek Spiritual comfort, aid, strength, hope. In the time in which you live, because there are so many heresies active, misguiding men, women and children in so many ways, it can be described as ‘a poison’ passed into many areas, nothing that will be healing, constructive, or strengthening to sound Spiritual values, sound Spiritual standards.

In the time in which I lived, the heresies were destructive in many ways, because it was as it is in your time: full acceptance of humanism, ignoring the beauty that sound spirituality based on sound Faith in Truth, sound Faith in God’s Commandments, sound Faith in dignity, and sound knowledge of

what had within it Spiritual strength in God's Will, God's Pattern of Doing Things, ignoring man's interpretation of what was truly based on humanism, rather than the Importance of God's Existence and the Importance of why man was created and the need for man to ignore the humanistic rights that were being introduced.

As I speak, I see many in your time practicing harmful preaching and delighted in minimizing the respect that is due The Father, His Will, and His Purpose for Mankind.

There are So Many Here Who gather around each day, wanting some Message passed through This Miracle, some Paragraph, some Line, to touch someone, to turn them around and encourage them to see the importance of sound Faith in morality, and to hold God above all things, with dignity, with honor, with respect, with love.

I bless the whole world through This Miracle, and I beseech everyone who will read any of the Revelations or Teachings that have passed through This Miracle: practice What you have been taught, look to the value of each thing, and as you do this, remember,

the privilege of being human has great reward to it, in it, for it, and you have a responsibility to use each moment of every day in pure words, pure actions, pure thoughts, pure example, because through this you will pass strength to everyone who passes your way. So be it.”

OCTOBER 1, 1992 AT 11:17 A.M.

SAINT COLUMBKILLE

“There is no moment of the day or of the night that We are not present in the mind, the will, the Soul or the body of *this child* in the world, a woman in terms of age, but a child to Us, and I must say, an obedient child in more ways than mankind understands the full definition of obedience. I am Saint Columbkille.

There are so many times Someone from Here has spoken on the same subject, because of its Importance and the need mankind has to understand the subject matter. The Soul has been spoken of continuously, yet many who read the Words cannot connect the Soul to being a Portion of The Father. This is sad. The Reality that exists in each human being is evident, it is obvious, because of man’s ability to understand right from wrong, purity from impurity, justice from injustice, hope from despair, humility from egoism.

All the innate abilities of mankind radiate sound evidence that they stem

from not just a superior knowledge, but something inborn, innate in the nature of mankind, in the conscience of mankind, in the will of mankind. Also, what would encourage mankind to even speak of the Importance of Faith in a Higher Being? What would help mankind mentally, physically, emotionally, spiritually, if mankind did not hold within himself or herself, in simple terms, 'The Spirit of God' that automatically radiates hope.

I speak through one that appears to all mankind in a natural form. If it were not like this, no one could fully understand the Words, the Meaning, because if there was no human communication, where would the Words come from?

It is understandable in the manner in which the Father Decreed All be given in this form, else man would have to depend upon false prophets, impostors, regarding spirituality, and also those who would speak regarding Faith in God, but their knowledge would come from the writing of many who, through theory and interpretations, made decisions for others to absorb, to follow, and to be bound to.

There are times when We Here see mankind in weakness, in lack of understanding, take actions that in some way diminish this Precious God-given Miracle for the Salvation of millions of Souls, just as in the time of The Son of God, those close had monumental responsibilities, and yet some of them acted wrongly.

All through time, certain men born to the world were politically oriented, and they were not all true leaders because they depended upon their own ambitions, their own interpretations, their own goals, their own theories. You have this in your time, but This Miracle stands above all human theory. This Miracle is for the benefit of all Souls.

This Miracle is, in Its own way, One of a Kind, no matter who tries to put It in competition with any other happening in the world. The one through whom I speak is never competitive, humanly speaking or in this great task of obedience. There is tremendous responsibility beyond man's comprehension. She is never without Us. That does not mean her life is easy. It is far from that. It is a manner of living no human being could

ever understand, except the one who is the victim of such a monumental undertaking.

We reach you through her Soul. The Soul uses the intellect, the Soul uses her eyes, the Soul uses her ears, her voice box, so that All These Messages can be handed down in the Full Manner They are intended to be given, for the benefit of Souls to be returned to The Father for All Eternity. So be it.”

OCTOBER 1, 1992 AT 12:35 P.M.

OUR HEAVENLY MOTHER

“I burn the backs of *the child’s* eyes. It is for many reasons. It is so she will see better that I am present where you are. I burn her eyes with a Love inconceivable to man’s understanding of love. I burn her ears so she will better hear. It has been a long time that We have done it this strongly, this penetrating.

This Miracle is Special in many ways. There is no man, woman or child who could fully comprehend Its Magnitude. A long time ago, when the preparation had to become so intense, no human body could have stood the pain of the preparation that had to be endured for This Miracle to remain, or even for This Miracle to take place. There were many tears in her home, by those who surrounded her, because of the intensity that they saw her endure, the pain that was expressed through every movement of her body.

Millions of men, women and children will gain much understanding because of This Miracle that has been

passed through *one victim* that appears as others appear physically. I, your Heavenly Mother, see the pain, physical and mental, that is inflicted because of the strength that is needed to face obstacles and pressures inflicted by mankind, because of a lack of understanding of The Greatness of This Gift from The Divine.

It is true, there are many being lost to not just immoral pleasures, but through misdirection of those they feel know important decisions concerning Spiritual advancement, Spiritual enlightenment, Spiritual growth, Spiritual gain. So many are being misled because of innocent belief in authority, because they have no one to go to, to give them strength regarding the ability to make correct decisions.

Freedom is a great Gift, but it can also be detrimental when it is not based on moral values, moral standards, moral methods, moral conclusions, moral determinations, moral obligations, moral goals. Much heresy is being covered up by authority. Much confusion in moral rights is based on self-love, self-edification, self-goals, self-preoccupation.

A blind man wants to see. This is a natural desire. But morally, blindness is accepted without question, because it is satan's manner of corrupting an individual spiritually, morally, mentally, physically. Mankind is afraid of enemies. Rightly so. But it seems, no matter how many times man is alerted to the unseen enemy that is ever evident in the world, man ignores the warning and accepts only what is available, many times flippantly excusing himself or herself because of what is available.

We cannot be overly repetitive to mankind because man does not always take things personally, but ignores warnings, easily distracted by what the eyes see, what the ears hear, what the voice box says.

Picture yourself with just a body, no head. Logic says the body would be useless, have no core of intellect, have no voice, have no ears, and yes, no will. Then I, your Heavenly Mother say, 'Be aware that what is in your mind has control of your whole being.'

I will release her slowly for the pain has reached an unbearable point,

but I do not do anything unless it is necessary for the good of the Souls.

I want you to know one more thing: When you hand the Words, it will be up to the individual to apply These Words to their own manner of living, but the Words, the Directions, the Love that is in All of Them, will be felt in ways you could never be able to give lectures on, speeches about, or terms that make you understand, because each human being will be affected by the Words in the manner they live in, the degree of love they have for how God would work, for them. So be it.”
